distributed first copies of the Pacific Hallbut Fishery regula-

The International Pacific Hallbut Commission this week

No changes have been made from decisions announced

As recently announced, the opening date of Area 2 and

Earliest date for validation of halibut fishing licences

For Area 3A validation at ports outside the area will be

First season in both areas will end by announcement when

Second reason in Area 2 and 34 will start July 27 and end

The department of fisheries said that in the unlikely event

of the first fishing season in Area, 2 or Area 34 not ending by

on August 3 in Area 2 and on August 5 in Area 3A.

July 17, some of the above dates will be changed.

Catch limits are placed on Arcas 2 and 3A only.

earlier in the year and the regulations this year do not differ

materially from those of 1954.

each area eatch limit is taken.

Area 3A is May 12.

for Area 2 is May 10.

allowed on May 7.

PRICE FIVE CENTS

Senators On Narcotics Probe

I THEIR TREACHEROUS warheads thrust forward, these new ground-to-ground guided rock-Jenng tested by the French Army seem to be straining at the leash. Army officials claim that hew death-dealers can plerce any known type of armor plate. Like their aerial counterparts, will be electrically launched and kept on the beam by electronic experts. However, instead of used against aircraft they will be directed against tanks, half-tracks and other ground war Tinery. Their carrying cases serve also as launching platforms.
