## Junior Royalty—

## King - Queen Of Carnival

Donna Thompson and Teddy Arney are Judges' Choices

Winsome little Donna Lynn Thompson, 4-year old daughter of Mr. and Mrs. Gordon Thompson, Summit Apartments, was adjudged Junior Queen of the 1950 Civic Centre Carnival Saturday night.

Sturdy little Teddy Arney, 3-year old son of Mr. and Mrs. Ted Arney, 152 Second Overlook Street, was named the Junior King.

These were the choices of the judges—Miss Freda Hilton P.H.N., Miss Dorothy Radding P.H.N. and Keith Maltman who had an arduous task in making their selections from a fine array of thirty-five young entrants.

Runner-up girl was Carol Louise Wick, 5-year old daughter of Mr. and Mrs. D. J. Wick, 617 Eighth Avenue East, with Karen Marie Forman, daughter of Mr. and Mrs. Pat Forman, 1018 Ambrose Avenue, adjudged third.

Second for the boys was 4-year old Harry Louis Knutson, son of Mr. and Mrs. H. L. Knutson, 415 Seventh Avenue East, and third James David Blackstone, son of Mr. and Mrs. D. Blackstone, 1109 Seventh Avenue East.

Judging was on four bases, equally pointed—appearance, health, beauty, personality and deportment.

The thirty-five candidates appeared first before the judges and were then paraded on the Civic Centre stage to the enthusiastic applause of admirers as the scores were being tabulated. Enthusiasm prevailed when the announcement of the winners was later made by Master of Ceremonies, D. Forward.

First prizes were \$50 savings bonds and \$25 in merchandise. Second and third prizes respectively were \$15 and \$10 in merchandise. Donors of the merchandise prizes were Rupert Men's and Boy's Store and Wallace's Department Store.

Final scoring awards were: Girls—Donna Thompson, 89½; Carol Wick, 89½; Karen Forman, 84.

Boys—Teddy Arney, 86½; Harry Knutson, 85; James Blackstone, 84.

Junior King and Queen will take a prominent part in further Carnival proceedings including the coronation ball tonight.

## Aged Furnaces, Heat Robbers

The owner of an average heating system five or more years old is warned by National Warm Air Heating Association that the odds are 7 to 10 his winter heating bill is at least 10 per cent more than necessary.

This is because 7 out of 10 older type systems of heating are in need of repairing and cleaning. Air leaks in and around furnace combustion chamber, soot in the chimney or furnace, warped burned bars, corroding smoke pipe all create loss of heat right in the furnace itself. Therefore using more fuel to keep the proper temperature.

Heating experts report that home owners are "robbing Peter to pay Paul" through use of improper firing methods and negligence in furnace maintenance.

The majority of costly repairs could have been avoided if owners had followed a regular program of having heating systems inspected each year, says the Heating Association. Minor repairs can add longer service to heating systems and insure health and safety of families.
