Britain Names Delegate

Canal Issue May Be on Agenda

LONDON (Reuters)—Gen. Sir Brian Robertson, Britain's top military expert on the Suez Canal zone, will attend the Big Three foreign ministers' conference in Washington, the Foreign Office announced today.

Other members to accompany Acting Foreign Secretary Lord Salisbury to Washington, the announcement said, will be Foreign Office Deputy Under-Secretary Sir Frank Roberts, assistant undersecretary William Allen and private secretary F. J. Leishman.

Roberts and Allen are experts on German and Far East affairs. The entire party will leave London Wednesday night for the opening of the talks Friday.

Robertson, former British Middle East commander, served as joint leader of the inconclusive Anglo-Egyptian talks last May over evacuation of British troops from the Suez zone. His presence on the Washington delegation suggests the issue will be high on the agenda.

The Last Ride

CITIZENS MIGHT HAVE THOUGHT they were seeing things, but this is really a locomotive going across Highway 99 in Seattle. The Great Northern Railroad's engine No. 1246 was making its last run, bound for Seattle's Woodland Park where it will be on exhibition for children who visit the park. The big, 100-ton engine rolled through Seattle streets with the ease and dignity of a veteran and, of course, the help of a towing truck.

50,000 Arrested in E. Germany For Rebelling Against Regime

BERLIN (AP)—East Europe's Soviet masters displayed both the iron hand and the velvet glove today in their attempts to quell riots, strikes and outright rebellions by their discontented peoples.

The soft approach was on in Romania where Red leaders,

fearful of anti-Communist revolts, ordered additional rations of bread, flour products, potatoes, vegetables, sugar and oil distributed to the public.

The mailed fist still showed in East Germany. Justice Minister Max Fechner announced that 50,000 persons have been arrested for rebelling against the regime.

Disclosure of the staggering total—first public admission of the extent of the repressive measures taken in the wake of the June 17 riots—came as the government admitted that the spirit of revolt is still alive.

In an open letter to East zone farmers, Prime Minister Otto Grotewohl conceded that many are still dissatisfied with mere promises.

To appease the angry public, Grotewohl's regime and its Russian masters were reported releasing many of those arrested as rebels.

Reports from the East zone told of new industrial strikes and fresh unrest among farmers.

Despite the flood of reports telling of disorders behind the Iron Curtain—in Czechoslovakia, Bulgaria and Poland; as well as in East Germany and Romania—Western diplomats in Vienna expressed belief that the Communists still have the 70,000,000 restless East Europeans in the satellite states under control.

Reports that spreading riots in Poland had forced declaration of martial law there drew an unusual flat denial Sunday night from the Red Warsaw government. The Polish news agency PAP broadcast a communique that no emergency measures had been taken in Poland.

The West Berlin newspaper Telegraf said Saturday night martial law had been declared in the Silesian industrial area of Poland and in Warsaw and Krakow. This report, never confirmed by Western Allied or German authorities, also declared that Poles had blown up 17 Soviet tanks.

Don Scherk and Larry Mathews collected singles. Nick Pavlikis doubled to drive in the All-Stars' two-run total.

The big guns of the All-Stars finally got the range Sunday night and blasted in five runs in the first inning, added two more in the second and a singleton in the fifth. Ketchikan countered with two in the first, and singletons in the third, fourth and seventh. Larry Mathews, All-Star starter was the winning pitcher.

Big crowds attended all three games in Ketchikan ball park. Nick Pavlikis reports and the ball team were treated to the customary excellent Ketchikan hospitality. Two Ellis Air Lines planes brought the team home this morning.

WEATHER

Forecast

North Coast Region: Cloudy this morning, sunny in afternoon. Cloudy overnight and Tuesday morning, becoming sunny Tuesday afternoon. Little change in temperature. Wind light.

Low tonight and high Tuesday—At Port Hardy, Sandspit and Prince Rupert, 50 and 65.

KEMANO WORKER FINED \$1,000 ON LIQUOR CHARGE

Special to The Daily News

KEMANO—Olaf Kroger, worker on the Aluminum Company of Canada project here, was fined \$1,000, or in default six months in jail, after he pleaded guilty to a charge of keeping liquor for sale.

The fine was levied by stipendiary magistrate W. C. Proby.

It was Kroger's first offence under the liquor act. He paid the fine.

All-Stars Salvage One Game In Series With Ketchikan

Prince Rupert All-Stars salvaged one game out the first three games in the international Roving Trophy series against Ketchikan Saturday and Sunday.

The All-Stars took part in the July 4 week-end celebrations at the Alaskan centre and won the last game of the trio 8-5.

Ketchikan's baseball nine will be down to Prince Rupert in the near future to play the final three games for the Roving Cup, donated by Ketchikan's ace hurler Harry Ludwigson.

