

Newswomen Plan World Tour

TORONTO (CP) — Canadian newspaper women plan a 1955 European tour, retiring president Marjorie Oliver of Toronto said Friday night.

She spoke at the concluding

dinner of the 50th anniversary meeting of the Canadian Women's Press Club attended by 250 delegates from many parts of the country.

Mrs. Oliver said the executive is arranging the visit to mark the club's growth since its formation.

During the week, members debated and introduced a new, streamlined constitution which includes membership of women television script writers for the first time.

BLACKWOOD on BRIDGE

By EASLEY BLACKWOOD

Hopeful Contract Is Set By Good 'Accident' Play

Mr. Champion had most of the high cards for the defending side in today's deal but, believe it or not, it was Mr. Muzzy's play which defeated the optimistic contract.

The opening lead was the six of diamonds and Mr. Champion's jack fell to the ace. Looking the hand over, Miss Brash saw she had just one entry to dummy, the ace of clubs. She decided not to use that card for the purpose of leading a trump from the board, as it might serve a more important purpose later.

RAY OF LIGHT

Accordingly, she banged down the ace and another spade. Mr. Champion won the second spade and returned the deuce of diamonds. The hand had looked pretty hopeless to Miss Brash but now she thought she saw a ray of light.

If the play on the diamond suit had been honest, Mr. Muzzy had opened his fourth best, which meant that Mr. Champion was now out of the suit.

Therefore if the opposing clubs lay 3-2 and if the first round of clubs be ducked into Mr. Champion's hand, there was no return lead he could make which would be damaging.

On regaining the lead, Miss Brash could knock out the last

outstanding trump, again win any return, and then run the rest of the clubs, getting rid of the two losing diamonds in her hand.

Following this plan, she won the fourth trick with the king of diamonds and quickly led the deuce of clubs. But Mr. Muzzy put up the jack.

This was a nasty (and completely unexpected) turn of events. Miss Brash was now faced with the choice of letting the jack hold, in which case Mr. Muzzy would undoubtedly cash his two good diamonds, or of giving up all hope of setting up the clubs.

She went up with the ace in dummy and returned a small club to her king, on the chance that Mr. Muzzy had started with the queen-jack doubleton. But when the queen failed to drop on the second lead, all hope was lost.

"That jack of clubs was the best play I ever saw you make, Muzzy," complimented Mr. Champion.

"I always go up with a high card to force out an ace from dummy," said Mr. Muzzy proudly.

Mr. Champion grinned. "I'm glad the result of your play was better than your reason for making it," he said.

Annette Mansell Opening New Ladies' Wear Store

Monday will mark the beginning of a new era in retailing ladies' wear in the city when Annette Mansell, popular local businesswoman, opens her new and completely modern store at 616 Third Avenue West.

The newly remodelled premises was formerly the T. Eaton Company order office. The store now displays a brilliantly-lighted modern interior of more than 1,000 square feet, fronted by a beautiful display window. Another new landmark will soon be seen on Third Avenue when the bright "Annette's" neon sign is installed shortly.

The staff of the new store will number four in addition to Annette herself who spends much of her time in the various fashion centres on buying trips.

In business since 1922 in Prince Rupert, Annette has also operated stores in the cities of Winnipeg, Calgary, Lethbridge, Kimberley, Nelson, Princeton, and Vancouver. Since opening her first store in Prince Rupert in 1927, above the premises now occupied by Ethel's Snack Bar, she has made use of various business locations. Most notable of these was the building now housing Watts and Nickerson, the CNR uptown offices and Sweet 16. She moved to 525 3rd

Avenue in May of 1947 where she has been until this time.

Set of Photos Commemorate Canadian Role

ARROMANCHES, France (CP) — A handsomely-mounted set of colored photographs from Canada's contribution to a new French museum, commemorating the Allied landings in Normandy 10 years ago.

The museum, housed in a building at the end of the beach fronting this town, 15 miles northwest of Caen, was opened June 5 during ceremonies observing the anniversary of the invasion June 6, 1944. The exhibits, contributed by all countries which took part in the operation, form a permanent record of its planning and execution.

There are scale models of the beaches, ships, artificial harbors and many of the weapons and items of equipment used by the Allied troops. Autographed photographs of all the Allied generals and of Sir Winston Churchill cover the walls.
