 She was so excited she could- n't speak, only smile. He was so nervous he was speechless.

"Although my company had a nice retirement plan," writes Mr. T.D.R., "I knew my wife and I needed a good bit extra if we were to live in comfort. The difficulty was that all I could put by was less than \$50 a month. After considering various methods of achieving our aim, we decided we would save money more surely and faster with an INVESTORS SYNDICATE PLAN.

"First I told an Investors Syndicate representative our problem. He showed us how we could have more than \$10,000 in 15 years if we set aside a fixed sum . . . less than fifty dollars a month . . . regularly, through the years. Meanwhile, our rate of saving would be increased by skilled investment and the power of compound interest. At the end of 15 years, I would receive a guaranteed minimum of \$10,000. That's exactly what happened—so now we're retiring in comfort, with our minds at ease."

Whatever your objective . . . you'll accomplish more—and faster—with an INVESTORS SYNDICATE PLAN—tested and proved by 100,000 enthusiastic Canadians. Follow their example! Contact your Investors Syndicate representative right now!

## Little Theatre Group Nears Final Stages of "Brigadoon"

Prince Rupert Little Theatre's most ambitious offering, the Broadway musical "Brigadoon," is now in its final stages of re- hearsal and will come to the stage in a blaze of color and song Tuesday, June 22.

After several weeks of in- dividual rehearsal on the part of chorus, dancers, orchestra and principals, stage rehearsals are now in full swing.

Meanwhile, costume designer Iona Campagnola and wardrobe mistress Rosaline Thain are making costumes from original designs and carpenters, electricians and dtinsmiths are tearing out and rebuilding parts of the Civic Centre stage in order to give the big show more space in which to move around. The cur- tains are being completely re- hung in order to give the audience a better view of the stage.

Pat Wicks and Harv Lewis, who take the principal parts, have completed their individual rehearsals and are now working with the full company, which numbers nearly 50. Altogether, nearly 100 people are engaged in various phases of the produc- tion.

Tickets went on sale today, and include reserve seats in the front rows, with leather arm chairs provided. There will also be rush seats sold at the door.
