Confessed Killers Returned

Bill Admits Shooting Boy

By The Associated Press

KANSAS CITY.—The confessed kidnap-killers Bobby Greenlease were released early today under heavy guard to Kansas City, where abduction of the six-year-old boy took place just 15 days

ago. Carl Austin Hall, a woman friend, Mrs. Brown Heady, were here from St. Louis, where they had been held since arrest a week ago when their body was found.

They were placed in 11th-division cells in the courthouse jail.

STILL MISSING

Who made the trip with them said Hall still doesn't know what happened to the missing \$300,000 ransom paid. He said he was saying he was the Greenlease family's money.

He admitted to the FBI that he killed the boy and Mrs. Heady were with a mounting evidence.

He confessed that he killed by firing a pistol bullet. He said after killing him, he fled to the Missouri-Kansas border. He said he was from Kansas City after the kidnapping. The federal government filed at St. Louis under the kidnapping law. He said after they signed on that, Bobby was across a state line.

IN CLEARED

Admissions cleared the Thomas John Marsh, a convict named earlier by Bobby's killer, of any crime. A county prosecutor said Phillips agreed to let the government prosecute two kidnappers. Marsh also is to be filed against Jackson county, of the slaying.

FBI said Hall and his friend admitted they killed the boy's grave. He said the slaying of Bobby Heady before they executed kidnapping plot. He said he still is searching for ransom money. More than \$200,000 of the money, in \$20 bills, was in the room where Hall was.

Heady's innocent claim was an innocent party case was also wiped out admissions. It was Mrs. Heady who took Bobby from an school Sept. 28 on the way she was his aunt.

Fire Raid Raiders' Homes Georgetown

Georgetown, British Guiana.—Police and troops today raided the homes of the People's Progressive party, ousted from office when Britain suspended Guiana constitution. Arrests were announced, but names were searched.

Raid came two days after general strike call by the PPP, led by Britain of trying to force Guiana into a Communist.

Worker Dies Tower Fall

CHICAGO.—Herbert Klimt, a construction worker, was killed Sunday when he fell 120 feet from a steel tower at a power plant here. He was survived by his wife and two children.

PARKING SPACE must be at a premium up there! At any rate, this car is poised precariously 12 feet above the pavement of Sticklepath Hill in Barnstable, Devon, England, where it came to a resting point after crashing through a two-foot wall.

Tilly Rolston Succumbs After Lingerin Illness

By The Canadian Press

VANCOUVER.—Tilly Rolston, the first woman to hold a cabinet portfolio in Canada, died of cancer Monday night in Vancouver General Hospital. She was 66 years old.

Mrs. Rolston, was education minister in the British Columbia Social Credit government. Other women have held cabinet posts in provincial legislatures but she was the first to serve with a portfolio.

Mrs. Rolston had waged a courageous battle against the disease for two years. She underwent a major operation three weeks ago and since that time had sunk slowly.

Premier Bennett paid tribute to Mrs. Rolston as one of the "outstanding members of public life in our province."

"Respectful of party politics everyone must give Tilly great credit for what she has done," he said.

Liberal leader Arthur Laing, who defeated Mrs. Rolston in the June 9 election this year, said she was a "great trouper."

Tilly Jean Rolston was first appointed to the cabinet in 1952 following the first Social Credit victory in the province. Although she lost her legislative seat in this year's election, she continued as education minister. The government intended to hold by-elections to seat her and Finance Minister Einar Gunderson, also defeated.

She was first elected to the legislature from Vancouver-Point Grey as a Conservative in 1941. She was re-elected in 1945 and 1949 as a Coalitionist in the Premier Byron Johnson government.

In 1951, with Mr. Bennett, she dramatically quit the coalition to cross the floor of the House and sit in Independent. Both subsequently joined the Social Credit party and led it to victory in the June 12, 1952, election.

MARGARINE VICTORY

Mrs. Rolston's most publicized victory in the House was on the colored margarine issue. With her persuasive debating she needed the government into allowing manufacturers to color margarine and endeared herself to thousands of housewives.

She also introduced the controversial Rolston formula on education financing which led to the defeat of the minority Social Credit government on the floor of the House last March.

A widow, Mrs. Rolston, who was born and raised in Vancouver, is survived by a son, Robert, of West Vancouver; and two daughters, Mrs. Norman Foster of High River, Alta., and Mrs. Eric Hartley of Vancouver.

Mrs. Rolston was a valiant fighter to the last.

For two years, with a tremendous courage, she battled cancer. In October of 1951 she went to her physician for routine check-up and got out into public affairs, and that, she said, is what all

Record Rainfall Causes Damage In Many City Homes, Buildings

Basements Flooded In Hotels, Cafes

A spectacular 'rainstorm' Sunday that sent torrents of water flooding down city streets and caused hundreds of dollars' worth of damage set a new record in rain-weary Prince Rupert.

The deluge brought this city 3.65 inches of rain in a six-hour period at night, and a total of 5.55 inches in the 24 hours ended at 10 a.m. Monday. It let up early Monday in time to give residents a sunny Thanksgiving Day, one of the brightest holidays of the year.

However, a gale warning was issued against this morning by the Dominion meteorological bureau and winds up to 35 miles per hour began lashing the city shortly after noon. Rain started falling about 3 a.m.

The city looked like a second Venice shortly after 4 p.m. Sunday when the deluge started, turning streets into canals and flooding basements in residential areas on hillsides and in some sections of the business area.

STREETS DESERTED

Downtown streets were almost deserted Sunday night as the rain beat down in an almost constant downpour from 4 to 10 p.m., accompanied by high winds. Church attendance, in

Foreign Ministers To Meet

LONDON.—An American embassy spokesman said today the American, British and French foreign ministers will meet in London Friday and Saturday for talks on pressing world problems.

