Report from Parliament—E. T. Applewhite M.P., CFPR, Friday, 6:15 p.m. (140)

This is apple blossom time in Prince Rupert. Prince Rupert is by no means noted for its orchards but the few trees that do exist here look healthy and flourishing.

Eddie Davis, manager of the Commercial's baseball team, has pooled his car with 383 Taxi. He would appreciate the support of his friends in his new venture. (141)

Miss Dorothy Kergin, after spending holidays here with her parents, Dr. and Mrs. L. W. Kergin, returned last night by the Prince Rupert to her nurses' training duties at Vancouver General Hospital.

Bulger's have a very beautiful stock now. Many lovely and useful gadgets we never carried before. (14)

Geoff Hill, on the staff of the Prince Rupert Fishermen's Co-operative, sailed for Vancouver aboard the Prince Rupert last night. He will attend a Junior Chamber of Commerce National convention in Vancouver June 19, 20 and 21 as a voting delegate.

Joe Lindsay left by this morning's way freight, for a trip along the Skeena River to see for himself what effect the high water is having on the highway and traffic in general.

## Rotary Called Church's Child

Rev. Dr. E. A. Wright of First Presbyterian Church, told Rotary at luncheon yesterday that their organization was a child of the church. "You don't find service clubs anywhere except in Christian countries," he said.

Dr. Wright spoke of the good work that had been done by the club and encouraged members to continue. Prince Rupert has a great future, he said, and mentioned the physical assets of land and sea that abound here. But, he stated, the greatest asset of all was the men and women. It was their duty to pass on untarnished to their children the heritage from their forebears.

"The church tries to eradicate evil," he declared, "by giving communities a new heart." He said it was not enough to clear out the cesspools of iniquity but the hearts of men and women had to be cleaned, too. It was the church's job to give everyone a true conception of his duty in the city where he lives.

The speaker told of his experiences in some places he had been stationed, many of them pioneer-

ing settlements in the north of Canada. The people who went there, he said, were Empire builders, making the country what it should be for future generations. But, wherever he had gone he had found the greatest need was the church. He mentioned the Peace River country where the church had gone as far as the farthest settler.

Dr. Wright also told of reports from his son, who had been in meteorological stations in the far north, telling how the church, both Roman Catholic and Protestant, had given something new to the Eskimos in places where they had been operating. President R. G. Van der Sluys reported 253 new Rotary clubs in 36 countries had been opened since July 1, 1949, bringing the total number of clubs in the world to 7,073 with a combined membership of 339,500.

Douglas Stevenson reported the Rotary barrel would come down the Skeena July 1 no matter what happened. The barrel goes to Terrace by tonight's train.

The United States has more than 22 telephones to every 100 inhabitants, compared with a little more than two per 100 for the world as a whole.
