## 2 Canadian Streams Offered Winners In Third Section of Fishing Contest

NEW YORK — Field and Stream magazine today announced the prize winners in the third and last section of its 1952 fishing contest.

Two Canadian streams offered winners in today's list, which comprised the spinning division, but there were no winning Canadian fishermen.

In Separation Lake, Ont., Harry Bloch, Jr., of Milwaukee, Wis., hooked the record northern pike for the year on an eppinger dardevil. Caught Sept. 12, the pike weighed 20 lb.

A 7 lb. 9 oz., brook trout, caught Sept. 8 by Alfred Weigler of Manchester, N.H., in Lake Nipigon, Ont., was top catch in its class. Weigler also used an eppinger dardevil.

Other record catches in the spinning division:

Florida bass—12 lb. caught on a Florida shiner Oct. 22 in St. Johns River, Fla., by William Flowers.

Large mouth black bass—northern division—7 lb., 10 oz., caught by Eugene Landurand, Aug. 30, in Big Bear pond, Mass., on an abrogast jitterbug.

Largemouth bass—southern division—13 lb., caught on a baby daltos special in Grassy pond, Ga., by J. G. Longworth, July 6.

Smallmouth bass—6 lb., 12 oz., caught Aug. 20, by Ray Swihart in Bullard Bar, Calif., on an abrogast Hawaiian wiggler.

Bonafish—9 lb., 8 oz., caught by Mrs. Helen David Feb. 15 on a Capt. Mac's Bucktail in Biscayne Bay, Fla.

Chinook salmon—40 lb., 8 oz., caught in Nestucca river, Ore., Oct. 23 on flash bait by W. Keith Henderson.

Brown trout—19 lb., 11 oz., caught Oct. 30 in Owens river.

## Four Players From Detroit Dominate NHL All-Star Team

MONTREAL (CP)—Four Detroit players dominate the National Hockey League all-star team for the third successive year and the make-up of the 1952-53 team, released by the NHL today, shows only one change from the 1951-52 lineup.

Centre Fleming Mackell of Boston Bruins was chosen for the first time. The 1951-52 choice was Eimer Lach of Montreal Canadiens. Mackell led the league's centres with 27 goals. Defenceman Red Kelly and winger Gordie Howe of Detroit were the only unanimous choices with 90 points each.

Each member of the first all-star team receives \$1,000 from the NHL; second-team members \$500.

Hockey writers and broadcast- ers in the six NHL cities voted. Five points were awarded for each first choice, three for second, one for third. Each city was allowed three ballots.

First-team choices had com- fortable point-margins. The second team's left-wing position went to Bert Olmstead of Mon- treal by one point over Chicago's

Jimmy McFadden. Selections, with points brack- eted: First Team Goal, Terry Sawchuk, Detroit (69); Defence, Red Kelly, Detroit (90) and Doug Harvey, Montreal (56); centre, Fleming Mackell, Boston (73); Right wing, Gordie Howe, Detroit (90); left wing Ted Lindsay, Detroit (88).

Second Team Goal, Gerry McNeil, Montreal (57); defence, Bill Quackenbush, Boston (44) and Bill Gadsby, Chicago, (30); centre, Alex Del- vecchio, Detroit (22); right wing, Maurice Richard, Montreal (52); left wing, Bert Olmstead, Mon- treal (26).

## B.F. Goodrich Tubeless Tire

Because IT HAS NO TUBE

It may save your life...

The B.F. Goodrich Life-Saver Tubeless Tire gives you maximum protection against the hazard of blowouts and dangerous skids, that frequently result in serious injury, and even death.

It can save your trouble...

