#### Sailors to Get Split of \$54,000 In Back Wages

VANCOUVER 4-Some 75 B.C. sattors will share \$54,000 realized from the sale of the III-fated

Mazatlan. Norm Cunningham, port agent here for the Seafarers' International Union, said the cheques

It marks the successful con-Iclusion of the classic dispute between the operators of the broken-down vessel and the union:

The ship went to sea as a luxury cruise vessel last summer. Passengers soon left the ship because of poor conditions and crew members went unpaid because the company couldn't afford to pay them,

The debt-ridden ship was put up for sale, sold for \$171,000 in California, and the back wages will be paid out of the proceeds.
