DRAWING shows how the U.S. Navy's newest deadly weapon, a four-man midget submarine, can be carried by a giant helicopter from the deck of an aircraft carrier to landlocked seas and lakes. Vice Adm. Charles A. Lockwood Jr. (U.S.N., Ret.), World War II Commander Submarine Pacific, says the new baby subs "may revolutionize naval strategy and as we practice them today." Weighing only 25 tons, the tiny undersea craft will be manned by four frogmen and her principal armament will be mines—some of them atomic. These mines will be attached to the hulls of enemy vessels by the frogmen.

P. Elect Warns Businessmen Against Competition in Interior

Prince Rupert businessmen are being warned Thursday that unless they take steps to open up some of the interior towns of the riding, Vancouver and other companies would beat them.

The warning came from Ted Applegate, MP-elect who outlined his impressions of the riding as he has seen it since the recent election campaign.

Applegate, at the weekly luncheon meeting, Mr. Applegate said that the whole vast riding of signs of remarkable promise he toured the riding since ago.

Applegate said the riding population of the riding has grown from 21,000 in the last four years. Mr. Applegate said, with action and allied workers of the Alcan project accounted for at least 50 per cent of the increase.

Applegate said that the riding has not had too much optimism there since the election. He said that the riding has not had too much optimism there since the election. He said that the riding has not had too much optimism there since the election.

Death Toll Of 'Quake In Greece Said "Understated" At 1,000

Court Told Of Mob Actions

Evidence by Indian Superintendent Frank Anfield and Mayor Harold Whalen was heard today at the opening of the preliminary hearing on charges against eight persons accused of participating in an unlawful assembly early Sunday morning, August 2.

Those charged are James Slack, John Graham McKenzie, Earl Batt, Grace Green, George Flewin, Clayton Jarvis, Simon Morrison and Arnold Mervin Jonassen. At the request of crown counsel T. W. Brown, Q.C., Magistrate W. D. Vance dismissed the case against Mike Postuk who appeared in court on the same charge.

Under questioning by the prosecutor, Mr. Anfield declared he was present when a crowd gathered on "Skid Row" and later before the City Hall, that Saturday night and was "alarmed" by its actions. He believed there was danger of an attack on the police station.

"LET'S GET POLICE"

"Two men, who in my opinion were intoxicated, leaned through the window of my car and said 'Now's our chance, let's get the police!'" Mr. Anfield related.

Asked if he could identify any of the defendants as being present at the scene, Mr. Anfield singled out Grace Green, Simon Morrison and Earl Batt.

"She was evidently intoxicated," he said of the first. "She got to the front of the crowd at city hall and ran up and down, using violent language and urging the police to fight. It was a really disgraceful performance."

The witness said that Morrison was generally talking against the police, acting drunk and making a nuisance of himself. He said the accused declared the police had given the Indians a "raw deal."

Mr. Anfield stated he was present when Inspector Taylor, RCMP, spoke to Batt and "another young fellow" at the scene. He said the inspector asked the accused whom he could speak to as representing the crowd and Batt replied "You can consider we are," he said.

SHOOK HANDS

The witness added that Inspector Taylor and Batt later shook hands after the former asked that the crowd disperse and advised that complaints could be made to the police on Monday.

Questioned by defence counsel Mrs. Willa Ray, Mr. Anfield said Batt indicated he would endeavor to get at least half the number of the winning candidate's votes. They lost a total of \$9200 in deposits, which are held by the controller of the treasury at Ottawa.

Of the 46, five were Liberals, six were CCFers, seven were Social Crediters, 11 for Progressive Conservatives, and 17 were Labor Progressive Party candidates, including Mrs. Ann Minard, who sought election in Skeena riding.

The deposits now belong to "Her Majesty for the public uses of Canada," according to the Elections Act.

Latest returns from 150 of the 153 polls in Skeena riding show Mrs. Minard polled only 301 votes, compared to Ted Applegate, Liberal, who was re-elected for a second term with 5,259.

Harry Archibald, CCF, polled 3,679 and Jim McKelvie, Social Credit standard-bearer, received 2,883.

Three fish camps are still to be heard from.

WHAT'S SO FUNNY?" grumbles this tough customer as he sprawls in the sun with his favorite straw hat set at a rakish tilt. The grizzled bulldog could be wondering why he placed last in a Bologna, Italy, beauty contest.

