

Terrace Talks Snow Removal

CNR Co-operation Being Sought—Public Works Attitude Condemned

TERRACE—The Terrace and District Board of Trade, in its monthly session on Wednesday evening, engaged in a lengthy discussion on the merits and demerits of the snow ploughing equipment in the district. No agreement being reached, a special committee was empowered by the president to go into the matter thoroughly and to make representations to the Public Works department to get in touch with the railroad authorities for co-operation on snow removal on the Skeena Highway west of Terrace. This committee, consisting of Duncan Kerr, G. Lambley, Will Robinson, will

report back to the council meeting which will precede the annual meeting in January. Strong condemnation of the Public Works department's attitude towards the district needs was expressed by the members following the reading of correspondence from the department in which it was stated that there were no available funds to reconstruct the west approach to cost for which is \$50,000. The Board decided to forward a request to Victoria that this sum be appropriated for this work and that this and the cost of paving the highway be included in the 1951 estimates. The Board was informed by the Department that there would be no survey, at present, of the Terrace-Usk road north of the Skeena. Reporting for the utilities committee George McAdams stated that new piping and fittings are here but the supply of water from the spring is still inadequate. The telephone office is in the process of being moved to a new location and a larger switchboard and more lines will serve the district. On this matter, Mr. Norrington stated that, when work on this building had ceased very recently and the crew withdrawn, he contacted E. T. Applewhite who wired the Minister of Transport. The reply was that instructions to continue with the work had been sent out on November 30 and the crew would be returning to finish the job.

WATER SUPPLY
W. Robinson explained he has been asked to inspect the Outpost Hospital's water supply. The automatic pressure tank, casting of the dome of which had been cracked, had been repaired.

Y-Ettes Elect Officers—Mrs. C. Haugland Heads United Church Guild

The annual meeting of the Y-Ettes of the Knox United Church was held at the home of Mrs. J. H. Smith, Rev. P. H. Mallett officiated at the election of officers. New president is Mrs. D. Simming; vice-president, Mrs. W. Martin; secretary, Mrs. D. Parmenter; treasurer, Mrs. W. Webb; Program convener is Mrs. Gordon Haugland. A committee to see to the needs of the Sunday School for the Y-Ettes projects was formed. Serving on this committee are Mrs. K. McPherson, Mrs. Orr, Mrs. Mallett. The Sunday School Christmas Tree and concert will be held in the Oddfellows' Hall on December 19 and arrangements are in the hands of the members of this group.

C. M. Giggie, had an array of tempting dainties which were soon sold. Mrs. E. Loudon had charge of the candy stall and Mrs. H. Houlden had charge of the novelty stall. Presiding in the kitchen were Mrs. E. S. Laird, Mrs. E. Sande, Mrs. Head, Mrs. R. W. Thomson, Mrs. Hamila had charge of the tables and serviettes were Mrs. Morgan, Mrs. Stewart, Mrs. Nabb and Miss E. Head. Mrs. Newhouser was cashier.

Harold Whalen, junior ranger of Burns Lake and son of Mr. and Mrs. E. Whalen, is leaving shortly for Weyburn, Saskatchewan, where he will be married to Miss Eveline Florin, former matron of the Outpost Hospital.

Mr. and Mrs. W. Osborne, accompanied by W. F. Doubt, father of Mrs. Osborne, spent the week-end at Smithers at the home of their son-in-law and daughter, Constable and Mrs. Zorn, making the journey by car. On Thursday, Mr. Doubt, accompanied by his daughter, left for Prince Rupert enroute to his home in Spokane.

Mr. and Mrs. Earl Loudon left this week for Saskatoon where they will spend the next few weeks.

Mrs. V. Giraud returned at the week-end from Campbell River where she attended the wedding of her mother, Mrs. N. Sherwood, to Philip Rossignol.

Miss Edwards, P.H.N., has taken up her quarters at the Home for the Aged.

Following a canvass of the entire district the results of the drive for funds for the British and Foreign Bible Society amounted to \$191.47.

T. Olson has returned from Doreen where the mine has closed down for the winter months.

Bruce Johnstone has returned from a trip to Vancouver and will be going out to his home at Lakelse Lake as soon as the road has been snowplowed open.

With certain minor alterations in the setting up of the pipe line to this tank, the present situation would be greatly alleviated.

Geoff Lambley, reporting for the Civic Centre, stated that there had not been a large enough attendance for a regular meeting, but there had been some informal discussion on a New Year's Eve Cabaret which will be held if the executive can get the catering done.

