

Brenner Keeps Broncs in Lead

By The Canadian Press
Manager Bill Brenner pitched and batted Lewiston to a 9-7 win over Wenatchee Tuesday night to preserve the Broncs' narrow lead in the Western International Baseball League pennant race.

Brenner scattered 10 hits as he marked up his 21st victory on the mound, and drove in the winning runs with a sixth inning double.

The win kept the Broncs six percentage points ahead of the Spokane Indians, who also won. Spokane, keeping pace with the Broncs, posted a 6-1 triumph over Yakima.

Don Bricker's three-run homer in the top of the 10th inning provided Calgary's winning margin in a 10-9 victory at Tri-City.

Victoria shut out Vancouver on both ends of a twin bill, winning the opener, which went eight innings, 2-0 and the nightcap, 6-0.

In the Pacific Coast League Seattle defeated Sacramento, 4-1 and Los Angeles shaded Hollywood 7-4. The games cut Hollywood's margin over the Rainiers to 9½ games.

The lowly Oakland Oaks conquered the San Francisco Seals twice, 2-0 and 7-1.

AL BRUNO, import end with Toronto Argonauts in the Big Four football league, snags passes from almost any angle. The six-foot-one 190-pound Bruno was one of top scorers with Argos, national champions for last two years. He now is in his second season, coming to Argos from Philadelphia.

Commercials After Vital Win Sunday

Last scheduled game of the Prince Rupert Senior baseball league is scheduled Sunday afternoon at Roosevelt Park when league-leading Gordon & Andersons take on Commercial Hotel. Commercial trail G & A by one game, having won 15 and lost 8 during the 24-game season. The Gordon & Andersons

have chalked up 16 wins to only 7 losses. Third place Esquires were away behind when they finished their scheduled play with only 9 wins to 15 losses. However their record was sufficient to give them a playoff berth since Terrace won only 7 games and lost 17. No word from the executive has been received whether there will be a playoff if Commercial win Sunday G & A for the league title. Game time is 1:45 p.m.

REMEMBER WHEN

By The Canadian Press
Lynwood Schoolboy Rowe, Detroit hurler, scored his 16th consecutive victory for the Tigers at Washington 19 years ago today. He lost his next appearance at Philadelphia four days later. Rowe developed arm trouble and was shipped to Beaumont in the Texas League in 1938, but returned to become the American League's champion pitcher in 1940.

Roberts Downs Braves to Post 21st Win; May Need Luck to Score 30 Victories

By BEN PHLEGAR

Associated Press Sports Writer
At least 11 pitchers still nurse hopes of joining Robin Roberts of Philadelphia Phillies as 20-game winners this season, but most of them will need Lady Luck on their side to make the grade.

With less than five weeks to play even Roberts, who at one stage looked a good bet to win 30, probably will consider himself extremely fortunate if he comes close to his last year's total of 28.

The strong-armed righthander posted victory No. 21 Tuesday night 13 days after winning No. 20, by handcuffing Milwaukee on five hits for a 6-1 decision.

Closest to him in either league is lefty Warren Spahn of the Braves who won his 18th Sunday.

Five of the other 10 hopefuls worked Tuesday night. Carl Ernsine of Brooklyn, Gerry Staley of St. Louis Cardinals and Bob Porterfield of Washington all won their 16th games. Billy Pierce of Chicago White Sox failed in his bid for No. 17 and Bob Lemon of Cleveland was

beaten trying for his 18th. Roberts' success Tuesday night enabled the Phillies to break even since the Braves took the second game 6-2. Brooklyn split a pair with Chicago Cubs, losing 3-1 and winning 6-5. The Giants beat the Cardinals 3-0 and lost 9-2. Cincinnati won two from Pittsburgh, 8-6 and 9-8.

In the American League the Yankees picked up a game on the White Sox and now lead by 9½. New York edged Detroit 6-3 in 11 innings and Chicago lost to Philadelphia Athletics 4-2. Washington beat Cleveland 8-4 and Boston and St. Louis Browns weren't scheduled.

Eddie Mathews of Milwaukee hit his 40th home run in the first game off Roberts. In the nightcap Lew Burdette, the best percentage pitcher in the league, won his 13th against two losses.

SPORTS ROUND-UP

By GALE TALBOT

NEW YORK (AP)—There will be no attempt here to picture the big league ball player as a downtrodden slave to a band of greedy masters, but it might be possible to explain from personal observation some of the irritations which have driven the diamond heroes to hire themselves a lawyer.

