Justed Agent Challenges EW Probers

ANQUVER (CP)—George Gee, suspended weekend as business agent of the International Brotherhood of Electrical Workers (AFL-TLC) for alleged communist activities, Tuesday night demanded that the charges against him be released. In a prepared statement, Gee said the charges should have been read to a closed membership meeting of the union Monday night.

Gee challenged the officials who filed a complaint to the international headquarters which resulted in his ouster, and the membership vote on his charges should be laid "not the business of the union, but the public," he said.

"I will fight this thing until I'm in the clear. And I'm given a fair trial. My mind in the trade union movement is an open book."

Gee said one of the charges against him dealt with his attendance at the U.S.-Canadian Peace Arch "to hear Paul Johnson sing."

"It makes 20,000 other communists, I suppose," he said.

Two paid employees and 17 part-time members were also denied by the union for allegedly working toward the "leftist cause."

Mr. Marcus, a non-member, was dismissed from his position as research director. An admitted member, business agent Art Cox, was also listed as dead by the investigators. Union officials say there are no charges against Marcus and
