# CONVERTED SHIP DUE HERE WITH NORTH DEFENCE CARGO

A freighter designed for Arctic travel was scheduled to arrive here this afternoon en route to the Bering Straits to deliver gasoline and radar equipment for the far northern defence system. The vessel is the Cassiar, formerly the Blue Peter that

operated on the Vancouver-Skagway run for Union Steamships. It was withdrawn from the service last spring to be made roady for its new duties. The work included converting It from steam to dle.cl operation. A China conster type of freighter, the 1,500-ton vessel is

under the command of Capt. F. L. Coe. It will stop over here for about eight hours, In the Arctic the Cassiar will visit Coronalion Bay and

other northern soltlements,
