WANTED TO GO THISAWAY—This is why coronation procession participants are rehearsing their roles as Queen Elizabeth's big day nears. Two horses, drawing a coach, swerved from their path and ran afoul of a tree in the Mall, not far from Marlborough House, during their first run through the procession route. As the Queen's men push forward to untangle the beast and put the procession back together again, they hope that horses and coachmen have learned how to avoid the same mistake come Coronation Day.

Emergency Embargoes Ordered as Seamen Set Strike Deadline

VANCOUVER (CP)—Emergency embargoes were ordered Tuesday by Canadian Pacific as crews manning ships along the British Columbia coast set Saturday as the strike deadline. The CPR announced immediate embargoes on shipments of livestock and perishable goods if shipments are destined for points served by coastal steamships. Canadian National Railways said it will implement similar embargoes. The CNR is not involved to the extent of the CPR which, with its steamship service, links the mainland and Vancouver Island.

DAILY WORKER TO PRINT CORONATION CARTOONS

LONDON (AP)—The Communist Daily Worker announced it has decided, like other British newspapers, to give the coronation a little special attention. Said a front-page notice: "The Daily Worker on Saturday is publishing a new type of Coronation cartoon. Every day until Coronation Day we tell, in strip cartoon form, the great story of the British people's struggle against the monarchy in the days of the Stuarts."

Siamese Twin Boys Born to Nova Scotia Woman

BRUNSWICK, N.S. — The birth of Siamese twin boys Tuesday to the 19-year-old wife of a garage mechanic is reported in excellent condition after doctors described him "not doing too well."

Dr. Frank MacLeod, chief surgeon of Inverness County Memorial Hospital, gave them an excellent chance of survival. "I can't see any reason why they won't live," he said. They are perfectly healthy. Hospital officials said it is too early to discuss a possible operation to separate them. The twins are joined face-to-face from close to the neck to the navel by bone. "Otherwise," said Dr. MacLeod, "they are perfectly healthy."

MUSIC MAKER?—Huff and puff though she might, this London tot just can't seem to get a tune out of a monster trumpet, which is part of a coronation decoration soon to be erected in the Mall. Trying her best as a music maker is Annette Collingridge, age four.

Posse Of City RCMP Capture Pair Who Escaped Jail Here

Woman To Battle Premier

229 Candidates File Papers

VANCOUVER—A surprise woman candidate to battle Premier Bennett in the British Columbia general election June 9 provided the highlight at the close of official nominations Tuesday.

Mrs. E. C. Weddell, Kelowna housewife and grandmother, filed papers for the Progressive Conservative Party in South Okanagan, making a four-way fight for the constituency of the Social Credit Premier.

A total of 229 candidates will fight for 48 seats when voters go to polls June 9 for the second time in less than a year to elect a provincial government. Total of candidates for the last election was 212, then a record.

Nomination day saw the Social Credit and Liberal parties file full slates of candidates for the 48 seats, which include two triple-seat ridings and three two-seat constituencies.

The CCF, under school principal Arnold Webster, entered all ridings except Fernie, held for the last 33 years by Laborite Tom Uphill, who is running again. The Progressive Conservatives, led by 33-year-old Deane Finlayson, placed 38 candidates.

Second Polish Pilot Escapes With MiG-15

ROENNE, Denmark — Another Polish pilot crashed through the iron curtain today with a Soviet-built MiG-15 jet fighter.

Braving hazardous landing conditions, he landed the plane successfully on a knotty military training ground just outside Roenne, capital of the Danish Baltic island of Bornholm.

An unconfirmed report said the plane was of a newer type than the one landed on this Baltic island March 25 by Lieut. Franciszek Jarecki, first Polish air force escapee.

Jarecki's plane later was returned to Poland after a thorough examination by western air experts.

Jarecki was granted asylum and since has gone to the United States. Bornholm is only a few minutes flying time from Poland.

Murder Appeals To Be Heard In Vancouver

VANCOUVER — Appeal of Walter Pavlukoff, convicted of the 1947 murder of bank manager Sydney Petrie, will be heard June 3 by the B.C. Court of Appeal. He is under sentence to hang June 23.

Court Tuesday also set June 16 for the appeal of Kosaburo Masuda, who was convicted at the Kamloops assizes of the murder of his 17-year-old daughter and was sentenced to die June 23.

Appeal of Glen Donald Smith, convicted of murder at Whitehorse, Y.T., of taxi driver Ralph Caruso, will be heard on a day to be fixed in June. He was sentenced to be hanged July 10.

