EXPRESS COMPANIES EXTEND PICK -UP SERVICE TO EAST END OF CITY

Extension of parcel pick-up and delivery service to the east end of the city by Canadian National and Canadian Pacific Express companies was announced DUrry Thursday by W. D. McAra, manager of the joint express offices here.

The extension will enlarge the delivery area to include as far east as Herman* Street on Sixth Avenue and Im- Coal Price In manuel Street on Eighth Avenue. The Seal Cove section, east of Alberta Is Up

those points is not included.

Decision to enlarge the area was made following a request made to the express companies last fall by the Chamber of Com merce. Approval was granted month ago by Harry Herget, express company representative.

Previously, pick-up and deliv ery service had been confined to the central section of the city bounded on the east by the Hays Creek bridge.

Both pick-up and delivery ture caster sockets keeps them services will be on a daily basis turning easily in damp weather.

700-POUNDER IS FARMER'S "DREAM COW"-The proud looks on the faces of Glen Rehn, Andover, Ill., dairy farmer, and "Rog," his 5-year-old Jersey cow, are justified by the cow's remarkable production record for 1947. Official production records for 363 days show that Rog produced 11,143 pounds of milk and 717.5 pounds of butterfat. A cow which will produce 500 pounds of butterfat annually is generally considered good but a 700-pounder is the dairyman's "dream cow." Rog, who was raised on the Rehn farm, has the impressive registry identification of Volunteer Triumph Empress Number 1338374. Rog's best single month of production was May when she yielded 1,218 pounds of milk and 82.8 pounds of butterfat.