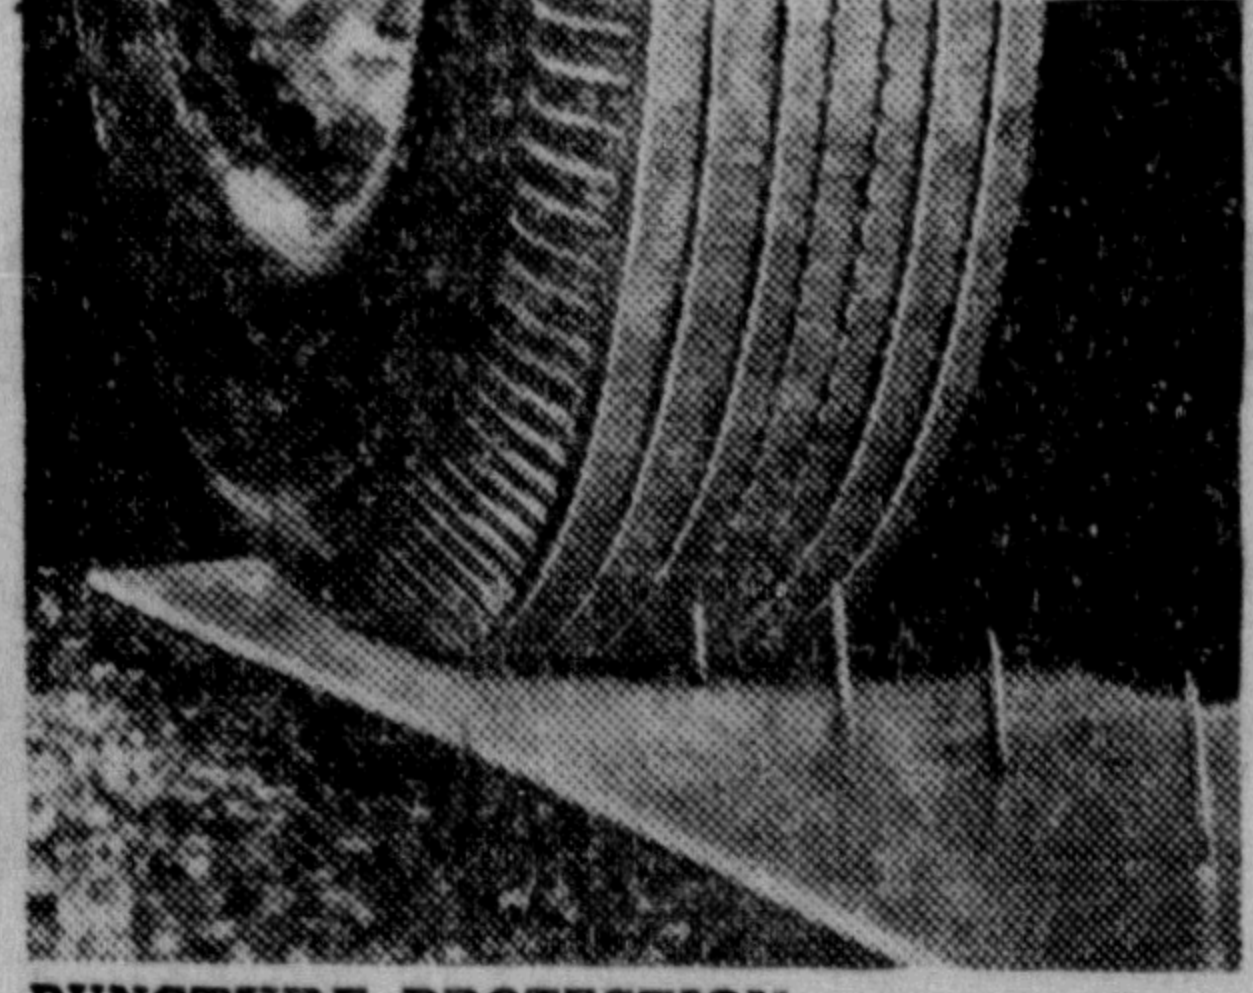

The B.F. Goodrich Life-Saver Tubeless Tire seals punctures on running wheels... protects against the annoying trouble caused by flat tires.

It will save your money...