In the main, the grievances of the athletes are minor ones when taken individually. None of them is of a nature to create a great deal of sympathy for what is generally considered to be a highly-privileged group of young men. When they are lumped, though, they add up to quite a pile of discontent.

They burn about the rigors of the two-light doubleheader and about the late night game from which they rush to catch the last train to their next stop, where they must show up at the park again by noon, still only half awake. They complain that their insides are chronically upset while they are on the road.

Players who, through no fault of their own, are attached to the less wealthy clubs, are jealous of the more considerate treatment given their opponents with the rich and successful outfits. One of their goals will be to obtain uniform handling when away from home.

To illustrate the present disparity, reporters with New York Yankees were astonished upon boarding a post-midnight train out of Philadelphia the other morning to see members of Philadelphia A's, including manager Jimmy Dykes, munching sandwiches and downing bottled beer on the platform. The Yankee party entered its own private dining car and ordered steaks.

COST OF LIVING

Another common gripe is that salary has not kept pace with the cost of living. We have heard players doubt seriously that they were smart in staying with the game. We might add that the average big leaguer of today is bright enough and sufficiently educated to have tackled the

business world with some chance of success.

"All you fellows write about are the stars who make the real big money," we were informed recently by an ex-player who got out while still young. I was in the big leagues for four years and I was making exactly \$9,000 a year when I quit. I didn't think that was anything to look forward to."

At that, he was doing better than many of them. The minimum pay at present is \$5,000, and occasionally we hear an amazing story of the puny salary being paid some fairly well-known player. This does not happen too often, for such a player is reluctant to admit his lowly financial status. He would rather contribute to the legend of whopping big league pay.

Life Suspension Of Rider Upheld

VANCOUVER (CP)—Suspension of jockey Richard Rossall from racing for life was upheld Tuesday at a special hearing at Exhibition Park. The suspension is effective throughout North America.

The hearing was held before Bert Thompson, Western representative of the Jockey Guild, who flew here to investigate the case after the 17-year-old rider from Peasanton, Calif., was set down for an unsatisfactory ride here aboard Vally Band Aug. 18. He was accused of "pulling" his mount.

In a prepared statement, Thompson said he "must agree with the official ruling that he, Rossall, shall be ruled off the race track for life."

The statement also said a jockey in the same race gave evidence at the hearing that Rossall had told him of betting \$100 on another horse in the race for which he was set down.

Rossall denied betting on another horse and said the \$100 had been on his own mount.

If you are a veteran and are genuinely interested in Veterans' Land Act for Prince Rupert, you are urged to see the Secretary-Manager, Canadian Legion, Branch No. 27. It is possible that future legislation may assist the veterans of Prince Rupert to establish under V.L.A.

It is essential that interested veterans be listed at this Branch, as need of such legislation must be established before a brief can be prepared.

SOON THE ATOM WILL BAKE A CAKE

ANY DAY NOW there'll be news of some revolutionary civilian use of atomic power.

HEATING? . . . already the British are heating houses from an atomic pile. TRANSPORTATION? . . . we'll soon have atom driven submarines—will we also have atom powered cars and planes? . . . HOUSEKEEPING? . . . will we get new foods, textiles, dishes and labor-saving devices in unheard-of abundance?

Whatever the first big break in peacetime atomic invention, you'll want to know how it works, who figured it out, where it will be produced—and, most of all, who has it and where you can get it in this city.

You'll want the whole story—as only your local paper's news columns or ads can tell it to you. That's how it is with every important news or product story.

It may be important to every living human being from here to Timbuctoo, but only your local newspaper can tell it as it affects YOU.

And there's SOME news that affects you—in some phase of your life—every single day.

So you read the newspaper every day—and so does everybody else. It's one thing people won't do without.

Why do advertisers invest more of their money in newspapers than in any other form of advertising?

Simply because everybody reads the newspaper every day—for its advertising as well as for fun or for news.

So—if you're selling something that's advertised, why should it be advertised only to FRACTIONS of the people who can buy?

When it comes to advertising, you want your selling message brought before as large an audience as possible. In the newspaper it can be read leisurely and studied. The illustrations make your message and its descriptions clear.

Where merchandise can be bought or the service obtained in your community is there, black on white. And the advertisement may be clipped as a memorandum reminding the reader to buy.

THE NEWSPAPER talks to everyone in town. It's created fresh every day to appeal to everybody. Just as you read the paper now, all your customers and prospects read the paper too—at the times they choose, for as long as they choose!

Only the newspaper is first with the most news . . . first with the most people . . . first with the most advertisers!