It was Ludwigson's pitching plus four bad errors which cost Prince Rupert the first game Saturday afternoon. The All-Stars out-hit Ketchikan 6-5 but lost the game by the same tally. Gordy Cameron for the All-Stars was charged with the loss.

On Sunday afternoon Ketchikan unloaded on Prince Rupert's starting chucker Fred Christensen, and scored three runs in the first inning and two in the second. Terrace's Jim Grey came in to replace Christensen and held the Ketchikan nine scoreless for the rest of the game.

However, a 17-year-old Seattle pitcher held the All-Stars scoreless until the ninth inning when

peculiar underwater structure and the strong tides surrounding it.

The television unit is to arrive in Vancouver about Oct. 1. Developed by the NRC in 1949, it will undergo modifications to achieve the utmost in stability when lowered into the rushing waters. Preliminary trials will be carried out around the 50-foot depth.

The camera has already been used on the west coast, at Nan-

aimo for the Pacific biological station there and at Esquimalt for the Pacific naval laboratory and the Royal Canadian Navy.

The camera is enclosed in a watertight steel cylinder weighing about 300 pounds. Images picked up by the sensitive camera tube are transmitted to television screens aboard the surface vessels, by means of a coaxial cable. All the camera's operations are guided by remote control.

U.S. Compromise Fails To Change Rhee's Mind

RoK President's Stand Blocks Truce

By The Associated Press

SEOUL.—The U.S. has offered South Korean President Syngman Rhee a face-saving two-point compromise to win his approval of a Korean truce, but Rhee so far has rejected it, an authoritative South Korean source said today.

Storms Lash Korea

By The Associated Press

SEOUL.—Allied planes stayed on the ground today and battlefield action was limited to brief patrol skirmishes as rainstorms lashed all Korea.

Up to 5½ inches of rain has soaked this war-torn peninsula since early Sunday from storms that swept in from the China Sea. The U.S. 5th Air Force said the downpour would continue another 24 hours.

For the first time in more than a year, all Allied planes in Korea—even weather reconnaissance flights—were grounded.

Along the curving 155-mile front, infantrymen struggled in ankle-deep mud to keep water-logged bunkers from caving in. A number of bunkers already were reported collapsed.

Supply traffic crept slowly toward the battlefield over dirt roads turned into a quagmire.

Allied troops who sloshed through flooded paddy fields of no-man's land reported 40 patrol contacts from Sunday to early Monday. All were directed at UN positions west of Finger Ridge, south of Kumsong, or on hotly-contested Sniper Ridge in central Korea. The probes were easily turned back, the 8th Army said.

Mine Official Heading North

Walter Jewitt, representative of Pioneer Mines, left here today for Ketchikan where he has a chartered Ellis Airlines plane to take him to Star Lake and McKay Lake. Mr. Jewitt is on a routine exploration trip for the mining company.

A spokesman for the U.S. embassy denied such an offer had been made.

The South Korean source said Rhee is standing pat on his demand to renew the Korean fighting if a post-armistice political conference fails in 90 days to make headway on unifying Korea.

The source, a person in authority, said Rhee's demand is the stumbling block of the 11-day talks between Rhee and Assistant Secretary of State Walter S. Robertson, President Eisenhower's special truce envoy.

The compromise is reported to provide for the U.S. to:

● Agree to join South Korea in walking out of the conference if after 90 days it had made no progress toward peaceful unification of Korea.

● After such a walkout, "discuss" on a diplomatic level resumption of the war, with the understanding that any action would have to be ratified by the U.S. Senate.

En route to the presidential mansion, Robertson ran into the first South Korean anti-truce demonstration apparently beamed specifically at him. A line of marchers shouted, "Drive north... keep our sovereignty... unification until death."

Others carried placards reading "Continuous friendship with America."

The U.S. is reported to have firmly opposed Rhee's demand for a guarantee to renew fighting if unification fails.

Meanwhile, a rather secret conference was held in Seoul by Gen. Maxwell Taylor, U.S. commander of Allied ground forces in Korea, and his U.S. advisers to the South Korean army.

Despite a U.S. 8th Army announcement that the session was a routine monthly affair, there was speculation they discussed military problems that would arise if a truce is signed without Rhee's guarantee that the 16 RoK divisions will observe the cease-fire.

PRETTY GRETHA WHITMORE, 16-year-old queen of the 1953 Flin Flon trout festival, holds up an angler's dream—30-pound lake trout, one of the type that has made the area famed among fishermen.

Minesweeper Due Here On Training Exercise

Arriving tomorrow to take part in training exercises in these waters is HMCS Sault Ste. Marie, minesweeper attached to HMCS Malahat in Esquimalt. She will arrive at the Imperial Oil jetty for refuelling at about 4 p.m. and will dock at the CNR pier around 5:30.

