Teachers Will Cost \$40,000 More This Year

An overall increase of 13 per cent in teachers' salaries this year and a slight increase in the teaching staff will cost taxpayers \$200,000 in 1952—an increase over last year of \$40,000.

Estimates of salaries were laid down at a school board committee meeting Friday night.

Salary increases were announce ed Saturday following reaching ily dinnertable. and school board through negotiations since October.

## If You Do Not Pay Your News Subscription, the Boy Loses

Subscribers of the Daily News who receive their papers by carrier boys are reminded that these boys-our little merchants-are charged for every paper they take out. If you are receiving the paper and are delinquent, the boy has to finance you. This is a reminder to people who may be in arrears, whether it is their custom to pay the boy or pay at the office. It is not the office that loses if you fail to pay. It is the boy. We hope this reminder will expedite the payment by those who may have fallen behind. Prompt payment of your newspaper subscription is a legitimate obligation. The fact that your creditor is one of our boys or girls should make the respecting of the obligation the more desirable.
