

# McCarthy Supporters Silent in Controversy

By JACK BELL

WASHINGTON (AP)—With the evident hope that the whole matter will blow over soon, Republican congressional leaders kept silent today in the controversy between Senator Joseph McCarthy and the White House. It was obvious that some of the Wisconsin Republican's most influential party colleagues agreed privately with his statement that the United States should stop all aid to Free-World countries which trade with Red China.

But it also was obvious that these Republicans didn't want to be linked with McCarthy's public challenge to the stand taken by President Eisenhower and State Secretary Dulles that America has no right to dictate the trade policies of the countries it helps. McCarthy called any trade with Red China "blood trade" and, in a televised plea last Thursday, urged those who agree with him to message the president.

The White House was sched-

uled today to give a new count on the number of telegrams and letters it has received as a result.

At noon Saturday, presidential aides said they had received 4,346 telegrams. McCarthy's stand was approved approximately two to one.

On an NBC radio-TV forum Sunday McCarthy said "both sides" should message their views to the president.

**NOT POPULARITY CONTEST**  
"This is not a popularity contest between Eisenhower and McCarthy," the senator said. "If it were a popularity contest, he (Eisenhower) would win it 20 to 1."

McCarthy was asked about the Toledo Blade's offer Friday to accept readers' signatures to a letter supporting Eisenhower's stand, as well as to forward replies favoring McCarthy's. By midnight Friday, the paper reported, it had 9,870 for Eisenhower and 324 for McCarthy.

He said the sentiments expressed in the letter to Eisenhower "we supported you before and we do now. We still like Ike," are those he has expressed many times. Yet the effect was "that anyone who signed that had to be against McCarthy."

## New Yorkers Still Paperless

NEW YORK (AP)—The New York City newspaper strike entered its second week today as negotiators and federal mediators renewed efforts to resolve a deadlocked wage dispute between publishers and photo-engravers.

New Yorkers seemed increasingly lost without any major local daily to read although television and radio has been striving to fill the news vacuum created by the walkout which started last Saturday.

After Friday's negotiation meetings all parties reported "absolutely no change" in the situation.

## Doctor Denies Meat "Unfit"

VANCOUVER (CP)—Dr. Stewart Murray, chief medical officer for Vancouver, today denied reports that "large amounts of veal unfit for human consumption" were being eaten daily in Greater Vancouver.

Commenting on newspaper reports that city meat inspectors approve meat that federal officials would condemn, Dr. Murray said:

"I don't know what's behind this, but I know that our inspection staff would certainly not pass meat not fit to eat."

## Twelve Survive Airliner Crash

MADRID (AP)—Twelve persons were reported today to have survived the crash of a Spanish airliner which was forced down in the mountains north of here Friday 113 h3 aboard.

A parish priest of the tiny mountain village of Somo Sierra found the wreckage early today and said there were six survivors seriously injured. Six others made their way down from the rugged mountains Friday night.

The priest said he did not know whether the sole United States passenger, Paul J. Douglas, a courier for the United States embassy in Paris, was among the survivors. Other sources in Madrid, however, said definitely that Douglas was alive, although injured.

There was no immediate word of the fate of the two British passengers, Charles Barret of Barcelona and Victor Northing.

## Christmas Trees On Way to U.S.

VICTORIA (CP)—Thousands of B.C. Christmas trees are being shipped to the southern United States where they will get fancy prices that would stifle the average British Columbian.

The Kamloops and Nelson districts are the biggest centres for the Christmas tree industry. More than \$1,500,000 worth of trees were shipped last year. They are cut on low quality forest land owned by the government.

# Hugh Bartlett Dies Sunday In Hospital

VANCOUVER (CP)—Hugh Bartlett, 40, member of the Canadian Broadcasting Corporation's program "The Happy Gang," died in hospital here Sunday. Mr. Bartlett was admitted to General Hospital here Nov. 25 suffering from pneumonia. He left the radio show, which is broadcast nationally from Toronto, three weeks ago.

Native of Vancouver, Mr. Bartlett's first full-time job was as an advertisement writer for Spencer's department store.

He began his radio career in 1936 at the age of 23 when he joined station CJOR in Vancouver as a writer and announcer. He also worked for radio station CKWX, Vancouver, for a short period before joining the CBC here as a news announcer in 1937.