On board the Sault Ste. Marie are officers and men of HMCS

Malahat who will be taking part in the four-day exercises while here.

A signal sent to Cmdr. Pearson, commanding officer of HMCS Chatham, said the navy personnel hoped that softball and baseball games with local teams could be arranged for 7 p.m. Wednesday and 6 p.m. Thursday.

Veteran of the Korean war, the Tribal class destroyer HMCS Cayuga will also be here this week, arriving at 8 a.m. Wednesday to pick up Rear-Admiral J. C. Hibbard, RCN, who is arriving with his staff from Edmonton by train at 10:45 Wednesday evening. Accompanying Rear Admiral Hibbard is Cmdr. R. G. Pickford.

Rear Admiral Hibbard, flag officer Pacific Coast, took over command of Canada's Pacific Coast fleet from Rear Admiral W. B. Creary about three months ago. He was formerly captain of HMCS Ontario.

HMCS Chatham will welcome both ships' companies with a dance on Thursday evening and the wardroom officers are giving a reception for the visiting ships' officers the same evening.

It is hoped that Admiral Hibbard will attend the dance and present some of the prizes to the ships' personnel.

The Sault Ste. Marie will be sailing from Prince Rupert Friday morning as will the Cayuga. The latter will make a brief call at Kitimat.

Both ships will be berthed at the CNR dock while here.

413 Lives Lost Over Holiday

CHICAGO (CP)—The July 4 holiday week-end, garnished generally with good weather, brought violent death to more than 400 persons in the United States.

Automobile drivers apparently were careful enough to beat the U.S. National Safety Council's prediction that 290 persons would die in week-end traffic accidents. But not by much.

At least 249 persons died in highway and street accidents. Another 118 drowned and 45 died in miscellaneous accidents.

The two-day holiday week-end toll, 413 lives, was substantially smaller than the 643 recorded for the three-day Independence Day week-end of 1952. Last year, traffic accidents claimed 365, drownings 202, fireworks two, and miscellaneous 73.

Mau Mau Raid Royal Lodge

NAIROBI (AP)—A gang of Mau Mau terrorists raided Royal Lodge—Kenya's wedding gift to the Queen and the Duke of Edinburgh—Sunday night.

Another gang raided Treetops Hotel, 20 miles from the lodge, where the Queen, then princess, was staying when she learned of her father's death in February, 1952.

The raiders stole blankets, food, two pairs of binoculars and a guncase from the hotel. Two Africans who were employed as caretakers went off with the gang.

African constables guarding the royal lodge fought the anti-white raiders for 15 minutes. None was injured. It is not known whether the raiders suffered any casualties.

Thieves Rob Olivier's Home

LONG CRENDON, Eng. © —Thieves entered the country home of Sir Laurence Olivier Sunday night and made off with furs and jewelry valued at some \$7,000 (\$19,600).

Sir Laurence and his ailing wife, Vivien Leigh, discovered the theft when they returned from entertaining Sir William Walton, the composer, and Lady Walton. It was the third time the Oliviers have been robbed in three years.

Socreds May Elect 25th Member Today

VANCOUVER (CP)—Social Credit may elect today the one additional member needed to form a majority government in the British Columbia Legislature.

The battle centred on the big Vancouver ridings after the latest returns showed Premier Bennett's party victorious in Delta, where Tom Irwin, speaker in the last Legislature, won out over CCF candidate Len Shepherd on the first count Saturday.

This makes a total of 24 seats in the 48-seat house.

Attorney-General Robert Bonner in Vancouver Point Grey, ballot "B," told a substantial

lead over his opponents. And in the six seats yet undecided, Social Credit leads in five. CCF candidates have captured 13 seats and lead in one. Progressive Conservatives have elected one member.

Liberals have elected three and their leader, Arthur Laing, is in a close contest with education minister Tilly Roalson in Vancouver-Point Grey "C."

Health minister Eric Martin and Bert Price, Social Credit, are leading both ballots in Burrard.

Vancouver East "A" recheck is still incomplete, but Arthur Turner of the CCF has a comfortable lead over A. M. Arnold of the Social Credit.

ALLURING JYTTE OLSON has plenty of charm at her disposal as she prepares to compete for the coveted "Miss Universe" title in the world beauty contest to be held at Long Beach, Calif., July 9-19. The 18-year-old beauty will carry the colors of her native Denmark in the competition.

Television Camera To Be Used To Study Ripple Rock Structure

OTTAWA © — Canada's only underwater television camera will be used this autumn to study the structure of dangerous Ripple Rock in the Seymour Narrows.

Capt. H. R. Smyth, in charge of radio and electrical engineering trials for the national research council, will supervise its use during the west coast experiment. Ripple Rock has been a hazard to navigation for years, but previous attempts to remove it were unsuccessful owing to its