The hurriedly summoned meeting was described as "a continuation of the consultations" which took place between the three foreign ministers in Washington last July.

The foreign office said Britain invited U.S. State Secretary Dulles and Georges Bidault, French foreign minister, to meet Foreign Secretary Eden.

It is expected the Trieste situation will be among topics discussed.

\$50 Fine Levied For Shoplifting

Magistrate H. F. Glassey moved to deter shoplifting in Prince Rupert this morning when he sentenced Fred Jensen of no fixed address to a fine of \$50, costs or in default two months in Oakalla. Jensen pleaded guilty to taking two tins of canned corn of a total value of 98 cents from Overwaitea Ltd.

TRAFFIC WAS HALTED IN CHICAGO as this 1,000-flashbulb picture was made of the Museum of Science and Industry. Advance warning stopped vehicles for the sudden large flare of light, including a burst of fireworks (top). Amateur photographers participated in the event, called "Operation Big Shot."

Tense and Angry Yugoslavia Awaits West's Reaction to Threats by Tito

BELGRADE (AP).—A tense and angry Yugoslavia today awaited Western reaction to President Tito's threats and notes designed to halt the transfer of northern Trieste to Italy. Washington, at least so far, showed no signs of backing down from the British-American decision to pull out of Zone A of the strategic territory.

The Russians put in their ear Monday night, on the heels of Tito's bid for direct talks with the Western powers and his complaint to the United Nations.

In identical notes to Britain and the U.S., the Kremlin called the plan to give Italy the Allied-occupied zone, including the Adriatic port city of Trieste, a "grave violation" of the Italian peace treaty.

Trieste itself continued calm, but one fracas was reported from the city of Gorizia, where a crowd of Yugoslav youths stoned Italian guards.

The predominantly Italian population of Zone A was obviously worried, however, over Tito's threat Sunday to send his own troops into the zone if Italian troops replace the 7,000 British and American soldiers. Observers on all side agreed such a move could touch off a world war.

An American state department spokesman insisted that the U.S. was standing "on the statement it made last Thursday." This was the joint British-American announcement that their troops in Zone A would be withdrawn soon and the area turned over to Italian administration. The rest of the territory, Zone B, is occupied by Yugoslav forces.

There was no immediate official U.S. reaction.

The 1947 treaty provisions establishing Trieste as an internationally-governed free territory have never been implemented because Russia and the

Italy has insisted she will continue to press her claims for the entire territory.

RUSSIAN SHIP RESCUES CREW OFF U.K. FREIGHTER

LONDON (AP).—A timber-laden British freighter broke in two off Russia's rugged northern coast and a Soviet ship rescued the 39-man crew, the freighter's owners reported Monday night.

The ship, the 4,900-ton Beckenham out of London, was homeward bound from Igarka, a Siberian river port inside the Arctic Circle. Watts, Watts & Company, the owners, said the Beckenham ran aground in the Kara sea and broke up.

Bar Association Flayed By B.C. Labor Official

VANCOUVER.—Delegates representing more than 130,000 members of the International Woodworkers of America (IWOA) in the United States and Canada, Monday attended the first session of the union's 17th international convention here.

Speakers at the opening session included A. F. Hartung, IWOA international president; Carl Winn, union secretary-treasurer; Joe Morris, president of the British Columbia district council of the IWOA; and George Home, secretary-treasurer of the B.C. Federation of Labor.

In his address, Mr. Home expressed alarm at the increasing interference of lawyers in the labor field.

Resolutions passed by the Canadian Bar Association recently were clearly designed to protect employers, he said.

"If these resolutions became law, strikes would be outlawed; union officials would be held responsible for the actions of their unions; and other anti-labor

measures put into effect."

This morning, delegates started work on more than 140 resolutions.

A hot point is expected to be discussion of the appeal of Karley Larsen of Stanwood, Wash., against his dismissal last spring as first vice-president of the IWOA.

Larsen was relieved of his job by the union's executive board after he admitted being a member of the Communist party until 1946.

Saturday, Larsen was acquitted by a federal court jury of conspiring against the government following a marathon, 25-week trial. Five others were convicted. On Friday, before Larsen's acquittal, president Hartung said Larsen's appeal was expected to be rejected by the convention delegates "without much debate."

Larsen did not appear at Monday's opening session and union officials refused to comment on the matter.

Nude Negro Captured Near Home Where Woman Attacked

DALLAS, Texas (AP).—A nude Negro was jailed early today after he was captured by four or five other Negroes in this prowler-jittery city.

He had been released only a few hours earlier after being questioned in the Sept. 30 rape-slaying of Mrs. H. C. Parker, a pretty dime-store clerk.

The fatal attack on Mrs. Parker culminated a series of sex offences here and several appearances of a naked Negro

who entered homes by slitting screens.

The Negroes caught the nude man in this morning's early hours at an intersection near downtown Dallas. They held him until officers arrived.

The arrested man claimed he was in jail on a drunk charge at the time of Mrs. Parker's slaying and attack. A check of the records showed he was jailed Sept. 29—the day before the slaying—but there appeared a possibility he had been released

a few hours later.

Police said the spot where he was caught is not far from the home of a woman who was raped, beaten and left for dead several days previous to Mrs. Parker's slaying.

The Negro told officers the other Negroes holding him had stripped him of his clothing. But his clothes were found in a neat bundle hidden 25 feet away from the tree under which he had been sitting on a vacant lot.

CANADIAN ARMED FORCES based at Antwerp, Belgium, take part in the "Liberation Day" service as residents of the city give thanks for their freedom from German domination during the Second World War. British, United States, Canadian and Belgian personnel dip their flags in salute during the ceremony.