The Board decided to support A. C. Fowler of Smithers as vice-president of the Associated Boards of Trade.

The next meeting being the annual meeting, the place, date and arrangements were left in the hands of the executive. G. McAdams, J. H. Smith and H. King were appointed to the nominations committee.

Condolences will be sent to Olof Hanson on the recent sudden death of his son, William, in Toronto. Also a letter of sympathy and hope for the speedy recovery of Mrs. Applewhite will be sent to E. T. Applewhite, M.P.

Before the close of the meeting it was decided to endeavor to gain the active support and co-operation of all the mills and businesses in the district.

C. J. Norrington, president, was in the chair over a rather small attendance. Lloyd Vallee, new manager here for the British Columbia Power Commission, was introduced.

Terrace Unhappy Over Its Power

TERRACE—The power situation here is not so good. A committee from the Board of Trade and others met in the local power plant to view the matter with the new manager, Lloyd Vallee. The new machinery which should have been here in November having been delayed in coming, there are times when there is a higher load than the plant can safely carry.

Mr. Vallee suggested that, in his opinion, a voluntary rationing on the part of the consumers would see the way through till the new machinery can be installed, possibly in January.

However, the board decided to write Hon. E. T. Kenney giving him all the facts and expressing their disappointment at the manner in which the B.C. Power Corporation has met the needs of the district.

Apparently private power companies, as at Prince Rupert, can order machinery from England and have it installed within eight months, something which the government power company seems unable to do. There is no room at present here for any additional domestic or industrial consumption. The board asked that the minister take the matter up with Premier Johnson.

A very successful tea and sale was held in the Oddfellows' Hall last Saturday afternoon by the Women's Auxiliary to St. Matthew's Church with Archdeacon Hodson officiating at the opening.

Seated at a lace covered table agilted with silver appointments, Mrs. Hodson and Mrs. P. Skinner poured tea. Centering the table was a vase of deep red chrysanthemums flanked by crystal and silver candlesticks with red fringed lamp shades. The home cooking stall, presided over by Mrs. H. King and Mrs.

Burns Lake Trap Line

BURNS LAKE—The village trap line is in fine shape as winter sets in, many hidden deadfalls occurring at frequent intervals in the plank walks which follow the stousties of the old Yukon Trail.

A trapper's masterpiece between the Community hall and the drug store catches quite a few school children. One in particular was caught while creeping like a small unwillingly to school. His injuries were not serious.

Returning boisterously at 3 o'clock, he was again caught, and collapsed in front of the Drug Store, where he received first aid from the genial proprietor in the form of five cones of ice cream which revived him rapidly.

Burns Lake Legion W.A.

BURNS LAKE—At a special meeting of the Burns Lake Branch of the Canadian Legion Wednesday, Mrs. Iris Carlson was elected president of the newly formed Ladies' Auxiliary.

Other officers elected included Mrs. Violet Wheeler, secretary; Mrs. Betty Gross, first vice-president; Mrs. Bernice Rutherford, second vice-president; Mrs. Olive Loughheed, Sergeant-at-Arms with a long executive committee composed of Mrs. Don Morrow, Mrs. Gladys Bell and Mrs. Jean King. The initiation ceremony was conducted by Legion president A. P. Reynolds assisted by Ian Howell, prior to the election of officers who will be installed in January.

TERRACE GETS WORST BLIZZARD

TERRACE—A terrific blizzard, that raged all day Tuesday followed by heavy snow on Wednesday, has, for the second time in the past two weeks, crippled the industry of the district. Oldtimers cannot recall such a heavy fall of snow and roads blocked so early in the season, and the Department of Public Works is having a tough time getting these roads open to traffic as soon as possible.

LONDON—Fire at the Brixton Hill street-car depot destroyed eight cars, but officials were worried. They were destined to be destroyed anyway.

CHIROPRACTIC FOR HEALTH

THE COMMON COLD

Patients who have been under Chiropractic care for a time usually comment on the fact that, though other members of the family have had colds, they seemed to resist them very well.

Chiropractically, the common cold is a natural method the body has of eliminating waste materials which have accumulated over a period of time. To the Chiropractor, two or three mild colds a year should cause no particular concern.

When an individual suffers from too frequent colds, it is an indication that the general function of the body is below par. The organs and glands which usually remove waste products are apparently incapable of normal function. Nature, therefore, utilizes the respiratory tract as a sort of emergency exit. When the waste materials have been completely eliminated, the cold clears up.

