How to buy a DIAMOND
Their value depends on many things.
We often have a chance to buy diamonds of so high a quality we would not offer them to our customers.
They should be pure and clear in color without cloudiness or tint.
The cutting of their 58 little facets should be well done.
Their shape should be well proportioned. They should have no flaws or spots.
Some large stones are not worth as much as smaller half the size.
One of our customers brought in a diamond for setting which we sold over 30 years ago and it is amazing how the value had increased.
We pride ourselves that we sell a quality so good that there will never be any fault to find.

NO LADIES' GAME

There was no ladies' game. This game has been dropped from the Saturday night schedule. The reason is due to the withdrawal of the Miller Bay team from the league. This was caused by the loss of several of their players. The game was awarded to Peoples' Store and with it they took over second place in the league.
