Now that she has completed her two months at Rockcliffe, she will go to a station | within Air Defence Command on a two-year transfer.

vice, Carole will have the choice lar to that of Sea Cadets, inof release or re-enlistment. Right cluding drill, boat handling, now, she thinks she'll stay.

a dip in the Rockcliffe station pool or tries her hand at oil painting, which she was taught by an airwoman at her last sta-

A group of 14 local Boy Scouts! will board the train here tonight bound for Seymour Lake near Smithers and a 10-day camping

Supervising the boys on their | 53 AUSTIN A-40 SEDAN camping-out jaunt will be Camp Leader Harry Winstone, assisted 50 FORD 2-DOOR by the Rev. Canon Basil S. Prockter.

The boys will pitch tents, on a farm owned by Eric Martin, about three miles out of Smithers. They'll cook their own food, 49 CHEVROLET SEDAN and operate a completely independent camp, many working on campers' badges during the

Swimming and boating will be a highlight of the session, with the youngster using boats loaned by Smithers residence. Hiking, woodscraft and possibly overnight camp sessions away from the main camp, also will be featured.

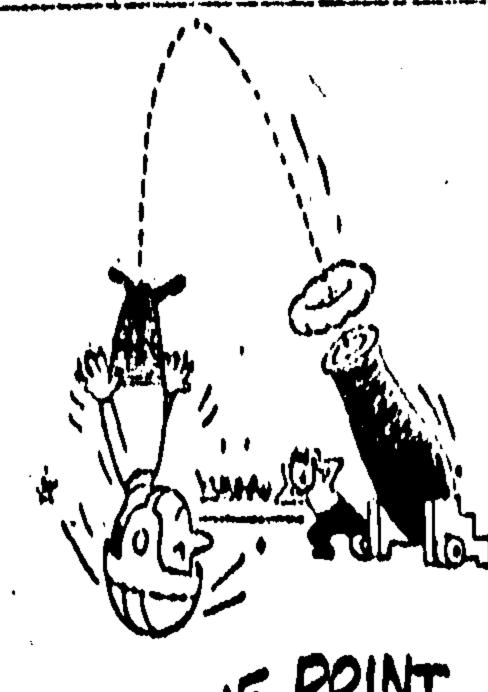

The boys are scheduled to arrive back in Prince Rupert Sunday, August 22.

## Hits Alaska City

SEWARD, Alaska (A)-Fifteen new polio cases were reported Wednesday and a call went out for volunteer nurses to aid in combatting an outbreak that has claimed two lives and hospitalized 20 other persons since July

Medical authorities, in radio appeals, said the volunteers were needed to relieve the critical shortage of nurses caused by swift spread of the disease.

YOUNG BY WALKING. IPSWICH, England (P)-Albert, Skeet, in good health at 80, says "plenty of walking has kept me young." In 1923 he did the 52mile London-to-Brighton walk in less than 11 hours.

With the increasing hazards of highway travel, there may be a his market ahend for a new Hightweight aluminum crash helmet developed in Europe. It not only takes unnecessary weight off your mind; tests proved that alan exhibits loss "dent denth" when abjects are dropned on it --- with no one underneath, we should add.

Sounds like a sensible chaneau for construction workers tho, Certainly lots of aluminum erticles developed for one use have been quickly adopted for others . . . a process which has helped build heavy demand for Canadian aluminum both at home and in foreign markets. Alumini, Company of Can-