The reason that so many people have colds at one particular time is usually because of a sudden change in temperature or environment, which tends to throw a strain on the system. If the body has required more nourishment in order to provide heat during cold weather, it is forced to adapt rapidly to a change in temperature. The excess food is no longer required, and becomes a waste product, and the organs of elimination must be capable of dealing with this "peak load". If they fail to do so, emergency channels must be used such as the respiratory system and sweat glands, and you have your cold symptoms.

A few visits to your Chiropractor will usually improve the function of the entire body, thus reducing the number and severity of colds.

Take your place with men like these

The Skilled "Soldier-Tradesmen" of the R.C.E.M.E.

The workshops of the Royal Canadian Electrical and Mechanical Engineers are expanding rapidly—in step with the growth of the Canadian Army Active Force. The men of the R.C.E.M.E. are doing their part to make Canada strong.

There is an urgent need for skilled tradesmen to man the workshops of this vitally important corps of "soldier-tradesmen". Skilled craftsmen are required to fill the posts of automotive mechanics, fitters, toolmakers, radar and radio technicians, instrument makers, welders, watchmakers, machinists and other key jobs.

If you qualify as a skilled tradesman, there's a place for you in the R.C.E.M.E. You can serve now—when Canada needs you—as an expert "soldier-tradesman".

To enlist in the R.C.E.M.E. you must:

