

LINE BURNS of Brideport, Co. in., wears a special handcuff device that pulls her hands out of her way should she forget to pull them back while operating a mechanical press. The device is used at the Sikorsky plant in Bridgeport, where she is making a device.

Lifts All Restrictions Press Photos in Legislature

All restrictions of press photography in the floor of the B.C. legislature were lifted today following a statement from the speaker, Mr. Irwin, that the traditional ceremonies of the opening of the session would be held without any restrictions on the press.

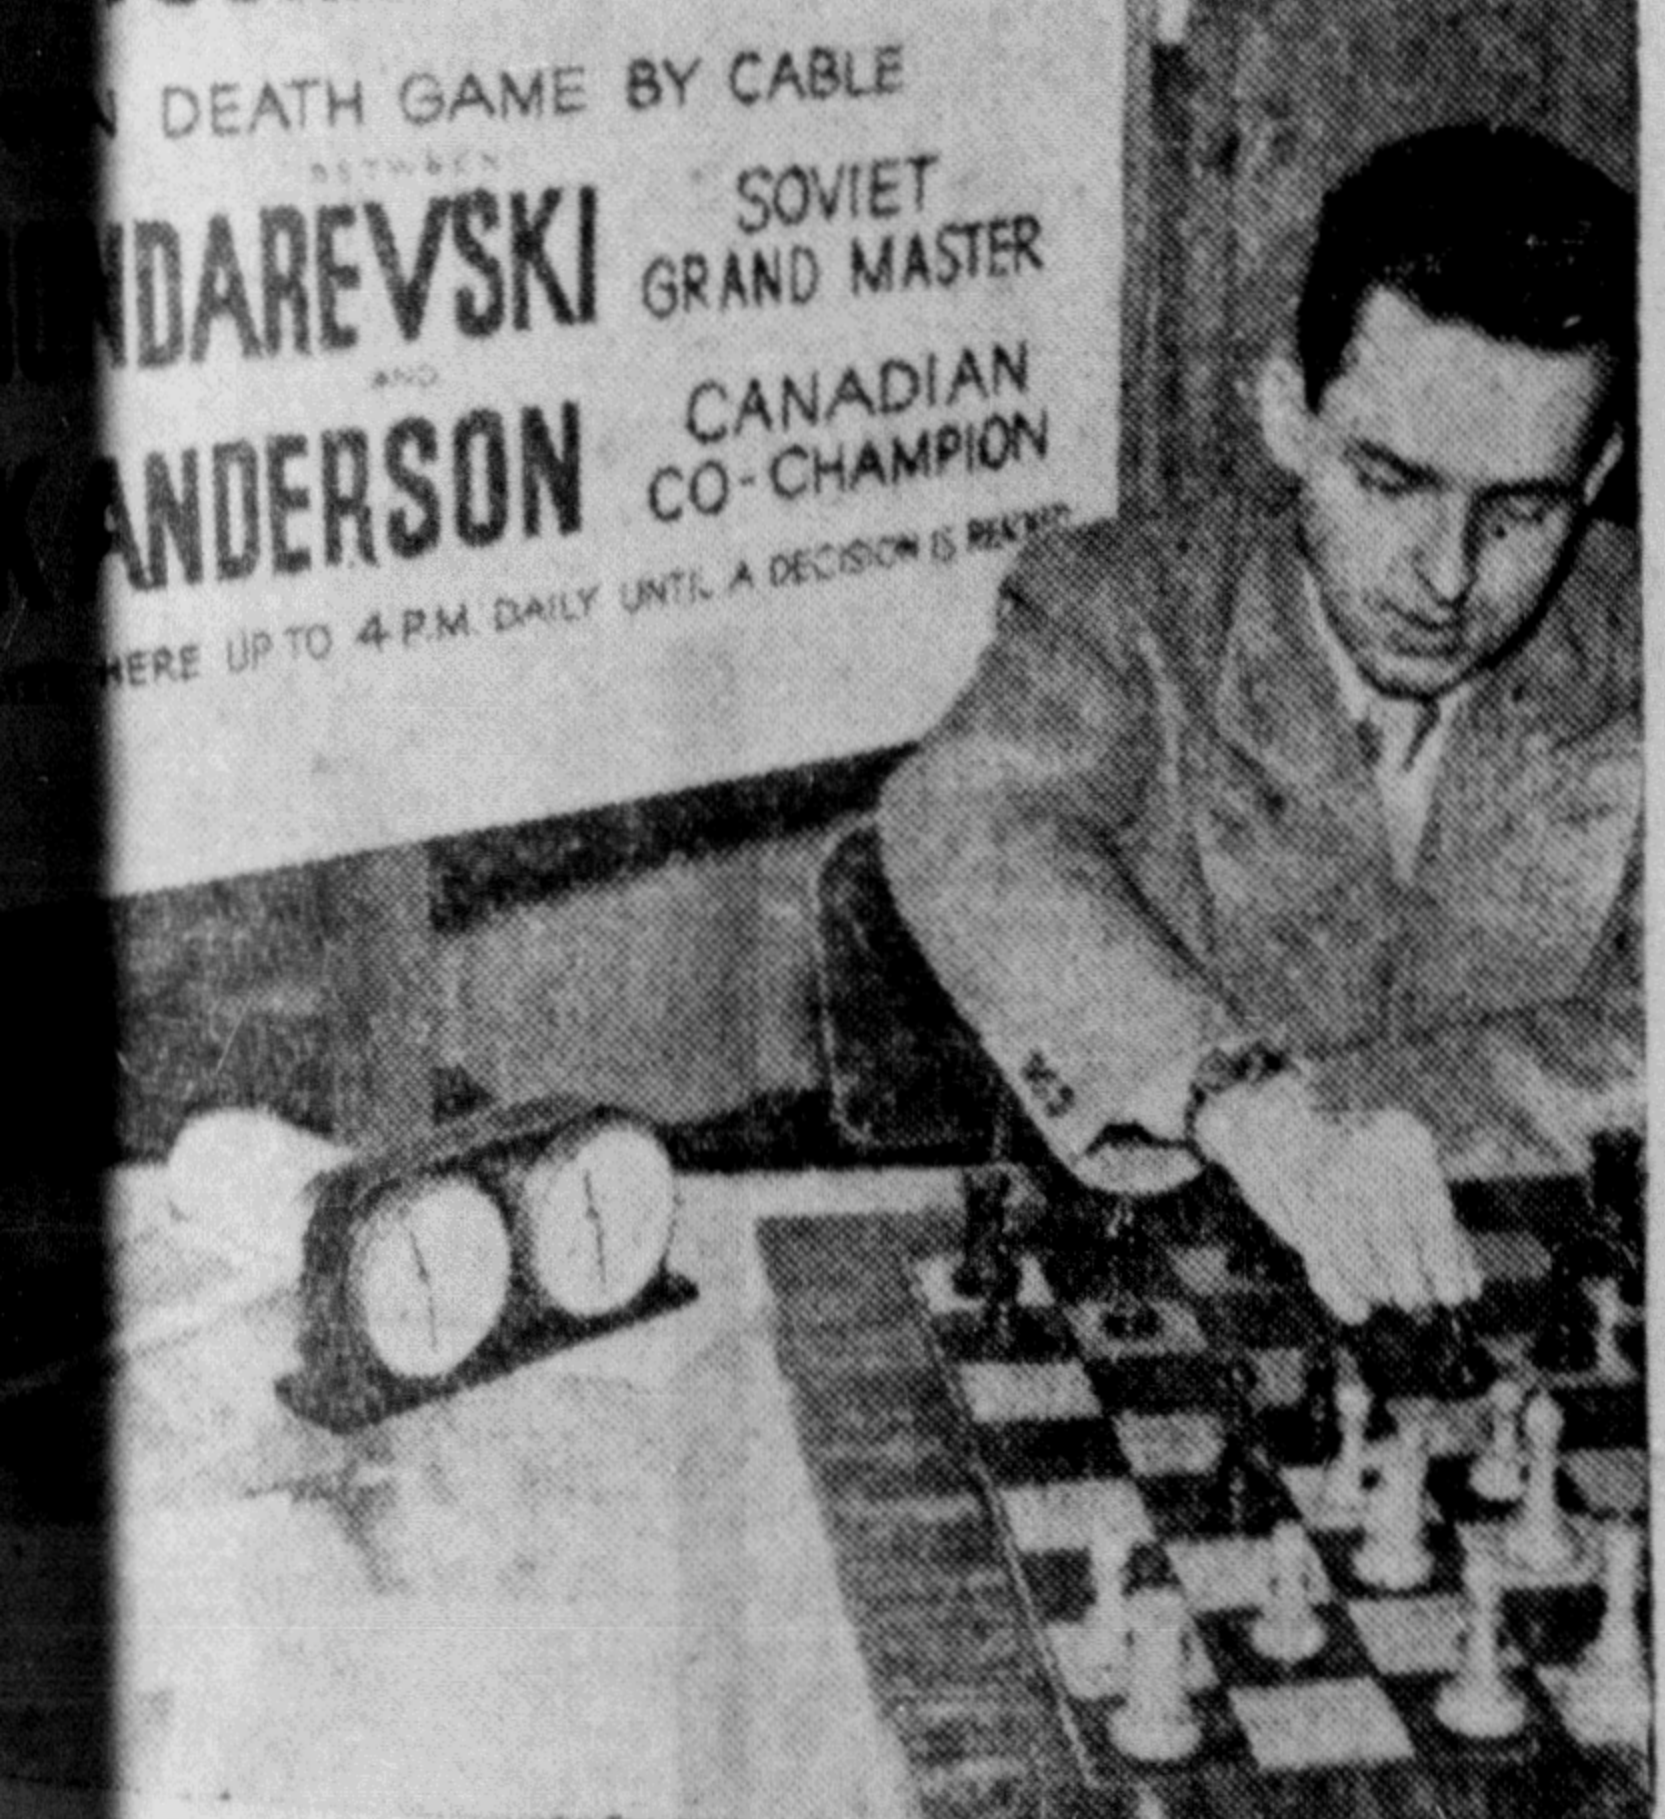

COMMENT MADE AFTER SESSION OF DRYDOCK

Future of the Prince Rupert drydock and its location was discussed here Friday at a private meeting at the home of Transport Minister Chevrier, Bruce Brown and Ted Brown.

Barge Slip Expected To Be Finished on Schedule

