School Water Poser Solved

Special to The Daily News
TERRACE—Village commis-
sioners and the district school
board reached a tentative
agreement to share the cost of
installation of a water line to
the new high school at a special
meeting of the two civic groups.
The new high school, now
under construction, is situated
outside the village limits and
there was some question as to
responsibility for the supply of
water and the cost of installa-
tion of a water line.
