they will discuss expenditures at the meeting.

Commissioner Charlie Balagno will look into needs at Service and Alder parks; Commissioner Bob Eby, Seal Cove and Casey parks; Commissioner Dunc McRae, Westview and the tennis courts; Commissioner Art Murray, Roosevelt and Gyro parks.

Mr. Balagno announced that five of the group of totem poles in the city's parks have been repaired and repainted by Charles Dudoward and five more have to be completed.

He said the poles "must be taken down to do a proper job," although Mr. Dudoward at present is doing the job from a scaffolding on the pole at Service Park.

"I don't believe the job can be done properly unless the poles are taken down," said Mr. Balagno, adding that Mr. Dudoward is "getting on in years and cannot be climbing a scaffold."

Weather is also a factor to be considered, said the commissioner, stating that some of the poles are rotted at the top and "must be taken down to repair them properly."

PUT UP SWINGS

On motion of Commissioner Eby, the city engineer will be asked to inspect all playground equipment and purchase any necessary repairs.

The board agreed that some of the playground equipment could be put up now so the children can enjoy themselves in the parks "during these fine days." "Nobody's having any fun on the swings while they're in storage," said Commissioner Balagno.

Repeat Show Will Aid Museum Fund

"Impressions of '53," the local musical production which won rave notices at its initial performance earlier this month, will be repeated tomorrow night in the Civic Centre, with proceeds earmarked for the museum building fund.

Some new acts have been added to the original program by producers Pat Bolton, Mel Skalmard and Mel Thompson and all of the original hit numbers will be included.

The show, divided into two acts of modern pops and western music, features impersonations of famous popular musicians with the cast synchronizing actions with recordings.

Cast includes Carol Brentzen, Frankie Murphy, Marie LeVigne, Jim Cumming, John Currie and the three producers, plus the popular Westernaires.

The Prince Rupert Credit Women's Breakfast Club is sponsoring the show to raise funds for the proposed new Northern B.C. Museum here.

Prosperity Plus

BALTIMORE (AP)—Tim Bright, Maryland's only candidate so far for the Republican nomination for governor, gave the local Women's Republican Club his definition of the "130 per cent prosperity" he favors.

"I want chicken legs raining around this state like a snow storm in Chicago," he said. "I want turkey gravy dripping out of your mouths like Niagara Falls."

"I want you to have porterhouse steaks for breakfast." After Bright's speech, the audience was served hot dogs and lemonade.

DR. WILFRED PARSONS WARNER of Ottawa, for the last nine years director-general of treatment services of the veterans' affairs department, has been awarded the gold medal of the Professional Institute of the Public Services of Canada. Dr. Warner will receive the award at the annual luncheon of the Professional Institute at Ottawa March 27. The medal is awarded annually to men and women in the federal and provincial services.
