Make It A Date

THANKS to the hard-working Elks Lodge, a lively and entertaining Dominion Day celebration is in store for Prince Rupert. There seems to be something for everyone in the program the Elks have arranged and in the face of such a wholehearted effort to prowide a good time, the weather is bound to co-operate. But the Elks are doing more than making sure we have a pleasant holiday. Whether it is their concious aim or not, they are awakening Prince Rupert to the need of stepping up its summer activities. Most communities of comparable size in B.C. have made a feature of staging at least one big event in the summer which has paid generously in publicity dividends. Okanagan communities in particular have won themselves a name for this—Vernon has its Pioneer Days, Penticton its Peach Festival and Kelowna its Regatta. These affairs not only provide amusement for residents of the towns and promote the feeling that they are in a good place to live, but they also attract the profitable interest of visitors.

It can be argued that Prince Rupert, being at the and of a rough line for travelling, is not in a position vet to undertake extravaganza of this sort. But the argument will not hold good for long. Sooner or later this city is going to have to match wits with Kitimat to prove that it is not asleep and as Highway 16 improves, the need to sharpen up will increase accord-

All this may be a little removed from a Dominion Day celebration. But if the weather is kind on Monplay we are sure to see as we have in the past that Prince Rupert is not lacking in a sense of fun and has plenty of savvy, as will be demonstrated in this case by the Elks, when it comes to putting on a good show. So let's make it a date.
