14 million critics...

Do you think you have the time and money to sample every type and brand of product on the market? Of course not . . . it would be

impossible. But in a way you do sample them all. Newspaper advertising gives you information on every product, enabling you to choose the ones

which best suit your needs. Because you are able to make this choice, manufacturers and merchants compete for your custom by offering the best values possible. By placing product news before 14-million critics, advertising performs the service of ensuring that all products

represent the highest quality for the price.

Your Daily Newspaper Gives You Latest Product News!
