have been the fashion now for years, and they are still good. But full skirts are newer. If you have followed faithfully the slim skirt mode, why not kick over the traces? Get a full skirt, and the crinolines to wear meet the annual need for leather states, with an area of 975,900 underneath to give you the fashionable paper-doll silhouette. You will find yourself having a lot of fun with the new personality your new "package" will give you, just like that!