"Holy War" Threat Looming As Moroccan Factions Split

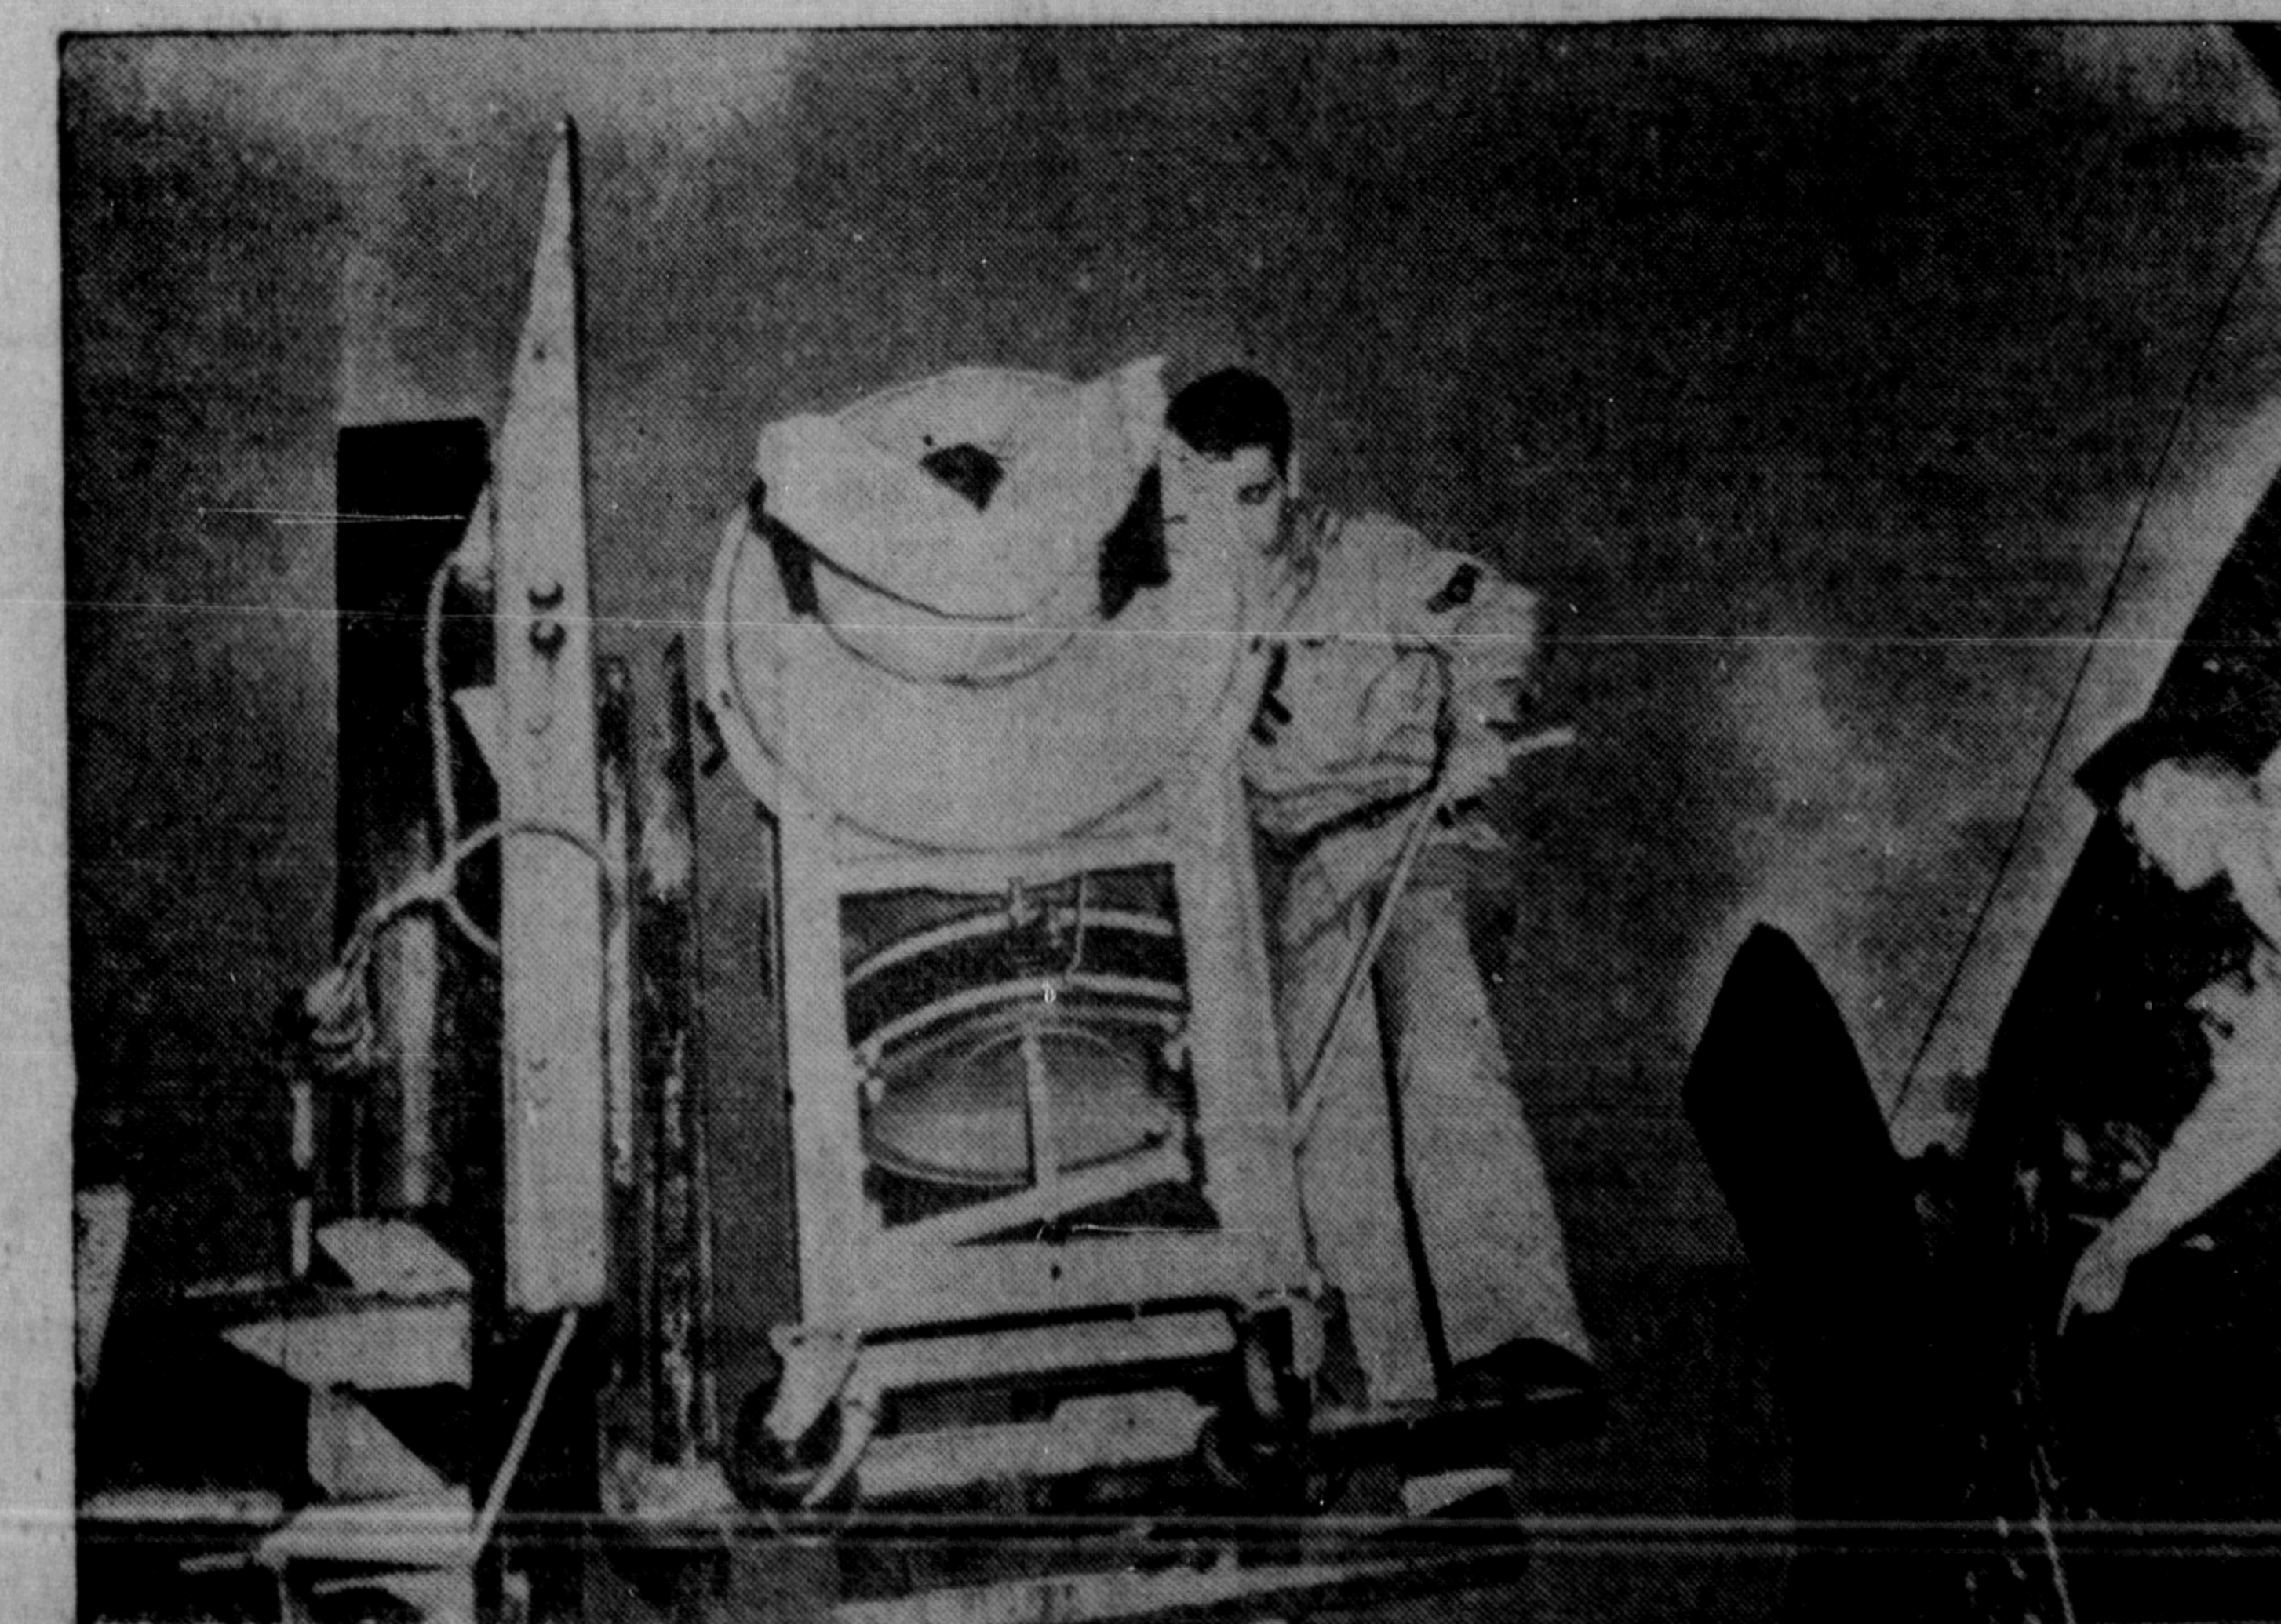

RABAT (AP)—France's tense North African protectorate of Morocco split into two armed camps today over a threat to unseat the nationalist-minded sultan. French armored troops were on patrol in an effort to avert riots that might turn into civil war.

Reports from south Morocco said the powerful pro-French Pasha of Marrakech, long an opponent of Sultan Mohammed V, had been named as the new ruler.

In Cairo, Ali Azhar, Islam's 1,000-year-old college and the Moslem world's most powerful religious institution, called on all Moslems to "support without reservation" the Moroccan sultan against El Glaoui. The appeal was tantamount to a threat of "jihad"—holy war.

