

erts New President Festival Association

the success of the festival and election of Charles Roberts as president, highlighted the general meeting of the Prince Rupert District Music Festival Association.

Mr. Roberts succeeds R. H. Davidson in the presidency. Other officers named were: First vice-president Mrs. W. S. Kergin; second vice-president Mrs. T. N. Youngs; secretary Mrs. E. Becker; treasurer E. Bartlett. Conveners for various committees will be named at the next general meeting.

Another highlight of the session was announcement of the amounts of the three bursaries awarded at the festival. Each bursary winner will receive \$100. Winning the awards for furtherance of musical training were Roy Sleser of Prince Rupert and Lorna Melvin of Terrace, and in drama, Julie Procter of Prince Rupert.

Annual reports by various committee heads were heard, including several recommendations for improvement of future festivals, particularly with regard to the date of the festival. The recommendations were tabled for action by the incoming executive.

Giving annual reports were retiring president R. H. Davidson; Sister Mary Lawrence on syllabus; Mrs. W. S. Kergin, program; Mrs. J. Rogerson, publicity; Mrs. F. E. Anfield, awards; Mrs. R. Bird, membership; E. Bartlett, hall committee; Mrs. B. Eyolfson, billeting; Mrs. J. Ridsdale, business manager; E. Bartlett, treasurer and Mrs. E. Becker, secretary.

MR. AND MRS. R. W. MARTIN

City Newlywed Couple Home From Ocean Falls Honeymoon

Home from a honeymoon trip to Ocean Falls are Mr. and Mrs. Reginald William Martin, whose marriage took place here recently at the First Presbyterian Church.

The Rev. E. A. Wright officiated at the ceremony, uniting Muriel Elaine, only daughter of Mr. and Mrs. E. C. Shier of Prince Rupert and the son of Mr. and Mrs. W. Martin of Victoria.

Given in marriage by her father, the bride was charming in a floor-length gown of white satin, net and lace, with long-sleeved lace jacket, featuring pearl embroidered Peter Pan collar and skirt of net over satin. A tiara of pearls secured her fingertip veil and she carried a bouquet of red roses.

Mrs. Judith Place attended the bride as matron of honor, wearing a floor-length gown of pink taffeta with net overskirt, and matching hat, and carrying a bouquet of carnations.

New Gasoline Seen Re-powering Engines by Second Tankful

Gives Up to 15% More Power

A power-restoring job on the family car can be accomplished now simply by a trip to the service station.

The "re-powering" is achieved by a new additive which researchers say neutralizes lead and carbon deposits, and gives up to 15% more engine power.

Tests Show Power Gain

This encouraging news for car owners came when Shell Oil Company engineers released performance figures on tests conducted using the additive, blended into Shell Premium Gasoline and sold under the trademark TCP.

"TCP overcomes pre-ignition and spark plug misfiring caused by lead and carbon deposits. These have been two major power robbers up till now."

A spokesman pointed out that "all gasoline sold today contains deposit-forming compounds." He said these compounds built deposits in the combustion chambers of all auto engines. It was explained that the deposits often become "hot spots" when power is needed most—for quick acceleration.

for instance. As a result, fuel is pre-ignited before the piston reaches proper firing position. Vital power is lost.

"Not only does pre-ignition create power working against you," the Shell spokesman said, "but the deposits—which TCP now neutralizes—form on your spark plugs, causing misfiring, unburned fuel and considerable waste."

TCP Well Received

The new additive blended into Shell Premium Gasoline already has created wide enthusiasm among car owners attracted by Shell's promise of "up to 15% more power without touching a tool."

Drivers are warned, however, that these deposits constantly accumulate with modern fuels—and therefore must constantly be neutralized to keep the power gained. Shell says the only way to insure this is continued use of Shell Premium Gasoline with TCP.

Company sales officials said Shell Premium Gasoline with TCP is being handled by all Shell dealers.

The Greatest Gasoline Development in 31 Years

Mrs. E. M. Daly Leaves On European Pilgrimage

Off on the first leg of a pilgrimage to Europe is Mrs. E. M. Daly, popular seamstress at Miller Bay Hospital for the past eight years.

Mrs. Daly left yesterday for Vancouver where she will join a Franciscan Father's pilgrimage of 51 British Columbians, bound for Rome and the shrines of Europe, along with several other Canadian groups.

Among the many high points of the trip for Mrs. Daly, who lived at Capilano, B.C., for many years before coming here, will be a visit with her son, Phillip, in Germany, and a stop in London, where she was born.

The Canadian pilgrimage will sail aboard the Cunard Liner Scythia for Le Havre and Paris, and from there on, they will visit almost every famous shrine in Europe.

Among the many points they will visit enroute to Rome are

Versailles, Chartres, Lourds, Nice and Genoa. From Rome they will travel through Naples, Pompeii, Sorrento, Capri, Florence, Venice, Milan, Lucerne, Strasbourg, Luxembourg, Brussels and The Hague to Amsterdam, from where they will embark for England.

A week's visit in Ireland also is on the itinerary, with visits in Dublin, Killarney and other points, after which they will return to Southampton for the voyage home aboard the Scythia.

Following her arrival back in Canada July 31, Mrs. Daly plans visits to her children in Seattle, Victoria and Capilano before returning to Miller Bay in September.
