

Important Segments of Industry Hit by Layoffs During Past Week

By The Associated Press
Important segments of heavy industry in the United States were hit by a new wave of layoffs this week.

Most company spokesmen, in announcing the layoffs, blamed "adjusted production schedules" or "a lack of immediate business."

In Washington, a report from the bureau of employment security which is part of the labor department, indicated the number of jobs may exceed 2,000,000.

Idle are workers in U.S. automobile plants, steel mills, railroads and electrical manufacturing plants. The textiles, farm equipment and rubber industries also have been affected. Railroads in recent weeks have laid off about 18,000 employees.

The bureau said 413,300 initial claims for unemployment compensation were received in one week during the week ended Jan. 9. This is nearly 20 per cent higher than the previous week and represents the largest weekly volume of such claims since January, 1930.

Michigan appeared the hardest hit by the layoffs with the jobs lost at 12,000. At the Plymouth division of Chrysler Corp. and the automotive body (bodies) division, 1,000 workers were taken off the payroll Friday. Hudson Motor Co. laid off 7,000. Studebaker Corp. said in South Bend, Ind., that it would lay off 3,000 to 3,500 because it plans to cut production.

Between Steel Co. in Buffalo, N.Y., took additional heat treatments out of production. The Buffalo Evening News said that steel production in the area is at 70 per cent of practical capacity, compared to 100 per cent two months ago. It also said that the four-day work week is becoming prevalent.

The number of layoffs among railroads increased as the Reading Co. said 1,200 workers would be laid off at its main car shops in Reading, Pa., increasing the road's total layoff since the end of December to 2,400.

Total employment curtailment in General Electric plants in Auburn and Syracuse, N.Y., rose to about 1,000.

Lawyers Barred From Visiting in Oakalla
VICTORIA (CP)—Two Vancouver lawyers have been barred from visiting clients in Oakalla prison because of suspected trafficking in narcotics and liquor, the attorney-general's department announced Thursday.

Department officials said one lawyer was reported to have passed drugs to a prisoner and the other to have given liquor to another prisoner. Names of the lawyers were not disclosed pending completion of an investigation by the department.

ONE MAN WAS KILLED and 18 other passengers escaped into the sub-zero cold when fire broke out in a pullman on Canadian National Railway's westbound transcontinental flyer near Pembroke, Ont. Police held Charles Faulcault of Noranda, Que., for mental examination after he told them he fell asleep in his compartment with a lighted cigarette in his hand. All but one of the trapped passengers jumped through a window smashed with a travelling bag.

Trabert Wins Tennis Title

ADELAIDE (CP)—Tony Trabert turned the tables on Australia's Lewis Hoad today, beating the Aussie star 6-4, 6-2, 6-2 to win the South Australian singles championship.

In the recent Davis Cup challenge round Trabert lost a grueling five-set match to Hoad that enabled the Aussies to tie at 2-2.

Before the match started Hoad received treatment for a strained right elbow while Trabert was treated for a sore right shoulder.

Snow Blocks Rail Lines

VANCOUVER (CP)—Settlements in the Coquihalla Pass area were all but buried and telephone lines broken Thursday when snow piled as high as 18½ feet.

Canadian Pacific Railway crews were working around the clock to clear the line through the pass for Kettle Valley trains, but new snow continued to block the line. The CPR's mainline at Spence Bridge.
