British golf can look forward to a tough time when 10 top-ranking United States professionals come to Britain in 1949 for the September Ryder Cup contest at Ganton, Yorkshire. The team with money-spinners like Ben ogan, Lloyd Mangrum Sam Snead, Jimmy Demaret and Byron Nelson — they also will take part in the British Match Play championship —is favored to keep the British entrants constantly on their toes. Golf followers are anxious to know what plans are under way to prepare British players to vie for the cup, which went to the United States in 1935 and stayed there.

Some say the Professional Golfers' Association should have a few tournaments decided by match play instead of the usual stroke play contests. They maintain the best golfers do not necessarily come to the top through stroke play and cited the case of Australian Norman Von Nida. A brilliant stroke player, Von Nida failed dismally in two recent match play events. Plans must be made, they say, to foster the spirit of combat—to find the match play fighter.

George Duncan, selector, former Open and match play champion, and Ryder Cup captain, upholds the match play advocates. " Stroke play tournaments are popular because the public, naturally want as much as they can for their money," he said. "I think the public and promoters might sacrifice a little next year to help the Ryder Cup men." George, whose golf philosophy is; "I just go up to the ball and hit it" deplores the fade-out of the old money matches.

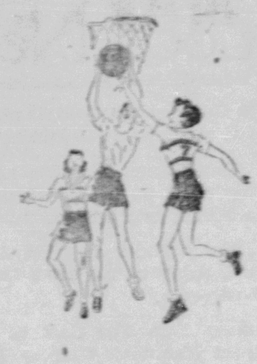
BETWEEN BASKETS



(By Art Murray)

With the Co-op away out in front like a Kangaroo's pouch in the Senior Basketball race it appears that the three remaining teams will just have to be satisfied with a chance in the play-offs and a battle is certainly in the making for those other two spots on the play-off show. In case of confusion, it might be explained that the top three teams will battle it out for the championship before Prince Rupert gets down to the more serious business of defending the provincial championship.

Tonight it will be Brownwoods and Bo-Me-Hi in what the more educated sports scribes term a "crooshul." A win for the Students would put them in a tie with Savoys for second place. A loss would leave them in third place with Brownwoods. Each team can claim a win in their only encounters this season but one of them was a win of close to 30 points for the Students and that smarts just a little. In the Brownwood win it was just a case of keeping out in front and it was one of the better shows for Brownwoods in their two years of play.

It looks as though there could be a little done about the minor leagues when teams start losing as they did last week-end over at Metlakatla and Port Simpson. It's nice to be accommodating and all that but it could get to be a habit. In speaking to some of the players on the losing teams, they gave one the impression that there was nothing important to be considered in taking a defeat. Let's not make that a habit, fellas!

We may wonder a bit about the reasons for such poor attendance by the student body at games which feature their Bo-Me-Hi teams. There should be a way of drumming up a little appreciation for Alex Bill and his boys. Too much seems to be taken for granted when it comes to consideration for Bo-Me-Hi by all concerned out Sixth Avenue way. There appears to be little done so far towards getting some High School competition from the south for these smart boys. If ever a team went south for the provincial tournament, this is the year for sure. A couple of years ago the Basketball Association and Civic Centre Association went hand in hand in bringing up the Duke of Connaught boys to start the ball rolling. Last year Magee visited here. Let's not stop now.

EDMONTON AND FOOTBALL UNION

REGINA, — Four teams, three of which will battle for the right to go East in quest of the Grey Cup and Canadian football title, are represented this week-end at a meeting of the Western Canadian Interprovincial Football Association to decide on admitting Edmonton into membership. Unofficial observations are that the other three teams have no objections providing Edmonton can present a sound organization program.

TWO-TON AIR FREIGHTER FOR AIRLIFT—Shown in flight here is a C-97 cargo plane, latest U.S. air force air freighter, which will replace the C-54 as the big workhorse of the Berlin airlift, it has been announced. The C-97 carries a 20-ton load, while the C-54 carries just half of that. It will be some time yet before these big planes can take their place in the airlift operations because at present only three of the ships are operating with the air force.