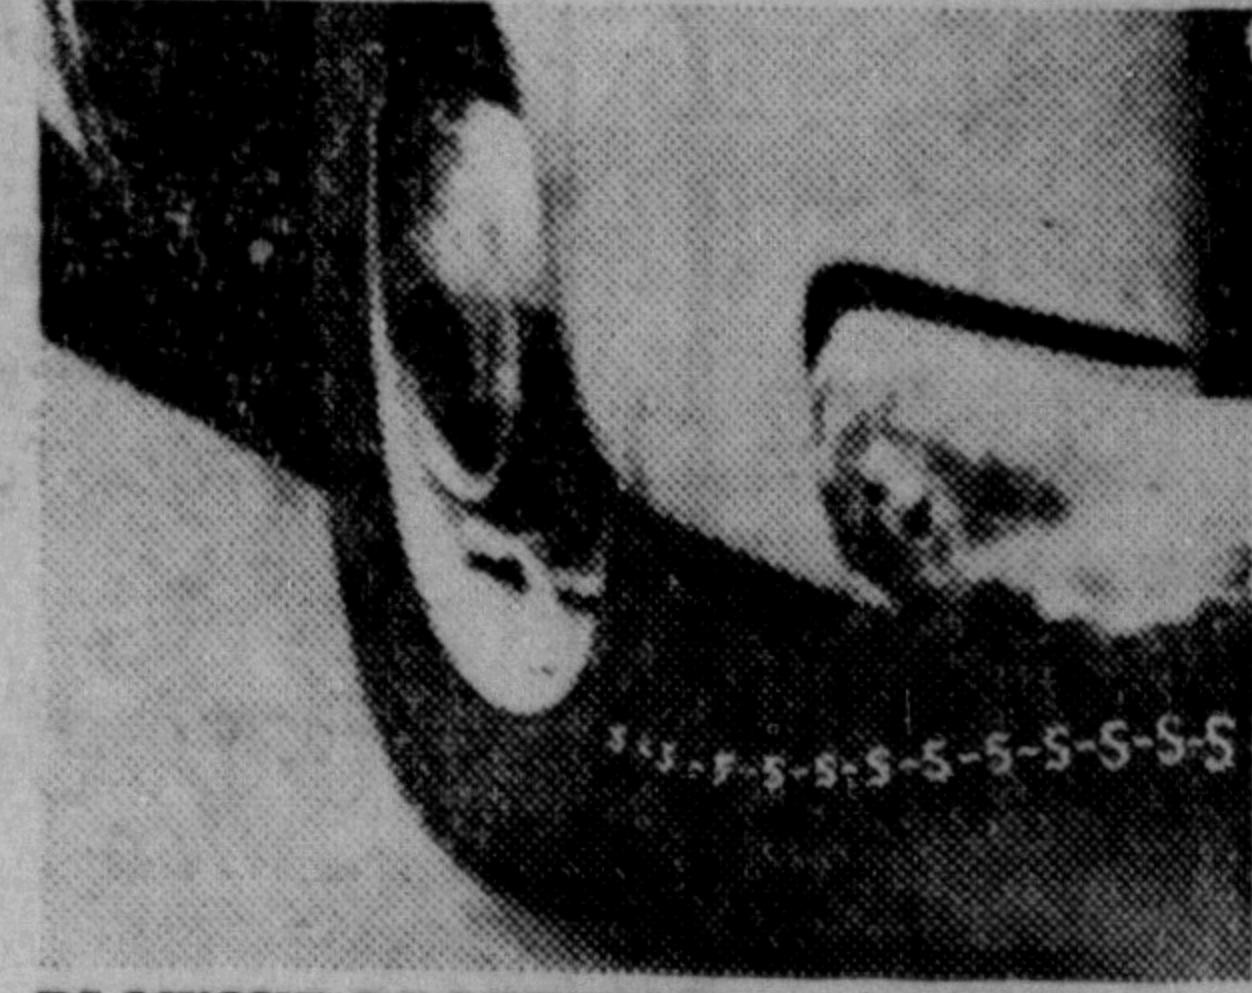

The B.F. Goodrich Life-Saver Tubeless Tire provides greater safety than any tire and tube, yet it costs less than the conventional safety tire-tube combination.

