

### Caledonia Diocesan Auxiliary Plans Meeting Here Monday

Members of the Women's Auxiliary to St. Andrew's Anglican Cathedral here are preparing to play hostess to 19 women from points throughout northern B.C. Monday and Tuesday.

The visitors will be delegates to the 42nd annual meeting of the Caledonia Diocesan Board of the Women's Auxiliary of the Church of England in Canada.

The sessions will start Monday at 9:30 a.m. with Holy Communion at the cathedral, and continue through Tuesday. A highlight of the Monday afternoon session will be an address by Mrs. F. G. Cousins, dominion western vice-president of the W.A.

The Monday night session, open to all W.A. members, will see a film, "The Challenge of Africa," shown in the Cathedral Hall at 8:30 p.m.

## PERSONALS

Mrs. J. R. Carr, 925 Borden Street, has as house guests several relatives of Mr. David McDougall whose marriage to Miss Peggy Gowan will take place here June 10. Mr. McDougall's mother, Mrs. J. McDougall, Sr., and his brother and sister-in-law, Mr. and Mrs. J. McDougall, Jr., all of Rockwood, Ont., and his uncle and aunt, Mr. and Mrs. H. Lawrence of Woodrow, Sask., all arrived last night by car.

Also travelling south aboard the Rupert was Mrs. T. J. Boulter, 722 Taylor Street, who will holiday in Vancouver, Seattle and other points. Mr. Boulter will join her next week.

Mrs. M. P. McCaffery, 445 Fourth Avenue West, was another boarding the Rupert last night. She will visit a daughter in Seattle and a son in Vancouver.

Mrs. D. V. Locke of T. Edwards Co. Funeral Home returned to Vancouver by plane today.

### Legion Auxiliary Plans Welcome For Mrs. Black, B.C. President

Tributes to Mrs. J. S. Black, elected president of the B.C. and Pacific Command Legion Ladies' Auxiliary at the annual meeting in Penitence Wednesday, and plans for a welcome home for the longtime L.A. member highlighted last night's meeting of the Rupert L.A. of Branch 27.

Mrs. Black, a past president of the local branch and on the executive of the provincial executive for the past three years, will be met at the boat when she returns, by officers of the local branch, and entertained at a party.

Another highlight of last night's meeting was initiation of four new members, Joan Burton, Mrs. H. Cooper, Mrs. F. J. Lawrence and Mrs. A. B. Love. Also welcomed at the session was Mrs. Lewis, a visitor from Vancouver.

Mrs. M. Ryan, vice-president,

conducted the meeting in the absence of President Mrs. V. Duncan, who is attending the convention.

The meeting accepted an invitation from the Imperial Order Daughters of the Empire to participate in observance of Decoration Day, June 20. The day will see a parade leave the Legion at 2:30 p.m., bound for the cemetery where wreaths will be laid.

The group also planned participation in the new Legion bulletin for members and Mrs. Jean Nixon was named publicity representative for the auxiliary.

### As Much As 15% of The Power Your Engine Could Develop Is Being Held Captive

**TCP, blended into Shell Premium Gasoline, releases this power—by neutralizing lead and carbon deposits**

Lead and carbon deposits which are responsible for the greatest power loss in today's cars, can now be neutralized by the newly discovered additive TCP.

How these deposits steal power—These deposits build up in combustion chambers and glow red-hot when you step on the accelerator to pass a car or make a hill. These "hot spots" set off the fuel charge before the piston is ready for its power stroke. This is called pre-ignition; power works against you instead of for you.

Lead and carbon deposits also accumulate on the tips of spark plugs and prevent the spark from doing its job. The deposits actually divert electricity from the electrodes and keep the plug from firing. This is called misfiring. It results in wasted fuel and power.

The greatest Gasoline development in 31 years.

That's the way power is held captive in your car, but now this captive power can be unlocked by Shell Premium Gasoline with TCP.

**This Week**

A meeting of Job's Daughters will be held tonight at 8 p.m. Initiation, Silver, March and party.

### Ever hear of a Frigidaire refrigerator sagging or twisting?

When you buy a genuine Frigidaire refrigerator you get a one-piece "Double X" steel cabinet so strong it will carry the crushing weight of a 4-ton elephant! Any wonder it can never sag or twist?

That's just one example of Frigidaire's "hidden values". Advantages you can't fully appreciate until your Frigidaire has been serving you many, many years!

You get such hidden values in wonderfully full measure when you insist on a genuine Frigidaire refrigerator.
