Abbott Pours Glass of Water For Heckler

LACOMBE, Alta. (CP) Finance. Minister Abbott debated vigorously with hecklers and appeased one by pouring him glass of water at a lively public meeting Wednesday night this town, 80 miles south of Edmonton.

Two of the hecklers were identified as the same pair who were ejected during an Edmonton speech by Prime Minister St. Laurent Monday night. But nobody was thrown out, everyone appeared to enjoy the fun, including Mr. Abbott, who called it "one of the finest meetings I have ever seen.

On the platform with the finance minister were Jean Paul St. Laurent, son of the prime minister; Alberta Liberal leader J. Harper Prowse, and Clinton Reed, Liberal candidate Wetaskiwin constituency.

The audience of some 80 persons first began to stir as Mr. Reed began to outline the government's record.

"What record?" one of the hecklers interjected.

The next speaker, Mr. St. time he had been on a platform with a cabinet minister outside Eastern Canada. A member of the audience invited him to go back to the East.

After another spirited exchange during which a heckler and someone in the back row threatened each other with fisticuffs, Mr. Abbott waved his spectacles in admonition and asked the heckler why he didn't Mrs. Kuefeler's biggest job is listen to those on the platform
