Bob Are Running for Derby Opening

Bob comes to steelhead derby, admitting that he had also lost several which might have topped the 15-pounder. Best bait, of course, is clusier roe, but Bob says, too, that tea-spoons are deadly—especially the golf-tee type. Further information concerning the derby will be published elsewhere on this and other pages of The Daily News from time to time. There'll be prizes—good ones, says the derby chairman, but only members of Rod and Gun Club will be eligible for entry. Meanwhile, another derby is under consideration—one which may turn out to be a major project of the Rod & Gunners and mark a revolutionary turning point in Prince Rupert's waterfront promotion. Club executive and committee chairmen meet Tuesday to lay plans for an annual salmon derby.

Bob To Defend From Waste . . .

"I give my pledge as a Canadian to save and faithfully to defend from waste the natural resources of my country—its soil and minerals, its forests, waters, and wildlife." "This pledge should be a part in every pupil's curriculum, and should be a ritual of every sportsmen's organization," says Mr. McLeod. He will present his idea at the next general meeting of the Prince Rupert Rod & Gun Club for discussion and possible action. The proposed pledge, which is a duplicate of a pledge promoted by an American sportsmen's magazine, Mr. McLeod hopes to embody outdoor life in a design typically Canadian: A ring of maple leaves topped by the figure of a bull moose.
