"I KISS YOUR FEET, MADAM"—During their stay in Delhi, the Maharajah and Maharani of Kashmir visited Kashmiri victims of raids and atrocities at their camps. They distributed money, food and clothing. This poignant scene took place after the Maharani had listened to the pathetic story of an old woman who had lost everything. The old woman was given a gift of money and is here shown kissing the feet of the donor.

**What's New at CIVIC CENTRE**

Proving that hobby days are happy days, the new Craft Room was used to the fullest advantage on Monday at the Civic Centre.

A small group of junior boys met at 4 o'clock to start a new hobby at the Centre in the form of fret saw work. With capable volunteer assistance at hand, this enthusiastic group should grow rapidly at future meetings.

In the evening the first meeting of the adult craft group was held to register and discuss the problem of the beginner and the requests of the advanced pupils. Owing to the large number in attendance and also those wishing to register, two nights will have to be allotted for this group. Monday and Tuesday evenings will be set aside for the adult mixed group.

Wednesday afternoons during the Tiny Tots hour and Thursday afternoons the ladies may do handicrafts. The girls organized games hour under the direction of Miss Slinn got under way yesterday afternoon. All the girls joined in the fun in running relays, children's stunts and relays with partners. Larger numbers are anticipated next Monday. Shorts or slacks and running shoes are required for participation in these games hour.

**PRINCE RUPERT YEARS AGO**

**Twenty-Five Years**  
F. G. Dawson, of Prince Rupert, a director of Canadian National Railways, returned from a meeting in Montreal to report that contracts had been let for the production of two million railway ties in the region between Prince Rupert and McBride.

The Department of Marine and Fisheries announced that two fisheries patrol vessels would be built at the Canadian National dry dock here. Each was to be 60 feet long.

A C.N.R. westbound train was forced to travel at snail's pace—or rather, tow's pace—for five miles near Amsbury when a cow on the tracks walked leisurely ahead of it. At that point, the track runs between the Skeena River on one side and a sheer cliff on the other, making it impossible for the animal to leave the right-of-way.

**Thirty-Five Years**  
The ballroom of St. Andrew's Society in Kaien Hall was crowded on the occasion of the third annual ball of the Ladies Auxiliary. The committee consisted of Mrs. Hubert Ward, Mrs. George A. Sweet, Mrs. G. H. Arnold, Mrs. Oliver Besner and Mrs. F. H. Mobley.

E. J. Chamberlain, president of the Grand Trunk Pacific Railway, declared that the company was prepared to take over from the Canadian government the National Transcontinental Railway between Cochrane, Ontario, and Moncton, N.B.

Mayor T. D. Pattullo returned from a week's trip to Vancouver, Victoria and Seattle on civic finance business. He stated that a large American fishing concern would establish a branch here next spring.

**The Experts Say...**

By KAY REX  
Canadian Press Staff Writer  
Friday may be fish day but with meat prices the way they are the housewife probably is serving fish dishes three days out of five.

Fish generally is cheaper than meat and, in addition, it should be easy for the Canadian housewife to serve sea-foods frequently without risk of monotony in the family diet.

In buying, we suggest: For quality and economy choose thick plump fish in preference to long slender ones. Also, choose fish with firm flesh, no strong odor, bright gills and eyes, bloom on skin or flesh.

For generous servings allow three servings to the pound for fillets and half a pound per person for whole fish.

Interested in trying out some novel recipes? Here are some straight from the department's kitchen cupboard.

**SUNSET SCALLOP**—Slice two medium-sized onions and cook in as little water as possible. Place them in the bottom of a greased baking-dish. Wipe two pounds of fillets or slices of any white-fleshed fish, using a damp cloth. (Cod, haddock, halibut, or whitefish are suggested). Cut the fish in servings and place them on the onions. Pour over this one can of tomato soup and

bake 10 minutes, or until the fish is cooked, in a 500-degree-Fahrenheit oven. If the fish has been placed in two layers, the cooking-time will be longer.

**FISH CRISPIES**—Ingredients: one tablespoon onion juice; two pounds fish (fillets of haddock, cod, whitefish); 1½ cups fine, soft bread crumbs; one tablespoon melted butter or fat; one teaspoon poultry seasoning; salt and pepper to season; ¾ cup milk to mix dressing—more if crumbs are drier.

Wipe the fish with a cold, damp cloth and cut in servings. Salt lightly. Place on a greased baking-pan. Mix the other ingredients to form a dressing and chopped pickles, olives, parsley

fish. Sprinkle the fish and dressing with finely chopped bacon and bake in a hot oven (450 degrees Fahrenheit) until fish is done. Serve with a tartare sauce. Serves six.

**TARTARE SAUCE**—And for that tartare sauce recipe—here's one worth trying: To one egg, slightly beaten, add one or two teaspoons of mustard, one teaspoon of salt. Mix well, then add a few drops of oil and beat with egg beater, adding oil regularly a little at a time. When the mayonnaise is thick, add two tablespoons of vinegar, then

or dill pickles, onions, capers. **SARDINE CANAPE**—Spread fingers of buttered bread with cream cheese. Place a sardine on each finger and toast till the cheese is melted. Serve with a slice of stuffed olive, a piece of dill pickle, or a strip of pimento placed on top of each sardine.

**BEAUTY AND BERLIN**—Cut down on a woman's rations and she'll cheerfully put up with it. Good for the waistline, you know. But interfere with her beauty treatments at your peril. That is why the Russians are daily making rabbit anti-Communists out of Berlin's women. There is no power for the beauty shops and coiffures are now created out of doors, with a backdrop of bomb-blasted buildings. The ingenious Germans have developed a waving lotion that works independently of electrical apparatus. They say the wave stays in for half a year.
