Plenty of Time

MAGNIFICENT WATCHES are carted carefully into the Fifth Watch and Jewelry Exhibition by two men at the Frankfurt Trade Fair Grounds. Complete with straps and buckles, the huge timepieces might well have been styled for giants.

Vast Forests Impressed Singer During Trip Here

The way in which cities and towns are nestled in the wilderness of the British Columbia coastline made the greatest impression on youthful Metropolitan opera singer Lucine Amara during her first trip north.

In an informal interview last night in the lounge room of the Civic Centre at a reception held for the vivacious singer by the Civic Centre Auxiliary, Miss Amara said she loved the vast forests of this country.

She already had seen much of the forest beauty of B.C., she said, while flying up to Bella Coola from Vancouver.

The reception by the Bella Coola residents was very heart-warming, Miss Amara said.

"This is the first year that Bella Coola has been added to the Alaska Music Trail itinerary and they seemed to really appreciate it."

The concert was the first of

Polish Revolt Forecast By Refugee

Seoul (AP) — A young Polish interpreter who bolted from Communist control and was given United States sanctuary said today his people some day will rise in revolt against the Reds "but now is not the time."

Kan Hajdukiewicz, 28, told a press conference the Communist rulers of his homeland could not be overthrown "without outside help" even though 99 per cent of the Polish people oppose the Red regime.

Only an hour before the young Pole met reporters in Seoul, a Communist official at Panmun-jon charged that he had been "kidnapped" by the U.S. Army.

The Polish delegate to the neutral nations supervisory commission did not demand the return of Hajdukiewicz, but said a strong protest would be lodged.

Hajdukiewicz told his press conference he made his dramatic break because "I knew it was my last chance."

He said he believes his escape will encourage others in Poland.

"The Polish government is based on fear," he said. "I didn't want to return to my country which has been subjugated by the Communist regime. I should like to go to the United States of America."

He described Communism as "the subjugation of all life."

Later Hajdukiewicz was accompanied by U.S. officers to an undisclosed site, presumably in the Seoul area. He probably will be flown to Tokyo in a day or two, but army officials said they had no information on this.

State department officials in Washington said the circumstances were unusual, but it is U.S. policy to grant political asylum to persons honestly at odds with Communism.

RCMP Arrest 148 Doukhobors After Nude March Near School

Freedomites Sent To Oakalla Prison

By The Canadian Press

NELSON, B.C.—Mass arrests of nude members of the Sons of Freedom and smashing of the radical sect's newest stronghold mark British Columbia's latest drive to quell Doukhobor terrorism.

In a move shrouded in secrecy, RCMP Wednesday night rounded up 148 Freedomites, charged them with contributing to juvenile delinquency and herded them aboard a special train for trial in Vancouver.

At the same time police said they would dismantle the tent village of Polatka established by the Freedomites only last month on crown land at Perry Siding on the Skeena River some 29 miles northwest of here.

At Victoria, Attorney-General Robert Bonner said the provincial government took the action in carrying out its constitutional duty to uphold law and order. He also said the B.C. Welfare Department had taken over the care of some 80 children whose parents were among the 71 women and 77 men arrested.

The arrests climaxed several weeks of growing tension in the Interior Kootenay district as the Sons, angered by government insistence that their children attend school, staged sporadic nudist parades and dynamited the Canadian Pacific Railway's Kettle Valley line.

Meanwhile, Kootenay residents watched anxiously for some indication of reaction to the arrest by Sons of Freedom.

The cold caught up with her between Bella Coola and Ocean Falls, the singer said huskily. She played a token performance at Ocean Falls and on the boat between Ocean Falls and Bella Coola she played shuffleboard, got too warm and, mistakenly took off her jacket, and became chilled.

"I need a full day's rest to put my throat back in shape," she said, but admitted ruefully that she wasn't likely to get it. She sings at Ketchikan tonight and then travels up to Wrangell, Petersburg and Juneau.

By October 2, she will be back at Mill Valley, Calif., for a concert and on the October 3 flies to New York on her way to Italy. There she will present a 2½-week concert series at the La Scala Milan, before returning to start her fourth season with the "Met."

