_Kaiser Deal For Kootenay Power Sound Says B.C. Lands Minister

VICTORIA (P)—Lands Minister it says, calls for B.C. to give Kai-Chemical Corporation of the tually free." United States,

ticle in the Financial Post which "The provincial government claims the deal is "the biggest assumes we have full control over give-away."

Kaiser has started preliminary possibility of building a \$25,000,-000 low_head dam near Castlegar, B. C., near Trail. Other operations are under way in the Arrow Lakes region of B.C.

The Post story predicted Ottawa would veto the deal which

He was commenting on an ar- stepping in, Mr. Sommers said:

Wheat Picture Seen Brighter Despite Surplus

OTTAWA (Canada in 1954 may have the smallest wheat: crop in 40 years and less than half of it may be good enough for milling grades.

But wheat authorities, while sympathizing with the weatherharassed western farmers, see the development as probably aiding Canada's over_all wheat pos-

They point out that Canada / still has a 594,200,000-bushel sur- |./ plus of mostly high grade wheat carried over from the last crop and hardly needs another hefty crop. They add that most of the! new, smaller crop will be feed grades of wheat where there now is some shortage. Thus they see Canada in a

position to give wheat buyers a wide choice of all grades.

Harvesting conditions on the Prairies were bad during September and it predicted that there may be a "significant!" downward revision" in the estimate of the crop size when the You hear a lot about the player who bids his own time comes to make the final" estimate around 277,900,000 bushels.

grain authorities point out that most of Canada's 587,500,000-bushel carryover was No. 2 Northern grade and stocks ! of low-grade wheat used as feed were small. With a shortage of some feed grades, these authorities expressed the belief Canada should not have too much difficulty in marketing the new crop, most of which will be made up of the lower grades
