

Parent Problems Discussed at High P-TA Meeting

Parents of Booth School students met for a constructive address on the school curriculum by M. Hurst, at a P-TA meeting.

Regretted that more parents were not at the meeting, he said that if more parents tried to understand the school, they could help to students in their studies. A major difficulty was the filling of the time cards because they were not sure of the correct course on which to place the child.

Members decided that regular meetings will be held on the second Monday of each month.

Mr. P. Mark reported on the Parent-Teacher Council meeting and Mrs. A. E. Carlson spoke on Young Canada Book Week, urging members and their families to make more use of the local library.

A committee was set up to reorganize the "Soup's On" program for the high school students. Volunteers were Mrs. M. C. Brydges, Mrs. R. G. Farmer, Mrs. Clay, Mrs. A. Desautels, Mrs. Eugene Bartlett and Mrs. E. W. Becker.

Noted Artist-Designer Clifford Robinson Arrives

A Vancouver artist-designer who has achieved distinction in many forms of art arrived here yesterday to conduct a special five-day course in painting. He is Clifford Robinson, youthful director of arts and crafts for the University of B.C. Extension Department.

Mr. Robinson's visit to Prince Rupert is part of his yearly tour of provincial centres arranged in the adult education program of the UBC Extension Department. Last here two years ago, he has an enthusiastic following among the local arts group and is assured of at least 30 in the class which starts tonight at 7:30 in Booth Memorial High School and continues nightly through Friday.

Besides being a painter of repute, Mr. Robinson has gained recognition as one of the three foremost stage-set designers in Canada. In 1948 he became the first Canadian to win the travelling fellowship sponsored by the U.S. National Theatre Conference.

In addition to his current work in Vancouver, he has given instruction in this art at Calgary and at the Banff School of Fine Arts. If there is sufficient interest in Prince Rupert, he believes arrangements can be made to include stage decoration in his instruction here.

Mr. Robinson's career started by way of his uncle's Alberta ranch where he grew up and developed a fondness for Indian art. He studied at the Institute of Technology and Fine Arts in Calgary and smoothed his way to further studies by winning numerous scholarships. These included scholarships awarded by the Calgary Business and Professional Women's Club, the Society of Artists, and the Fuller Brush Company.

In addition to painting and stage design, he expanded his accomplishments to include sculpture, wood-carving and batik, which is a Japanese wax-resist technique for designing textiles. An exhibition of his painting and batik work is to be held soon in Vancouver. During the way he was engaged in developing camouflage for the army.

After Prince Rupert, Mr. Robinson will continue on to Prince George, Quesnel and Williams Lake. His classes include lectures, demonstrations and workshop periods. To illustrate his lectures he shows slides of the work of modern and old masters. All interested are welcome to attend.

Surprise Party Fetes Mrs. Eyber

The staff of Wallace's Department store staged a surprise party in honor of Mrs. E. Eyber, manageress, at the home of Mrs. Rod Smith, 1155 Ambrose Avenue.

Mrs. Eyber will be leaving shortly to take up residence in Vancouver.

The guests enjoyed music and dancing, and a surprise recording of their voices, and presentations were made to the guest of honor. Mrs. M. Stewart spoke on behalf of the staff and Mrs. W. Webster presented the honoree with a corsage of carnations. Mr. Douglas Wood, manager, presented her with a beautiful earring and necklace set on behalf of the staff.

Included in the evening's entertainment was a solo by Mrs. Betty Crawford, accompanied at the piano by Mrs. R. Smith, and community singing and dancing with Mrs. Betty Ellison at the piano.

Refreshments were served, featuring a "Bon Voyage" cake made by Mrs. W. Bowes, and the party ended with singing of "She's a Jolly Good Fellow."

Invited guests included Mrs. M. Haines, Mrs. W. Webster, Mrs. M. Stewart, Mrs. E. Hall, Mrs. W. Bowes, Mrs. E. Berry, Mrs. R. McGregor, Mrs. V. Beckett, Mrs. B. Crawford, Mrs. E. Davidson, Mrs. C. Smith, Mrs. M. Rodseth, Mrs. B. Ellison, Mel Skalmerud, D. Wood, T. Yule and L. Felsen-thal.

Mr. Peter Wong, manager and owner of the Broadway Cafe in Prince Rupert is enthusiastic about B.C. Hospital Insurance. Although he has not been in hospital himself, Mr. Wong is convinced that Hospital Insurance is something that no one can afford to be without. As Mr. Wong puts it, "Where else can you get such excellent protection at such low cost. It's the easiest way I know of to relieve yourself of worry about high hospital bills." Are you and your family protected? Your local B.C.H.I.S. representative, Mr. R. A. Knight, is located in the Government Agent's Office, Prince Rupert.

How many products do we get from crude oil?

From eggs, a hen can expect just one product—chicks. But from crude oil, Imperial refines 679 different products, ranging from weed killers to heavy asphalts. And that is not all—crude oil also supplies petroleum gases and other raw materials for plastics and synthetic rubber.

Oil plays a large and growing part in our everyday living. How many of these questions about it can you answer?

Oil supplies are vital to defence. The gasoline required to move one armoured division 100 miles would run your car for 10 years? 95 years? 350 years?

The average family car could be operated for 350 years on the gasoline needed to move an armoured division 100 miles.

The average weekly pay cheque of Canadians in 1939 would buy 84 gallons of gasoline. How many gallons will today's cheque buy 79? 135? 93?

Even though gasoline road taxes are higher in all provinces, today's average pay cheque will buy 135 gallons.

Scientists believe oil was formed from the remains of tiny sea creatures which lived millions of years ago. Would you say oil is found in rock? pools? swamps?

Oil is usually found far underground in the tiny pores of rock such as limestone or sandstone. The word petroleum is derived from the Latin "petra" and "oleum"—rock oil.

How much will the oil industry spend each week this year to find and develop oil fields in western Canada \$2 3/4 millions? \$6 millions? \$12 millions?

The industry is expected to spend \$300 millions on exploration and development this year—about \$6 millions a week.

It takes many millions of dollars in plant and equipment to provide high-quality oil products when and where you need them. How much does this amount to per Imperial employee \$3,856? \$16,597? \$30,715?

Imperial's investment in plant and equipment is \$30,715 for each of its 13,500 employees, and it is still rising.