Only 26 years old, Miss Amara made her Metropolitan Opera debut unseen as the Celestial voice in "Don Carlos" on opening night of the 1950-51 season. Later she got a chance to appear on stage in the operas "Götterdämmerung," "Rheingold," "Magic Flute" and others. Her greatest thrill she said, came when Rudolph Bing, director of the "Met" chose her to sing the role of "Nedda" during her first season. This full voice recording of "Pallaci" with Richard Tucker has been made on long playing records by Columbia.

One of the songs which Miss Amara sang last night, "Pace, Pace, Mio Dio," from Verdi's "La Forza del Destino" was the song she sang when she won the Atwater Kent award of \$2,000 which helped her up the ladder of success.

Inmates Quelled With Gas

The Associated Press

WALLA WALLA, Wn. — Eight hundred state penitentiary inmates followed a \$500,000 prison fire Wednesday night with cell-wrecking disorders that were quelled only after guards thrice sprayed their quarters with tear gas.

The outbreak apparently was kept to a minimum by prompt action of guards who herded prisoners quickly into their cells when 14 inmates began acting up at evening meal time. Dishes were thrown and chairs smashed as a group of "young but tough" men began misbehaving.

This occurred about two hours after an unexplained fire roared through the institution's metals plant, destroying it and over 1,000,000 licence plates destined for use on Washington state automobiles in 1954.

NO DISORDERS

Damage from the fire was estimated by deputy warden Al Rembolt at \$500,000. No disorders accompanied the blaze which started after the plant had been closed down for the evening.