Climbers Away

KATMANDU, Nepal (AP)—Reports reaching here today said a British team of mountain climbers has begun its final assault on unconquered Mt. Everest.

WRITTEN IN BLOOD—Having pricked his arm, a member of the South Korean Youth Association writes the words "Advance North for Unification" with his own blood on a national flag. The association gathered in Seoul last week to hold a rally demanding Korean unification and the embellished flags formed part of their display.

Arthur Turner, CCF Whip To Address Meeting Here

Arthur Turner, CCF whip, arrived here last night in the course of an election campaign tour. He speaks tomorrow night with George Hills, who is seeking re-election for Prince Rupert constituency.

In an address at Smithers, Mr. Turner excused all opposition parties, particularly his own, for having finally defeated the government in the last session at Victoria.

He said the Socredits "wanted to be beaten, while the opposition wanted legislation, not another election."

Never before had such a parliamentary session been witnessed, said Mr. Turner. He claimed it was the first time a premier did not tell what his party's policies were, and "now the Socredits are asking the people to vote for a pig in a poke because they have not yet outlined their policy."

In support of continuance of Pro-Rec, he declared it false economy to cut expenses on such crime-preventive measures and have to spend millions on extensions to jails and industrial schools.

Speaking against the Rolston formula, he said it would throw the financial burden of education onto school districts. Equality of opportunity for education would not be possible with 78 different standards of education in that many school districts.

He said opposition parties had not been prepared to take the imposition of unnecessary financial burden on the districts that would come as a result of freezing the school grants' level at those for 1952.

Mr. Turner also spoke in favor of compulsory hospital insurance, right of civil servants to arbitrate and government automobile insurance as at present in effect in Saskatchewan under a CCF government.

Fijians Eye Sockeye Carryover

VANCOUVER — The Fijian Islands' delegation to the Coronation stopped over briefly in Vancouver—and regretfully eyed B.C.'s bulging sockeye carryover.

"Before the war," said Hon. Maurice Scott, European member of the three-man group, "sockeye was almost a staple food in Fiji. Now we can't buy it because we are in a sterling area and can't get the dollars to buy it."

"It is regrettable," agreed Hon. Ratu George Cakobau, whose grandfather was the last king of Fiji. "We can buy limited amounts of Russian salmon, but it is not as good and is a fabulous price."

Travelling Ballot Box Proposed

VICTORIA (CP)—Travelling ballot box system to allow bed-ridden hospital patients to vote in the June 9 election was proposed Tuesday by Premier Bennett.

Three-Day Search Ends at Cedarvale

A posse of RCMP from Prince Rupert late last night captured two young men who escaped from the city jail here sometime last Sunday at Cedarvale to end a widespread three-day search for the pair.

The two—John Robertson, 21, and William Stevens, about 34,—are being brought back today under police escort.

Robertson was being held on a forgery charge and Stevens was awaiting trial on a charge of robbery with violence. They escaped through a coal chute from the furnace room of the city hall after making a hole through the ceiling of their cell.

RCMP from Rupert, under the senior non-commissioned officer of the sub-division, joined the hunt after a car, reported stolen here early Sunday, was discovered at Terrace.

The posse arrived at Kitsalas, 10 miles east of Terrace, about 2 a.m. Monday after two strangers had been reported seen in the area. Police began a trek along the CNR railway tracks and the Skeena River banks.

Their search continued all that day and night as they followed up tips from the few scattered citizens in the area.

Travelling on foot and railway speeder the Rupert police, with the aid of the Terrace detachment, scoured the bush country through to Usk and Pacific and then proceeded to Cedarvale, where it is reported the two men were taken into custody at 10:30 p.m. last night while attempting to break into a store and sub-postoffice operated by a Mrs. Essex.

It is believed the escapees eluded police earlier in their search by darting into the heavy bush country on hearing the railway speeder each time it passed along the railway tracks.

The men made no attempt to evade capture and after being taken into custody the police and escapees waited in a CNR section man's house until the passenger train arrived at Cedarvale at 4 o'clock this morning.

They took the two men to Terrace, arriving at 8 a.m., where the pair were lodged in jail while the police, tired after their three-day trudge, went to bed. They left Terrace by car at 1:30 this afternoon for this city.

Halibut Landed

VANCOUVER (CP)—The fish-packer Eastview arrived here Tuesday with 12,000 pounds of halibut—first of the season to be unloaded in the city.

The packer, operated by B.C. Packers, Limited, picked up the halibut at Ucluelet and Bamfield, on the west coast of Vancouver Island.