The date—March 1—when the Canadian National barge slip will be completed is being pushed back by a few days because of the delay in the arrival of the barge slip. The slip, which is being built by the CNR, will be a big enough slip to handle the largest barges in the world. It will be a big enough slip to handle the largest barges in the world. It will be a big enough slip to handle the largest barges in the world.

INTERNATIONAL CHESS TOURNAMENT

ANDERSON, Canada's co-champion of chess, is shown in an international match by cable with the Soviet grand master, Bondarevski. The Canadian board, with timing device, was set up at the International Chess and Chess Show at Toronto. The game was played eight hours and 40 moves to be made in an elapsed playing time of 40 minutes. Anderson gave first move to Bondarevski and used a Russian defence.

Body Of Sabre Jet Pilot Found In Wreckage Of Crashed Plane

West Must Maintain Alliance

ROME (CP) — Russia's conduct at the Berlin Big Four conference makes it "obvious" that the West must maintain and improve its alliance, Prime Minister St. Laurent said today.

"If we really want peace we must be prepared to undertake war to protect it," the 72-year-old Canadian leader said. He spoke to nearly 100 Italian and foreign reporters during a brief pause in a hectic official schedule arranged for him during his three-day visit to Rome, part of his goodwill tour. He leaves Tuesday for Pakistan and India.

Earlier, under a warm Italian sun, the prime minister placed a wreath at the tomb of Italy's unknown soldier in piazza Venezia, where Mussolini formerly harangued his followers. He also conferred with Italian government leaders at the Vittoriano palace.