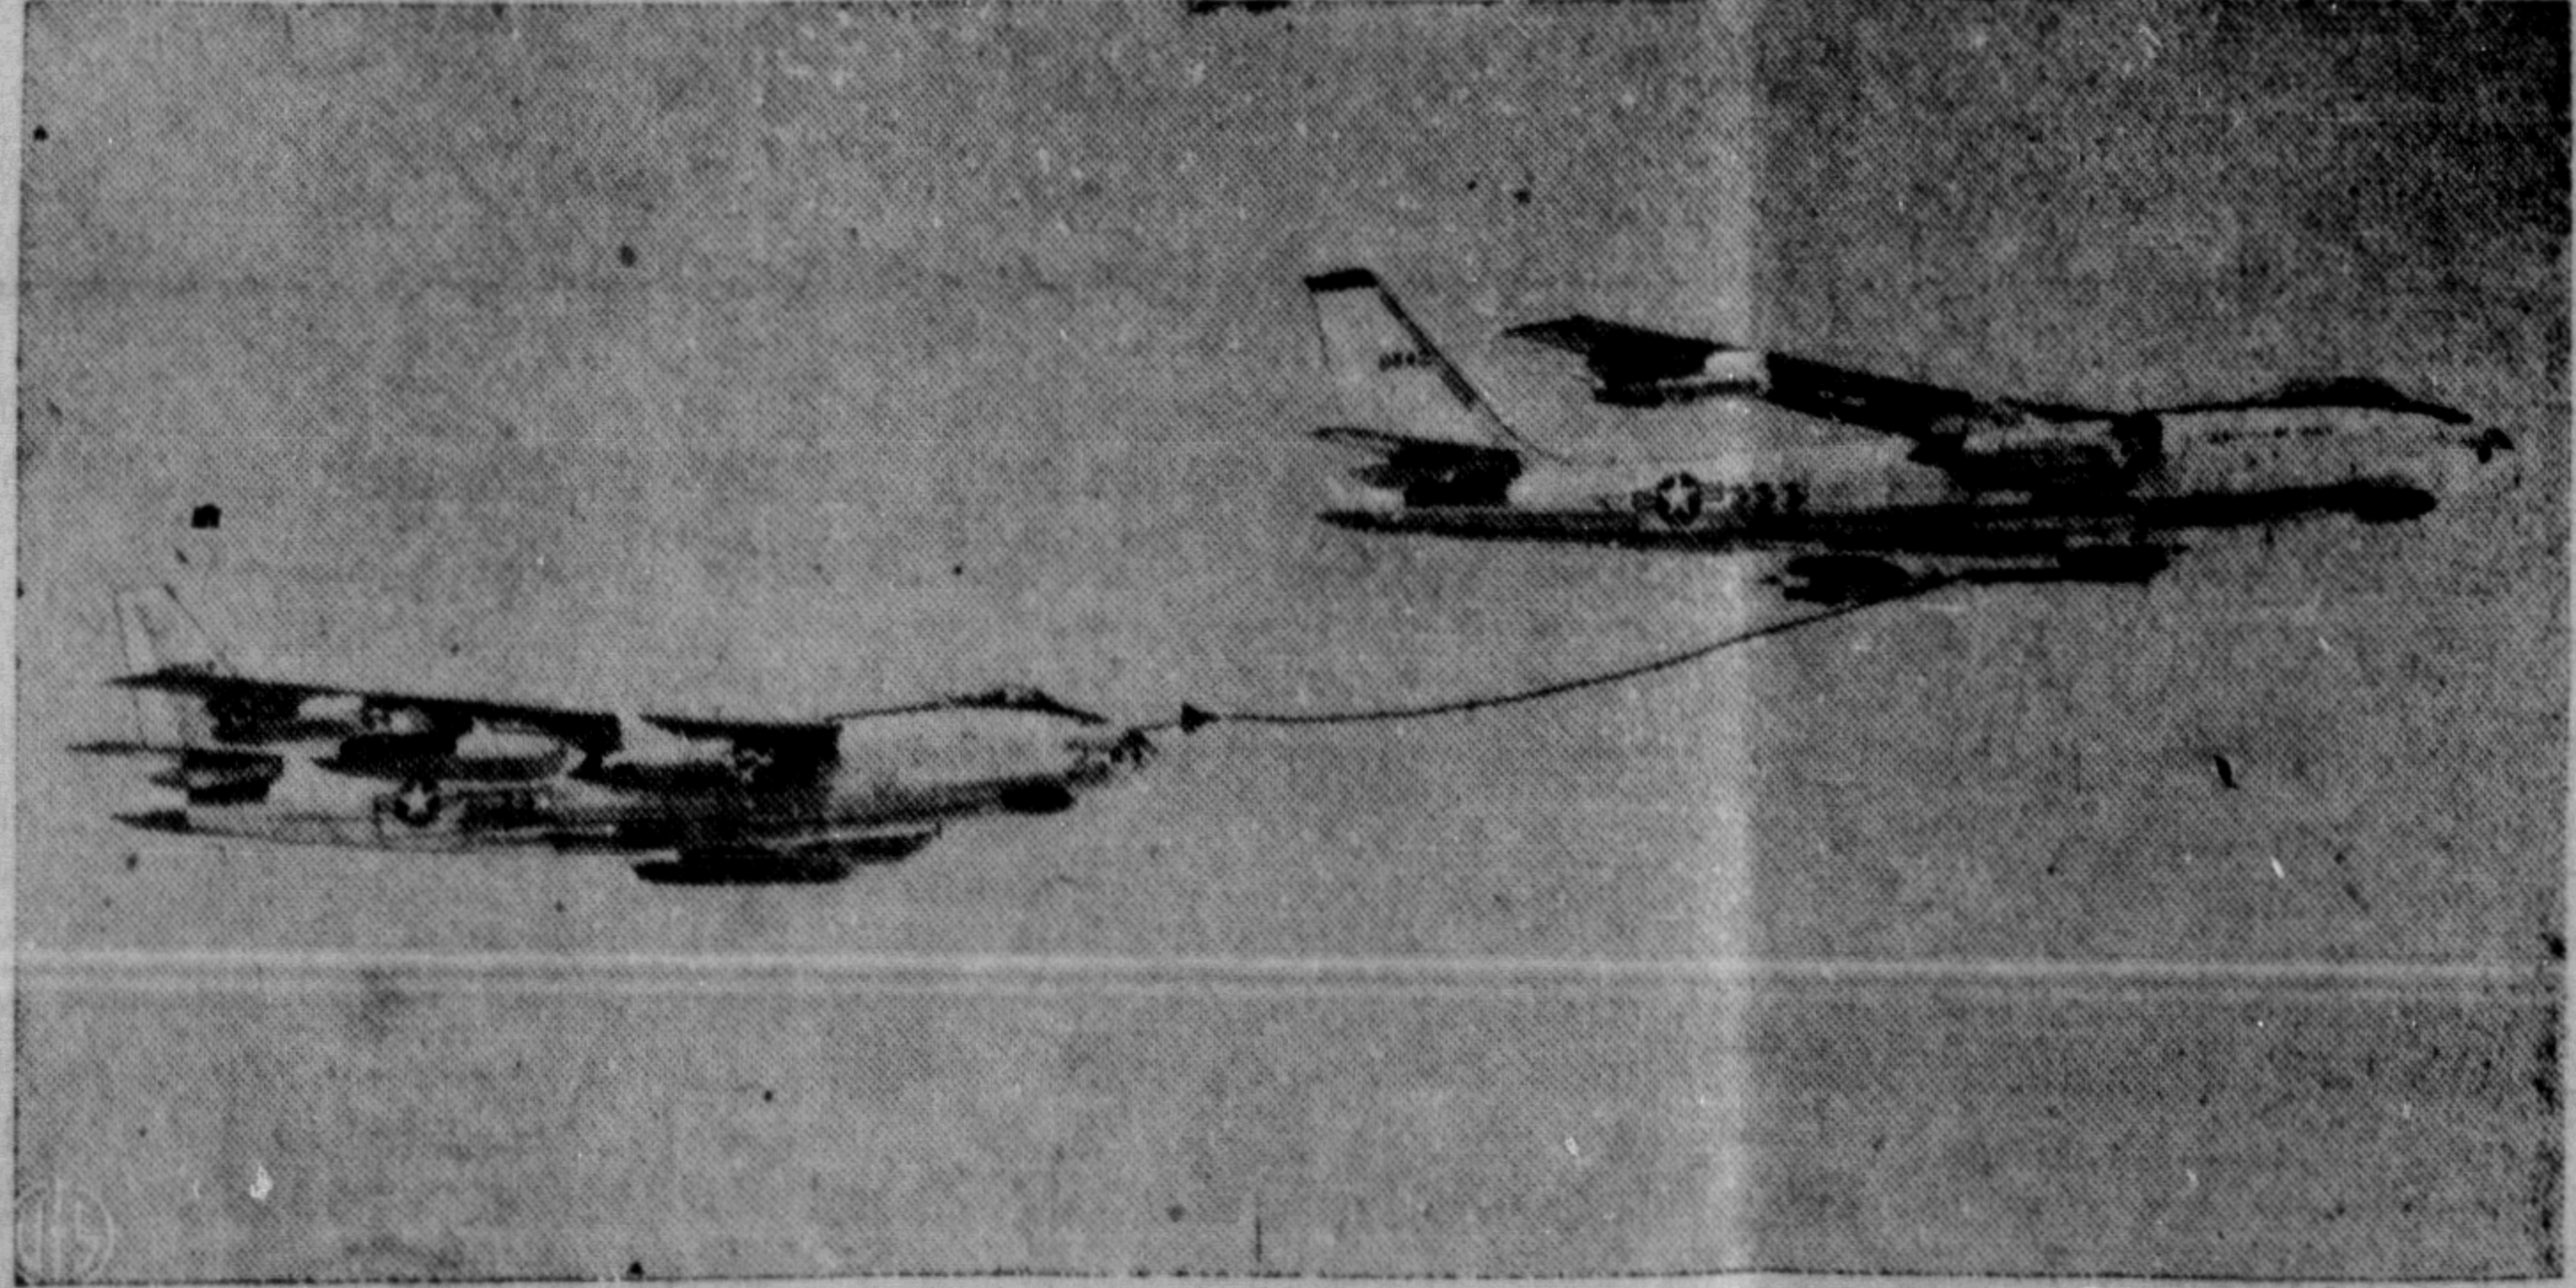

Officials were prepared, however, for unrest and acted quickly when the dining room melee broke out. Back in their cells, the men apparently became annoyed, Rembolt said, because the prison's ventilation system failed when the fire burned out part of the power circuits.

Soon the convicts began hurling materials and abuse out the barred doors of their cells.

