PP.1ZE-WINNERS AT JAMBOREE Job's Daughters Gypsy Jamboree came to a nighty success-

ful conclusion at the Armory Saturday night when a crowd much larger than either of the two previous evenings was on hand to patronize the affair. A substantial amount was realized as a result of the effort to assist sending the Bethel's drill team to the international convention at Spokane. Presence of fez-capped Shriners lent color to the scene as they assisted at the booths and

Nickel Brings Dollars to Canada

Since more than ninety per cent of the Nickel produced in Canada is sold to the United States and other countries, it brings a constant flow of dollars back to Canada: In fact, Canada's Nickel industry is one of our chief sources of U.S. dollars so essential at the present time to maintain our foreign trade and make available products not produced in this country.

These dollars help pay the wages of the 14,000 Nickel employees, and help provide the dollars which make it possible to pay millions in freight to Canadian railways, to buy timber, steel, coal, machinery and supplies amounting to many millions each year. These millions, flowing into all industries through the length and breadth of Canada, help create jobs for Canadians.

free on request to anyone interested.