Speaking in French, Mr. St. Laurent told reporters that United Nations action in Korea "proved that concerted action is worthwhile."

"This was confirmed in recent days by the insistence of Russia's foreign minister Molotov that we dissolve the NATO pact. It is obvious we will be wise to maintain and improve our alliance."

The Canadian leader arrived here Friday by air from West Germany after a short visit to the Gros Tequelin air station in eastern France where he saw the Canadian Sabre jet squadron based there. Bad weather prevented a visit to Canada's other overseas fighter base at Zweibrücken, West Germany.

The prime minister said his stops in West Germany and Paris have revealed "encouraging signs of increased confidence."

Canadianians REPRESENTED — Ambassador Pierre Dupuy and nearly 300 members of Rome's Canadian colony also were on hand at the airport.

The prime minister greeted his Italian counterpart in French, saying Italy is "engaged in a great common undertaking for the happiness and welfare not only of our two countries but for the whole world."

RIN TIN TIN IV, the great-great-grandson of one of the silent screen's greatest money-makers, pays tribute to an oil painting of his illustrious ancestor. A new series of 26 telefilms will feature the three-year-old German Shepherd in the kind of adventures Rin Tin Tin I was noted for.

Donovan Gets Six Months On Latest Assault Charge

It was "three strikes and you're out" in city police court Friday afternoon when John W. Donovan was sentenced to six months in Oakalla on an assault charge.

Donovan was released from jail eight days ago after spending a month in the lock-up pending completion of a theft charge against him. He was acquitted of the charge and released, only to land in jail again the same night, charged with an affray and assaulting a police officer.

He was sentenced to a total of one month and 14 days, or \$75, paid the fines and was released from jail again.

But Thursday night the long arm of the law hauled him in again, this time charged with assault occasioning bodily harm to John Ridley Watson and yesterday he and another man, John Vandal, jointly charged, were each sentenced to six months in Oakalla.

Tying in with the Donovan court series was the session in

Low tonight and high tomorrow at Port Hardy 23 and 38; Sandspit and Prince Rupert, 20 and 30.

Kitimat Cagers Arrive For Games Here Tonight

A group of Booth Memorial High School students, acting principal R. H. Davidson and coaches Don Hartwig and Sheila Hicks, were on hand this morning when the Kitimat High school girls and boys basketball teams arrived by steamer for tonight's two game series at the Civic Centre.

The Kitimat visitors, about 20 in number are being taken on a tour of the Columbia Cellulose plant this afternoon and will be guests of Bo-Me-Hi students the rest of the day. Bilets have been arranged for the boys and girls by parents of Prince Rupert students.

Accompanying the two teams are teachers V. Bower and S. R. Kemp.

The Kitimat boys team scheduled to take on a combination of Inter B and Junior players from Bo-Me-Hi is composed of John Cruzelle, captain; Alan Cruzelle, Don Cruzelle, Doug Blacklock, Bob Fleming, Garth Hamilton, Frank Farrell, Ray Bower and Fred Malby.

The Kitimat girls team which will meet the Bo-Me-Hi Rainbirds in the opener is captained by Elaine Hokanson. Other

'Wrong Way' Jet Pilot Lands Safely in St. Louis

ST. LOUIS (AP)—An RCAF jet plane, on a routine training flight between two Canadian points, breezed into St. Louis by mistake Friday night.

PO. N. L. Harrison of Toronto, who was "surprised to say the least," said all his navigational aids had gone on the blink.

Harrison said he and FO. G. G. Macleod of Montreal left their base at Portage La Prairie, Man., Friday for North Bay, Ont.

"I began to suspect something was wrong," Harrison said, "because we picked up none of the scheduled check points on the radio."

This was shortly before St.

court this morning in which the man, whose complaint originally sent Donovan to jail, pleaded guilty to a charge of perjury, and was remanded until February 15 for sentence.