Mattresses were set afire and tossed out windows which had been broken with fists or articles ripped from cell walls. Lavatories were broken from their supports and smashed.

Layoff Slated By Studebaker

SOUTH BEND, Ind. (AP) — Studebaker Corp. announced today it will lay off between 5,000 and 6,000 employees this week-end because of a one-third cutback in passenger car production starting Sept. 14. Harold S. Vance, Studebaker president, cited slower deliveries as the reason for the cutback.

THIS JUST-RELEASED photo shows the world's first jet-powered aerial tanker plane, a modified Boeing KB-47B Stratojet tanker (right), refueling another B-47 Stratojet medium bomber during an experimental aerial refueling test.

THE CAMERA CATCHES Norbert Richter of Mascoutah, Ill., in his moment of triumph as he "pins" a greased pig at the St. Clair County Fair in Belleville, Ill. For his effort, Norbert received a purebred gilt from the local Kiwanis Club, which sponsored the event. It's slippery business, but a good trick if you can do it!

St. Laurent Planning Extensive 'Courtesy' Trip Around World

OTTAWA — Prime Minister St. Laurent is planning the most extensive air trip ever undertaken by a Canadian government leader, a 30,000-mile round-the-world friendship tour that will take him to some of the globe's major trouble spots.

The 71-year-old prime minister told reporters Wednesday of a decision to extend his proposed two-week Asian tour next January to a globe-circling flight.

He would probably make stops in India, Pakistan and Ceylon and possibly Japan, Australia and New Zealand, as well as several still-to-be-determined European points. He has received invitations to visit West Germany and France.

He considers the tour would be a "courtesy" trip, to return calls made on Canada by heads of these various foreign governments.

Mr. St. Laurent touched on the air trip—likely to be made in the RCAF luxury aircraft, the C-5—after a day-long cabinet meeting, the government's second since the Liberals were returned to power in the Aug. 10 general election. The next meeting will be Sept. 17.

The cabinet announced: ● Appointment of nine parliamentary assistants—just below cabinet rank.

● A decision to place the bulk of federal office workers, including those in Prince Rupert, on a year-round, five-day work week, promising a similar step for operating staffs in the next few months. Some 60,000 of 85,000 workers are affected immediately.

● Decision to grant Greece, torn by earthquakes in the last month, \$500,000 worth of aid in the form of construction materials, salt cod and powdered milk.

Dropped from the ranks of parliamentary assistants is George McIlraith, member for Ottawa West who aided Trade Minister Howe. Mr. St. Laurent said the 45-year-old Ottawa lawyer, dean of the assistants, bowed out of his own accord. Mr. McIlraith said he wanted to devote more time to his law practice.

Parliamentary assistants get \$4,000 a year in addition to normal member indemnities of \$4,000 a session and \$2,000 tax-free expense allowance.

From Prince Rupert, the district governor goes to Smithers and on September 16 will present a charter to the newly formed Rotary club at Burns Lake.

After a visit to Prince George, Dr. Gordon will fly home to Courtenay.

Summer Routine Concludes For Rupert's Sea Cadets

Camping's over, and so is the summer routine. Captain Cook Sea Cadets parade again tonight at 7:15 p.m. in the Drill Hall at H.M.C.S. Chatham.

As the new training year gets under way an invitation is extended to all boys over the age of 14 years to file applications for joining. A full training in the basics of seamanship, and naval lore is given, and later the more advanced cadet can branch out into the more specific details. A well-rounded course of study, and lots of fun besides.

Arrangements are being finalized for the Sea Cadet Tag Day to be held this Saturday. Proceeds are in aid of the local corps.

Uniforms will be worn tonight, and once again Prince Rupert streets will carry the appearance of the unforgettable "bell-bottomed trousers... coats of Navy blue," and the still night air will once again resound with the uncertain notes of bugles and drums.

AWL Soldier Gives Self Up

A soldier from the Princess Patricia Canadian Light Infantry who on his own admission has been AWOL from his regiment since 1952, gave himself up to the RCMP in Prince Rupert last night. Pte. Stanley Johnson, from Currie Barracks, Calgary is being held until a military escort arrives.

It is believed that he has given himself up in hope of receiving the Queen's amnesty, granted during her Coronation year.