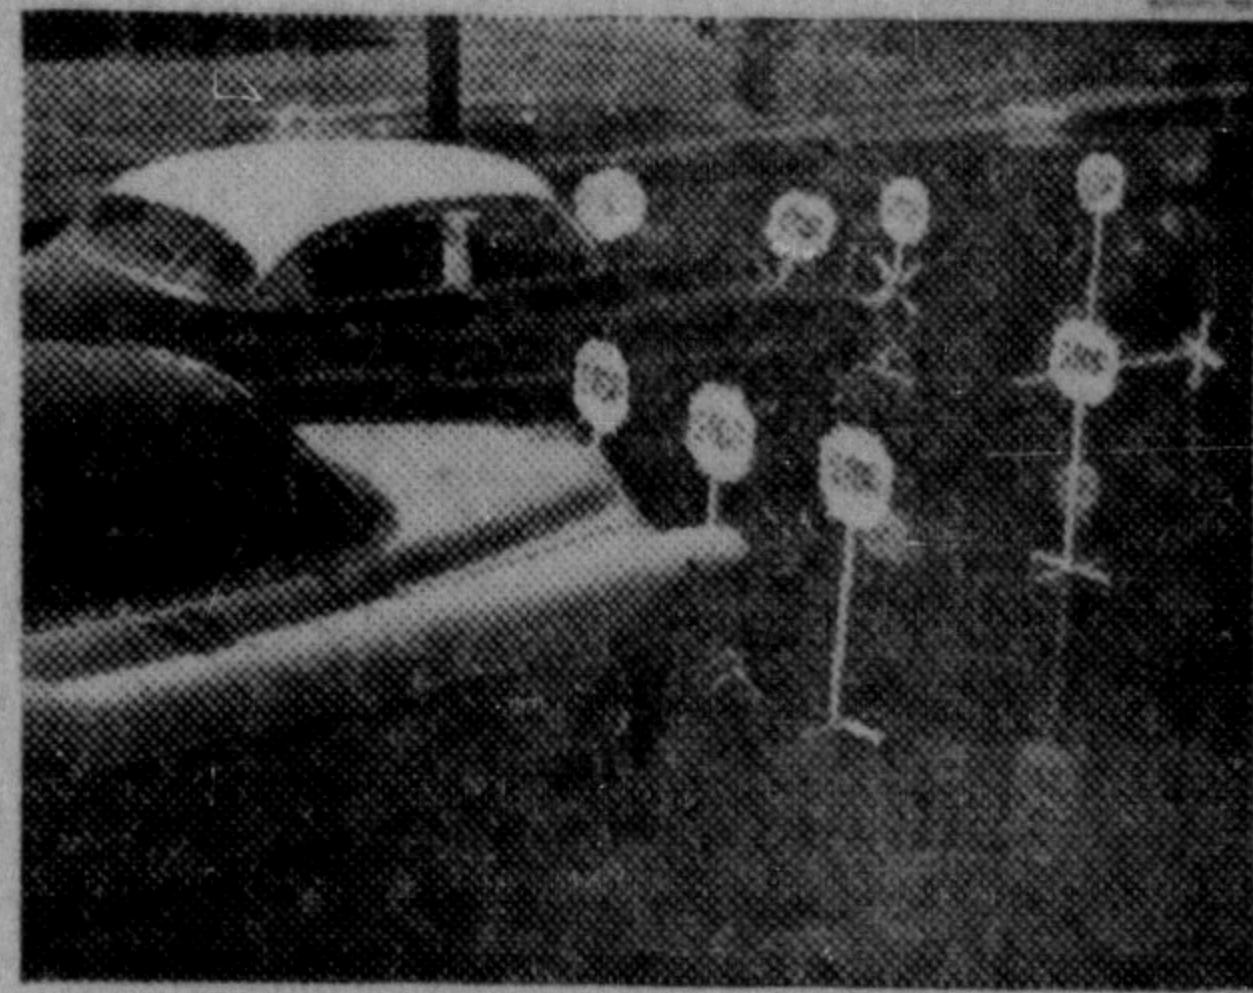

Automobile accidents caused by tire blowouts account for the loss of many lives, and an even greater number of serious injuries. Blowouts are caused when the inner tube explodes through weakened or broken tire cords. Because it has NO inner tube, a B.F. Goodrich Life-Saver Tubeless Tire changes a sudden, dangerous blowout to a safe s-s-slowout—allowing you time to stop your car safely, with perfect control.

PUNCTURE PROTECTION A gummy rubber compound under the tread immediately seals around puncturing objects, and permanently seals the hole when the object is removed. Inconvenience and delays are eliminated.

BLOWOUT PROTECTION Instead of a tube, the Life-Saver has a patented inner lining that's part of the tire. In event of damage there's no sudden blowout, only a small break in the liner, a s-s-slowout that lets you stop safely.

SKID PROTECTION The Life-Saver tread is cross-cut into thousands of tiny grip-blocks. At 30 miles per hour on wet roads, it stops you a car length quicker than regular tires... and gives you longer mile-age too.