He is Roland Dale Griffith who, in the theft case against Donovan claimed the latter had robbed him of a sum of money in a cafe here December 13. Later in the trial he said the money hadn't been taken in the cafe and that he didn't know who had taken it.

CANNBERRA (Reuters)—Queen Elizabeth and the Duke of Edinburgh were welcomed today by the greatest number of people ever to throng the streets of this Australian federal capital city. They will spend the five days here. The Queen will open the new session of Parliament Monday.

Instruments Failed On Practice Flight

VANCOUVER — Body of a U.S. Air Force F-86D Sabre jet pilot was found early today on nearby Grouse Mountain, 12 hours after his plane crashed into snow at the 2,500-foot level.

Body of Lt. Lamar J. Barlow, 35, of Tacoma, Wash., was found in the wreckage of the plane which became lost in rain-throdded skies with useless instruments.

A search party of RCAF and RCMP officials left for the wreck shortly after midnight last night.

Wreckage was found 100 yards from a chairlift to the peak. It's a 20-minute, six-mile drive from downtown Vancouver to the foot of the lift.

Pilot Barlow, married but childless, was last heard from just after noon Friday when he reported he was at 20,000 feet and 15 miles northwest of the Vancouver airport.

ON PRACTICE FLIGHT

Stationed at McChord field near Tacoma, with the 465th fighter-interceptor squadron, he was on a practice flight.

First word of trouble came in repeated calls of "May Day," the airman's international distress call.

He reported he was 60 miles north and that his instruments had failed.

Radar crews picked up the lone jet and guided it through the murk to a point 15 miles north. After asking permission to make an emergency landing at the Vancouver airport, Barlow disappeared. He had only 45 minutes fuel left.

Davis Boughey, a weekend skier making his way in darkness to one of the many small cabins on the slopes, found pieces of the wreckage scattered in the snow.

Two Arrested In Baby Probe

MONTREAL (CP) — Police said today a Montreal woman was arrested at her home Friday night in connection with a \$3,000,000 international black market in babies.

The woman, unidentified, was described by police as a director of a Montreal nursery.

Herman Buller, 38-year-old Montreal lawyer, was arrested at a Montreal airport Friday as he prepared to board a plane for Israel with his wife and her parents.

Police said the ring, operating for the last 10 years, has smuggled more than 1,000 babies into the U.S.

Union Barred From Kitimat Demands Probe

VICTORIA (CP) — The Independent Union of Mine, Mill and Smelter Workers told the provincial cabinet Friday that its officials are being barred from Kitimat and demanded a legislative inquiry.

A delegation from the union, largest in B.C. and headed by regional director Harvey Murphy, called Kitimat a "feudal compound" during the course of their annual meeting with the cabinet.

The union also asked the provincial government to request Prime Minister Louis St. Laurent to visit Communist China during his globe circling trip.

The delegation said the provincial government should pass a resolution asking the federal government to open trade negotiations with China where 400,000,000 persons offer a huge market for Canada's surplus production.

The union claimed that the Aluminum Company of Canada is turning Kitimat into a "company town" despite the fact it is incorporated.

Mine-Mill officials, the delegation charged, are being refused tickets on public carriers under the "guise of no accommodation" and persons landing at Kitimat must first produce written authority from the Aluminum company or Kitimat constructors.

Bargaining rights at Kitimat and Kemano were recently awarded to the American Federation of Labor by the labor relations board. Mr. Murphy said later the workers at Kitimat and Kemano would be given the chance to belong to the union of their choice.

BULLETIN

TORONTO (CP) — The first woman to be a member of the Canadian Parliament, Agnes Campbell MacPhail, 63-year-old veteran of Ontario politics, died in hospital here today.

She had been taken to hospital earlier this week suffering from a heart attack.

SOME PHOTOGRAPHER thought it was a bit unfair for the rest of the country to shiver in the grip of winter while the folks in Florida enjoyed the sunshine—so he did something about it. He brought snow to Miami Beach by means of infrared film, which makes it look like a winter scene despite the people in swim suits. Snow on a palm tree? Well, seeing is believing — or is it?