Amid the gathering tension, U.S. Air Secretary Harold Talbott arrived here in the Moroccan capital Thursday night to inspect three of the five American air bases being built in Morocco. The U.S. already has spent \$200,000,000 on the bases and plans to spend \$400,000,000 more.

France's top man in the protectorate, Gen. Augustin Guillaume, and French Minister Plenipotentiary Henri de Blesson sent word to Talbott they were unable to meet him because of the tense situation.

U.S. AIR FORCE MEDIC Gerald J. Lonzo doesn't falter in his pumping even as the iron lung he's feeding air into is taken off a plane by a fork lift. Inside the lung, A/C Warren Beatty's life depends on Lonzo. Beatty, stricken with a lung ailment, was air-lifted from Korea to Japan for hospitalization. Four Air Force medics kept the stricken airman breathing on the flight by continuous hand-pumping.

400 Dead Counted In Two Communities

PARTI, Greece.—Modern Greece's worst disaster continued today to give up its dead and injured in uncounted numbers as fresh earthquakes brought new landslides, fire and misery to three small Ionian islands.

Air-sea rescue units and supplies from many countries converged on the devastated islands of Zakynthos, Kefallina and Ithaca. There was still no definite figures on the number of casualties.

The Greek government said that the death toll may reach 1,000 but an American observer who flew over the stricken areas said that all casualty figures "appear to understate the situation."

Rescue workers counted more than 400 dead in only two communities.

