## New Anglican Bishop Enthroned Before Large Congregation Here

Rt. Rev. Horace G. Watts Says Future Depends on Spiritual Value

In formal yet quietly simple dignity, the Right Reverend Horace Godfrey Watts, DD, last night was enthroned at St. Andrew's Cathedral as the fifth Bishop of the Diocese of Caledonia.

Following the traditional forms of the Church of England for the distinguished occasion, the new Bishop appeared before the large congregation after knocking three times at the cathedral main doors as required by custom to gain admission.

Three times he paused in his solitary journey through the nave, the choir, and the sanctuary to the altar. The first was at the font, where he laid claim to the most true promise for Holy Baptism. The second was at the entrance to the choir, where he laid claim to the most true promise in the acts of Confirmation and Ordination. The third was near the sanctuary where he laid claim to the most true promise of the Lord's Presence in the Holy Communion.

During this ceremony he carried an ornate crozier carved by natives of the district. At the sanctuary he was received by Canon C. A. Hinchliffe, of Smithers, Canon Basil Prockter and the diocesan clergy. Canon Hinchliffe acted in place of Archdeacon A. E. Hodson, of Terrace, who was unable to attend. Clergymen present were Rev. A. W. Atkinson, Burns Lake; Rev. Kenneth Collinson, Vanderhoof; and Rev. J. S. Twining, of St. Peter's Church, Seal Cove.

After prayers, reading of the epistle and the gospel, and a hymn, Vice-Chancellor F. E. Anfield performed the recognition by leading Bishop Watts to the entrance to the choir where he read the deed of the Bishop's consecration. Following this, the Vice-Chancellor said: "We now present to you who have come to your cathedral from the parish churches of the Diocese, your Bishop, Horace Godfrey. We bid you welcome him in loyalty and truth."

Bishop Watts then delivered the Ministry of the Word to the congregation and petitioned Canon Hinchliffe to be enthroned. He was conducted to the episcopal seat by Canon Prockter and the enthronement was declared.

For his sermon after the offertory hymn was sung, the new Bishop chose a text from the eighth chapter of the Epistle of St. Paul to the Romans. From this he selected as a motto the words of the 37th verse: "Nay, in all these things we are more than conquerors through Him that loved us."

Observing that though we carry the cares of the earth, Bishop Watts said it is only because

Christ walks beside us that we are able to overcome our trials. "For the last two months hardly a day has gone by without some industrialist or other individual telling me about the great expansion going on in this part of the province," the Bishop said.

"But the future of this part of B.C. or of any other place, does not depend on economic expansion. The real future depends on our spiritual value. "Of first importance is the development of our own personality. Next, we should try to help the development of personality in others. In this we must count on Jesus Christ, the brother of us all, for help because we cannot do it alone."

Addressing himself separately to the men, women and children of the diocese, the Bishop paid tribute to the laymen who recently played an important part in raising \$100,000 in B.C. to further missionary work. This diocese not only reached its quota, but far exceeded it, he said.

To the women he remarked that their auxiliary had shown commendable spirit in undertaking to pay the salaries of two women workers in the diocese. One will attend to matters affecting women, and the other to those concerning children. "On the children rests the future of our church," he said. "It is not mere platitude. For one thing, the need has never been greater for clergy who will do missionary work. In that aspect alone there is a real challenge for children."

Concluding on the note that "we are more than conquerors through Him that loved us," the Bishop stressed the importance of spiritual development. "No matter how great our economic resources, if we are spiritually bankrupt, the future is indeed bleak," he said.

Bishop Watts was elevated to his present rank in an impressive and colorful ceremony last Sunday in Christ Church Cathedral, Victoria, where he was consecrated by Archbishop H. E. Sexton, metropolitan of the ecclesiastical province of B.C. Canon Prockter attended the ceremony. Bishop Watts, his wife, and

their youngest daughter, 14-year-old Margaret, arrived on the Princess Louise Sunday morning, only a few hours before he led the morning service.

Bishop Watts' other daughter, Barbara, 21, has just graduated in sociology from the University of Toronto. His oldest son, Ronald, a Rhodes Scholar, is in England, and another son, Hugh, is studying medicine at Princeton University.

The new Bishop was born in Surrey, England and came to Canada in 1919. A graduate of the University of Saskatchewan, he worked in that province from 1919 to 1925 when he went to China, where he spent two years in the diocese in Honan Province.

In 1927, Bishop Watts was transferred to Japan and remained there until the outbreak of war when he returned to Canada to take over field secretary work of the Missionary Society, a position he held until the time of his selection as the fifth Bishop of Caledonia. In his missionary work, Bishop Watts visited this diocese on several occasions. His first visit to Prince Rupert was in 1920 and his last, was five years ago when he also went to Stewart and the various islands aboard the North- ern Cross.