NEW PICTURE SERVICE BEGINS IN NEWS TODAY

As part of its program of development, The Daily News today introduces a new daily picture service. The pictures are supplied by United Features, a world-wide organization whose photographers are listed among the best in the business.

This makes two agencies serving The Daily News with pictures, the other being The Canadian Press. Numerous other pictures are received from individual sources and many are taken by our own photographer.

Other new features will be introduced at an early date, so continue to watch the columns of The Daily News.

Foreign Office Fails in Bid To Free British Businessman

LONDON (AP)—The foreign office disclosed today that it had failed in a new effort to win freedom for a British businessman jailed by Communist Hungary.

Last March the Budapest government offered to free Edgar Sanders, sentenced on charges of espionage in 1949, in exchange for Lee Meng, a Chinese girl Communist guerrilla under death sentence in Malaya. Prime Minister Churchill turned down the proposal. Lee Meng's sentence was commuted to life imprisonment.

A foreign office spokesman told a press conference today that another recent approach to Hungary on Saunders' behalf "met with no success." He gave no other details.

There have been several big-scale amnesties in Russia, Rumania and Czechoslovakia since the death of Stalin March 6, but not in Hungary.

Sanders was jailed in November, 1949 with an American colleague, Robert Vogeler. Both were convicted on espionage charges. Vogeler was released in exchange for some concessions to Hungary by the United States government.

The family of Sanders is expected now to make an appeal for his release directly to the leaders of the Budapest government—just as the wife of AP correspondent William Oatis did to the president of the Czechoslovak republic.

Police Dig Up Woman Slain Four Years Ago

LONDON (AP)—Scotland Yard, toiling until dawn Monday, dug up the body of a pretty, 20-year-old housewife slain four years ago in London's infamous Notting Hill "murder mill."

Home office pathologist Keith Simpson stood by as detectives raised the coffin of Mrs. Beryl Evans and her 14-month-old daughter from a grave in a fog-cloaked West London cemetery. Simpson was to examine the bodies later.

The woman's husband, Timothy Evans, was convicted of strangling his wife and daughter and went to the gallows in 1950.

At his trial, Evans repudiated an earlier confession and tried to pin the blame on John Christie, 55-year-old trucking clerk now charged with strangling four women whose bodies were found in the same house two months ago.

Christie, a chief prosecution witness at Evans' trial, denied the accusations and was exonerated by the court.

The exhumation was demanded by Christie's present defence lawyers. They gave no reason for reviving the earlier case.

Police cordoned the cemetery to keep reporters away from the grave. Just after dawn an ambulance took the two bodies in their single coffin to a mortuary.

1,200-Acre Forest Fire Controlled

PRINCE GEORGE (CP)—A tenacious forest fire, burning over 1,200 acres in the Red Rock district south of here for the last three days, was brought under control late Tuesday, forest service officials reported today.

The blaze, originating in a sawdust pile, destroyed two sawmills and damaged another. Damage is estimated unofficially at \$50,000.

Some 125 firefighters, aided by seven bulldozers, succeeded in breaking up the stubborn fire into three smaller sections which were expected to burn themselves out today.

St. Laurent Leaves Ottawa

OTTAWA — Prime Minister St. Laurent left Ottawa Tuesday for the Coronation and the London Conference of Commonwealth Prime Ministers. His departure was marked by announcement of the appointment of four new senators from Eastern Canada.

Foreign Office Fails in Bid To Free British Businessman

LONDON (AP)—The foreign office disclosed today that it had failed in a new effort to win freedom for a British businessman jailed by Communist Hungary.

Last March the Budapest government offered to free Edgar Sanders, sentenced on charges of espionage in 1949, in exchange for Lee Meng, a Chinese girl Communist guerrilla under death sentence in Malaya. Prime Minister Churchill turned down the proposal. Lee Meng's sentence was commuted to life imprisonment.

A foreign office spokesman told a press conference today that another recent approach to Hungary on Saunders' behalf "met with no success." He gave no other details.

There have been several big-scale amnesties in Russia, Rumania and Czechoslovakia since the death of Stalin March 6, but not in Hungary.

Sanders was jailed in November, 1949 with an American colleague, Robert Vogeler. Both were convicted on espionage charges. Vogeler was released in exchange for some concessions to Hungary by the United States government.

The family of Sanders is expected now to make an appeal for his release directly to the leaders of the Budapest government—just as the wife of AP correspondent William Oatis did to the president of the Czechoslovak republic.
