BOY STANDS CHANCE FOR LIFE

VANCOUVER @ --- A six-year-old boy, paralyzed when his brain was pierced with a car aerial, was lighting for his life.

Bobby Jones, son of Mr. and Mrs. Russell Jones, of Rossland was able to laugh with his mother here and moved his right leg, arm and hand for the first time since last Wed-

"He's much better today," his mother, Mrs. Wanda Jones said. The boy is still unable to talk. Last week, while Bobby was playing with his brother, a car-

'radio aerial pierced his eye and enteced his brain. Rosslanddoctors who examined him in his back yard gave him only moments to live. Doctors here marvelled that the boy was still alive after

a tortuous ambulance trip. By a "million-to-one" chance, the sharp aerial apparently missed the optic nerve, All available aircraft in the West Kootenays had been

chartered at the time of the accident, The injury paralyzed his right side and he was unable to ent or speak. Doctors said for the first time they "have real-