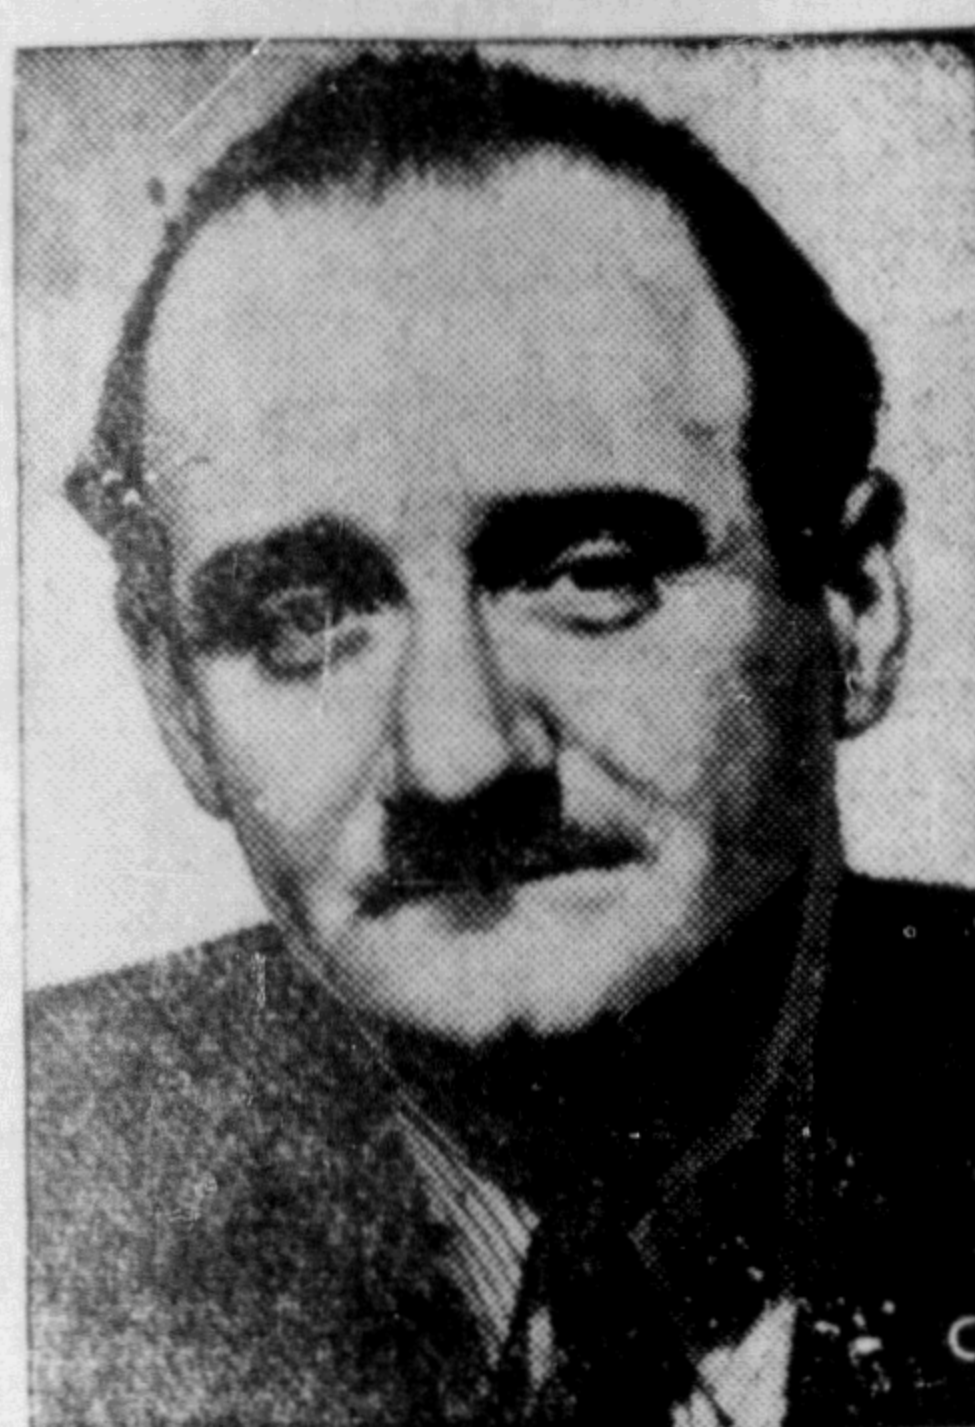

He joined the Happy Gang program about a year later.

Mr. Bartlett is understood to have been visiting his parents, Mr. and Mrs. F. R. Bartlett of Cloverdale, B.C., at the time he was taken ill.

Funeral service will be held here Tuesday.

## Hail Russ Constitution

MOSCOW (AP)—The Soviet press today hailed the 17th anniversary of the adoption of the USSR's constitution. Editorials lauded the constitution as the "most democratic in the world."

**JEAN MARIE BEAUDET** of Montreal, internationally known concert pianist, accompanist and conductor, has been appointed director of program planning and production for the CBC. He succeeds Ira Dilworth, appointed director for Ontario earlier this year.

**THE LETTERBOX**  
A BLANK CHEQUE?  
The Editor,  
The Daily News:  
At the meeting of the Civic Affairs Association held in the Canadian Legion Hall on Monday, Nov. 30, it was stated by Alderman William Bremner that the referendum for one mill for the development of Algoma Park has no time limit which brought the remark from the audience that "we will be signing a blank cheque."

The statement made by Ald. Bremner is incorrect as the parks board, when asking the city council to prepare a referendum for one mill for Algoma Park, did ask that it be for five years and that is what the voters will be asked to vote on.  
PAT FORMAN,  
Chairman,  
Board of Park Commissioners.

Do farmers use nickel?

"What about trucks, Dad?"  
"Well, you can see the nickel plating on the bumper, grille and headlights of that truck. Nickel is even more important in its gears and other parts that have to be strong and stand a lot of hard wear. Even small percentages of nickel in steel make it strong and tough, and help prevent rust."

"They sure do. There's a lot of nickel right out there in that tractor of Uncle Jim's. I'd hate to think what would happen in rocky ground if that tractor's gears weren't made of nickel alloy steel. Yes, there must be dozens of tractor parts which contain nickel to make them strong and tough."
