HEINZ puts in the CREAM

You add ONLY water

SULT: real Cream of Tomato Soup

Save 1/2 pint of MILK with every tin of HEINZ CREAM OF TOMATO SOUP

When you buy straight Tomato Soup and add an equal amount of milk to produce a soup that tastes something like Cream of Tomato Soup, you lose out on getting a rich creamy flavour and you also lose out on the cost.

Why not buy Cream of Tomato Soup to start with, as made by Heinz? Then you can save on milk and get a better result by simply adding water.

Try a comparison between straight tomato soup diluted with milk and Heinz Cream of Tomato Soup with only water added. Taste the wonderful difference!

Queen Busy Packing, Making Plans For Lengthy, Arduous Australian Tour

By MURIEL NARRAWAY

LONDON (P)—A host of personal chores and decisions confront the Queen these days, typical of the problems facing persons leaving home on a long trip.

Packing is to be done to fit a schedule of varied activities, climates and means of travel. Presents have to be bought for the family that will be celebrating Christmas without her.

When she boards the plane for the flight to Bermuda Nov. 23, starting an Australian tour lasting six months, she will have chosen the jewelry and clothing inside the lightweight luggage purchased for her 1951 Canadian trip. There must be enough to last until she boards the chartered liner Gothic at Jamaica, Nov. 27. It must be suited to the occasions before her and befitting for a Queen.

SUMMER DRESSES

Most of her clothes are ready—with the exception of a few final fittings and the inevitable hard-to-make decisions even queens leave for the last moment. Conscious of the variety of weather she will meet on this around-the-world journey, she has sought advice on clothing

colors and materials from diplomatic sources of the countries concerned.

One thing is certain. The weather will range from warm to downright hot until she gets back home next May. She is expected to wear many silk and nylon materials of gossamer weight and she's picked at least a dozen off-the-peg cottons ranging in price from £4 to £8.

As she did on her Canadian tour, the Queen will probably include a lot of ballet-length evening dresses, easier to wear and less bulky than the embroidered crinolines she has made famous. Already packed are crinoline, hat and shoe boxes and the heavy, crested black and brown suitcases that have been in the Windsor family for more than a generation. Appended are lists detailing contents and position inside.

ADVANCE TIPS GUARDED

One subsidiary problem has been that, as usual, the Queen has less freedom to change a chosen outfit than most of her subjects. That is because the clothes and color she will wear at a certain function are indicated to closely-concerned women well ahead of time. The custom prevents wives of officials and diplomats from the embarrassment of choosing something clashing or closely identical.

The knowledge goes, however, to only a chosen few. Other than that her garments are secret until she appears in them, when details are readily given out by the designer concerned.

The problem of hot-weather makeup has been considered carefully to provide the Queen with the different shades and

types required for her "English rose" complexion in any climate. Adviser is Australian-born Thelma Holland, who has looked after the Queen's beauty problems since 'teen-age and who was responsible for the Queen's natural beauty on Coronation Day.

Then there are presents, an important last-minute task. One will be a birthday present for Prince Charles, five years old on Nov. 14. Both he and Princess Anne will get personally-selected departure presents from their mother—she never leaves it to anyone else—and there will be others during the trip, chosen en route or selected beforehand.

Strange Sub Seen in North

ANCHORAGE, Alaska (AP)—

The Anchorage Times reported Tuesday that an unidentified submarine and airplane, believed to be Russian, observed at close range the activities of the Alaska national guard on St. Lawrence Island recently.

The report has been denied officially by military authorities but the Times said its story is from authoritative sources. It said both the plane and submarine were painted black and neither bore any identification marks.

St. Lawrence Island is about 25 miles from the International date line and less than 50 miles from the southeastern tip of Siberia.

Hooray For The Revolution! ... It's Easy To Win Fame as a good cook among your friends, if you're clever with the flavour! And the cleverest way to do that, I think, is to keep a full supply of HEINZ CONDENSED SOUPS on your shelves. They bring the appetite-appeal of fresh garden vegetables — of delicate chicken — of perfect mushrooms — of creamy celery — or vitamin-rich tomatoes (and a host of others!) Use them alone, or in combination, as a first course for dinner — or a main one for lunch. See how good they are as a base for sauces or dressings — and how they transform a dull casserole or omelet! Ingredients in Heinz Condensed Soups are all of top-notch quality.

Oh, My Pretty Hands! ... that's why we've got to remember that the very same chemicals in the new detergents ... which melt away the grease and dirt from dishes or laundry — also melt away natural oils in the skin! But JERGENS LOTION can fix that problem for any woman, in a jiffy! Just make sure that after every use of a detergent you smooth a little of the pure, white Jergens Lotion into your hands. This way, two ingredients which doctors use for softening (both in Jergens Lotion!) penetrate into your skin in seconds, and help to replace the softening moisture your hands need. Keep Jergens in the bathroom — the laundry — the kitchen! Use Jergens Lotion — avoid detergent hands. 15c, 37c, 65c and \$1.15.

Take The Chill Off The Morning With A Hot Breakfast. It's good for you — particularly when it's hot "CREAM OF WHEAT". What a delicious way to start a brisk Fall day! A good hearty breakfast of hot "Cream of Wheat" gives you enough quick-starting food energy to last right up to lunch time. Gives you iron for good red blood, and calcium and phosphorus for diets deficient in those elements. Lots of folks add tasty toppings to their "Cream of Wheat" ... brown sugar, for instance, is simply "scrumptious" according to my family. And I'm sure yours