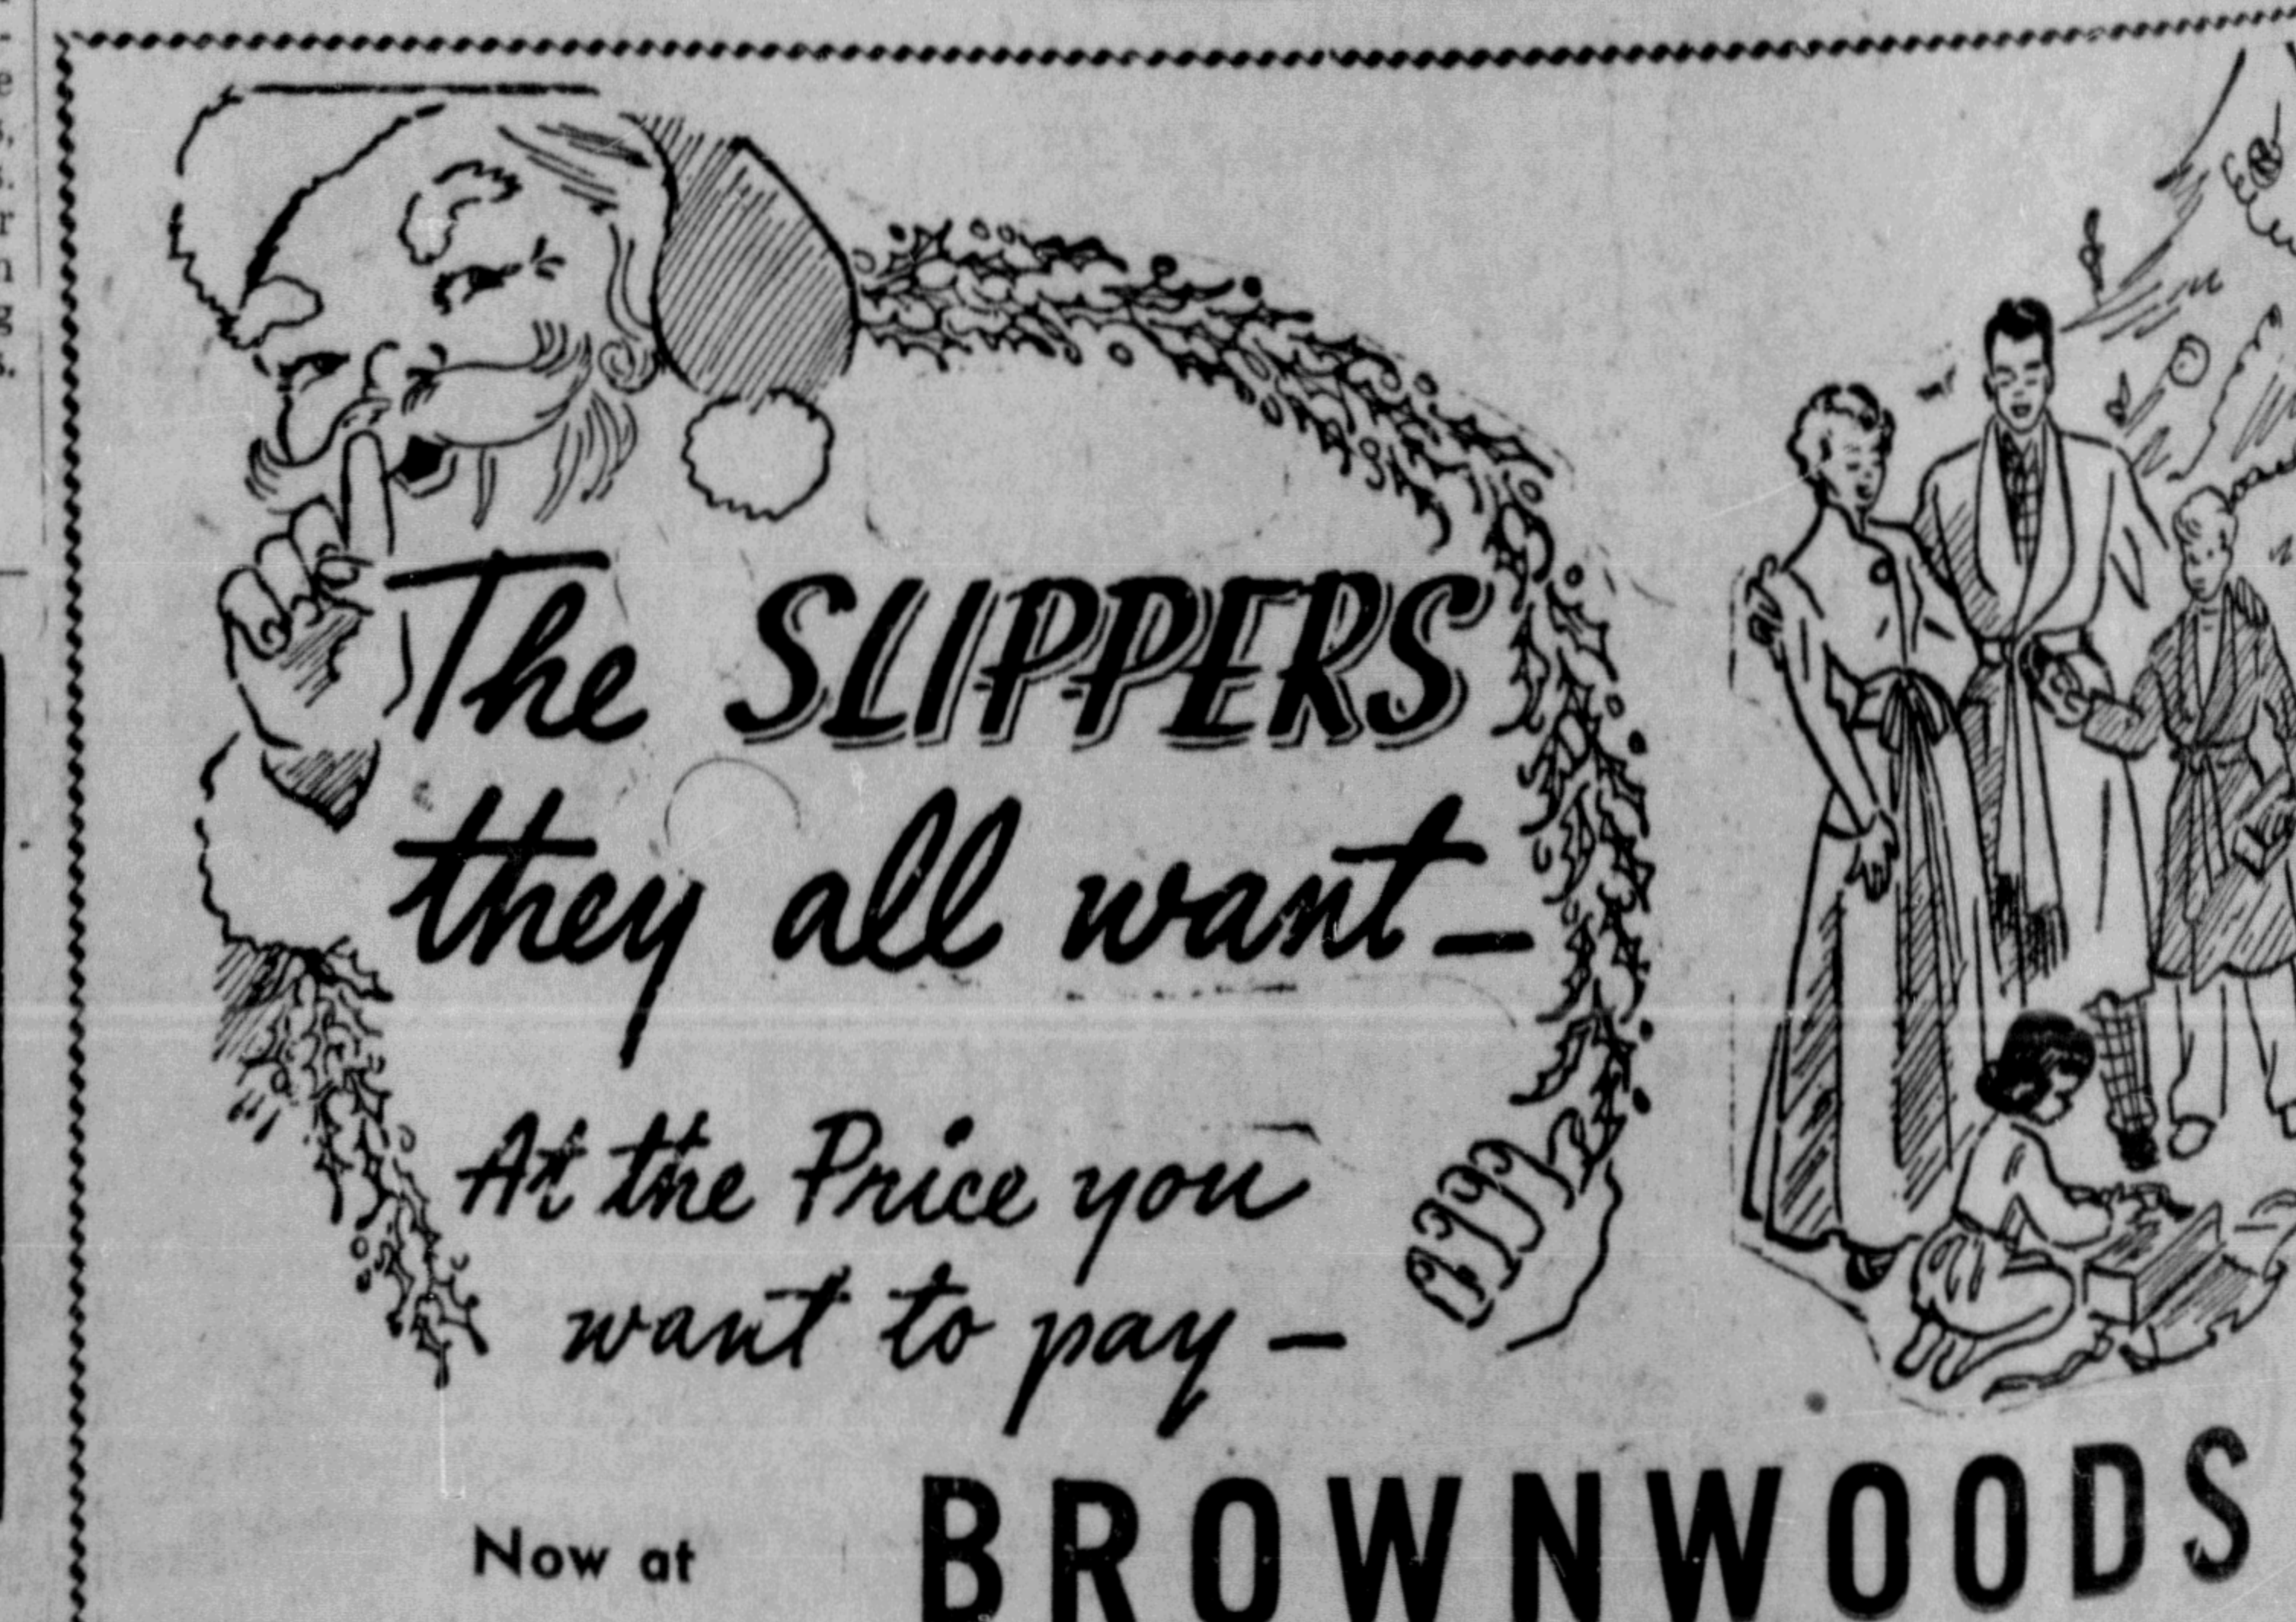

1. Be a Canadian citizen or British subject.
2. Be between 17 and 29 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.