Hundreds of persons were injured and almost all the 12,000 population were homeless, many without food or water. Survivors subsisted on greens and roots from their ruined garden plots.

Islanders and thousands of rescue workers spent another night of terror as 11 more earthquake shocks rocked the Ionian Sea area.

American and British sailors are working non-stop alongside Greek troops and rescue squads to bring food, water and medical supplies to the islands.

Most of 2,000 or more injured were being treated in makeshift tent hospitals and in the open. Many others were brought to this mainland port, nearest large Greek city.

Storm Nears Island Base

NAHA, Okinawa (AP)—This great United States island base dug in tonight for one of the wildest typhoons ever recorded in the Pacific and a few hours away.

French Endure Grim Struggle With No End Yet in Sight

PARIS (CP)—France settled down today to a bitter struggle between striking labor and economy-minded Premier Joseph Laniel. With millions already off their jobs, the walkouts spread to civilian workers in the arsenals, army hospitals and quartermaster outfits.

Only 80,000 workers were involved in the 24-hour walkout at the military installations, but they dramatized the unions' determination not to yield to plans to trim government pay-

Hurricane Strikes Virginia

NORFOLK, Va. (AP)—The season's first big hurricane swept up along the Virginia coast today after lashing North Carolina's capes throughout the night.

Hurricane warnings were up all the way from North Carolina's outer banks to the Delaware breakwater.

Winds as high as 60 to 75 miles an hour were expected in the Norfolk-Virginia Beach area this morning accompanied by dangerously high tides. Increasing winds reaching hurricanes force late this afternoon were expected as far north as the Delaware breakwater, the bureau said.

Winds up to 90 miles an hour were reported in North Carolina.

At least one man was killed and five more were reported injured.

STREETS FLOODED

Power and communication lines were torn down, trees uprooted and broken, roofs and signs blown away. High tides and torrential rains flooded streets, highways and basements.

Forewarned, however, residents batten down everything that could be, evacuated the most dangerous areas and braced for the blow.

rolls and up the retirement age for the civil service.

With no end in sight, the railroads were still paralyzed, gas and electric service diminished, and the communication system tied in knots.

Employees in these and other government services, more than 1,000,000 workers, were out for an indefinite period. Their ranks were swelled Thursday by more than 3,000,000 others in numerous activities, public and private, who quit for 24 hours to support the civil servants' demands.

But Thursday's response to the strike call was only partially effective, indicating the wave might have reached its peak. Banks and insurance companies stayed open, as did department stores. The stock market functioned. So did most other private business, although all have been slowed by the lack of communications. Only in the metal-working industries was the strike generally effective.

Little Leaguers To Play Host To Terrace

Prince Rupert Little Leaguers will have an opportunity Sunday of matching their talents against an outside team. A local All-Star Little League squad will take on a Terrace junior team at Algoma Park Sunday afternoon in a doubleheader scheduled for 1:30 and 4:30 p.m.

The boys coming from Terrace will all be under 12 years of age and the Prince Rupert team will be made up of three players from each of the six Rupert Little League association teams.

Value of Fraser Salmon Run Up \$6,000,000 Since 1945

VANCOUVER (CP)—Canada and the United States are money in pocket because they decided to co-operate where salmon are concerned.

The value of the Fraser River salmon run has increased by some \$6,000,000 since 1949, because of the construction of the Hell's Gate fish ladders.

Before the ladders were constructed in 1945 the once-mighty yield from the waters of the Fraser had been reduced to only a small fraction of the record 2,400,000 cases packed in 1913.

In that year the walls of the river canyon collapsed. Four years later, when the next run went up the river, the pack slipped to only 133,000 cases.

In contrast, Canadian and American boats so far this year have taken 3,521,000 sockeye fish, or 320,000 cases. This figure may reach 400,000 cases before the season ends.

In 1949 the sockeye pack was half of this or 181,000 cases. At the current price of \$38 a case in the United States and \$33 in Canada, this means Canada will show an increase of some \$2,500,000 over the 1949 figure.

In 1951 the total catch was more than \$8,000,000 ahead of the previous run in 1947 and last year the run was almost \$3,000,000 ahead of 1948. It must be remembered in these calculations that the fish have regular and periodic treks into inland waters such as the Fraser.

- WEATHER -

Forecast
North Coast Region: Southern districts sunny today, cloudy on Saturday. Not much change in temperature. Light winds. Low tonight and high Saturday at Port Hardy 50 and 65. Remainder of region cloudy and a little cooler today and Saturday. A few light rainshowers today. Winds southeasterly 15 in exposed areas, otherwise light. Low tonight and high Saturday at Sandspit 54 and 63, Prince Rupert 52 and 63.
