**BALCONY SCENE**—Jammed outside London's Mansion House, a throng composed mainly of admiring women greet Prince Philip, Duke of Edinburgh, who surveys the scene from balcony at left. The demonstration took place as Prince Philip was honored at a luncheon by the Lord Mayor and Corporation of the City of London on completion of his Commonwealth tour.

**DEADLINE MARCH 23**

## Movie Goers Must Pick Right Star To Win Themselves Brand New Car

A new chance to match wits with the critics and win a 1957 Holiday Hardtop Oldsmobile is being offered motion picture goers by The Motion Picture Industry and The Daily News.

All that's necessary to win is for some reader to make the correct selections in 10 categories eligible for Hollywood's annual Academy Awards.

The Academy Awards Contest closes midnight, March 23. The Oscars are handed out in Hollywood March 27 and The Daily News will announce contest winners on March 30.

It's simple. Ballot forms, which are available in the lobbies of the Capitol and Totem theatre and on Page 4 of today's Daily News, list the nominations for the Best actor, Best actress, Best picture and so on.

There are five names in each division. Only one will be the right one so contestants must be 100 per cent perfect in their score to win.

A new category has been added this year to the contest—Special British Picture Category, with five British movies picked by 81 Canadian critics.

Here are the categories and possible award winners:

**BEST ACTOR**—James Dean, Yul Brynner, Kirk Douglas, Rock Hudson, Sir Laurence Olivier.

**BEST ACTRESS**—Ingrid Bergman, Carol Baker, Katherine Hepburn, Nancy Kelly, Deborah Kerr.

**BEST PICTURE**—"Around the World in 80 Days," "Friendly Persuasion," "Giant," "The King and I," "The Ten Commandments."

**BEST SUPPORTING ACTOR**—Don Murray for "Bus Stop," Anthony Perkins for "Friendly Persuasion," Anthony Quinn for "Lust for Life," Mickey Rooney for "The Bold and the Brave," Robert Stack for "Written on the Wind."

**BEST SUPPORTING ACTRESS**—Mildred Dunnock for "Baby

Doll," Eileen Heckart for "The Ken Darby," "Meet Me in Las Vegas," George Stoll, Johnny Green.

**BEST MOTION PICTURE STORY**—"The Brave One," Robert Rich; "The Eddy Duchin Story," Leo Katcher; "High Society," Edward Bernds, Elwood Hillman.

**BEST DIRECTION**—Michael Anderson, William Wyler, George Stevens, Walter Lang, King Vidor.

**BEST SONG**—Thee I Love from "Friendly Persuasion," Julie from "Julie," Written on the Wind, True Love from "High Society" and Que Sera Sera from "The Man Who Knew Too Much."

**BEST MUSICAL SCORE** in a Musical Picture—"The Best Things in Life Are Free," Lionel Newman; "The Eddy Duchin Story," Morris Stoloff, George Dunning; "High Society," Johnny Green, Sol Chaplin; "The King and I," Alfred Newman, the Daily News.

Canny figuring is needed for some pictures not yet seen here and one picture—"Baby Doll" will not be seen in B.C.

There is no limit to the number of times a person can enter to get your ballots in early to the two city theatres or the Daily News.

## Improved Bus Stop List Under Study by Council

Plans for a more comprehensive city transit system which would render improved service to shoppers in downtown Prince Rupert were outlined to city council last night.

Neal Evans Transport Company Ltd., the city's bus line operators informed council that section at Third Street and Third Avenue in front of the Federal building.

(4) West side of the intersection of Sixth Street and Second Avenue West in front of the Prince Rupert Hotel;

(5) East side of the intersection at Seventh Street and Third Avenue West in front of Arrow Bus Terminal;

(7) East side of intersection of Fifth Street and Third Avenue West in front of Kalen Hardware Store.

(8) East side of the intersection of Fulton Street and Third Avenue West in front of Wallace's Department Store.

(9) West side of Second Street from its intersection of Second Avenue to the lane; the half block in front of the bus depot.

(10) West side of pedestrian crosswalk at the intersection of First Street and Third Avenue West approximately in front of Noble's Radio Store.

The letter stated that the buses in use were 25 feet in overall length and the stops as indicated, with the exception of 1 and 0, which are adequate at present, would meet requirements by the inclusion of about one parking space at each stop.

This is dependent upon the municipal law, which stipulates the distance from the rear end of an immobile bus taking on passengers, to the adjacent street intersection.

When the bus stops are marked, the company has stated it will erect schedule signs at stops 6, 7, 8 and 9 with fixed departure times from each.

Total tonnage of herring netted last week in District 3, northern and central sub-divisions amounted to 8,000 tons it was reported today.

There was no fishing in the Queen Charlotte Island sub-division due to weather condition by fisherman. The sub-division is still open, but catches in the last month have been generally poor.

In the Central sub-division which closed Sunday for the season, 1,387 tons of herring were netted, majority of which was in Kitimat Sound and Fish Egg Inlet, near Bella Coola.

Total catch for this sub-division to date is 30,313 tons.

In the northern sub-division, 6,492 tons were caught, 5,407 tons of which were netted in Iscato Strait.

Total catch to date for this sub-division is 30,330 tons.

## Found Alive

WHITFISH, Y. T. — Gregg Temperley of Powell River, a helicopter engineer, was rescued Monday night after being missing 12 days in the rugged mountain country of northern British Columbia.

Temperley was travelling on foot and had walked 30 miles from the scene of the helicopter's forced landing when found Monday.

Phil John Weston of Victoria was to be picked up by helicopter today.

## Herring Catch 9,869 Tons In District 2 Last Week

Total tonnage of herring netted last week in District 2, northern and central sub-divisions amounted to 8,000 tons it was reported today.

There was no fishing in the Queen Charlotte Island sub-

division due to weather condition by fisherman. The sub-division is still open, but catches in the last month have been generally poor.

In the Central sub-division which closed Sunday for the season, 1,387 tons of herring were netted, majority of which was in Kitimat Sound and Fish Egg Inlet, near Bella Coola.

Total catch for this sub-division to date is 30,313 tons.

In the northern sub-division, 6,492 tons were caught, 5,407 tons of which were netted in Iscato Strait.

Total catch to date for this sub-division is 30,330 tons.

## Gunderson Salary \$11,500

### No Salary Given For Other Posts

VICTORIA (CP)—Einar Gunderson, executive vice-president and director of the Pacific Great Eastern Railway, received more than \$11,500 in salary and expenses in nine months of 1956, Premier Bennett said Monday.

Mr. Bennett filed the information in the house Friday night in reply to a question placed on the order papers by P. A. Gibbs (Lib.-Oak Bay).

The premier said Mr. Gunderson receives a salary of \$1,150 per month and a director's fee of \$100 a month. He receives no salary for his membership in the bridges and highway toll authority.

In answer to a question by George Gregory (Lib.-Victoria), Mr. Bennett said the PGE last year purchased a used private car for the use of the president and senior officials of the railway at a cost of \$80,600. The car has been used seven times, he said.

The \$22,420 cost of the PGE opening ceremonies was borne by the railway, Mr. Bennett said in reply to another question by Mr. Gibbs. He said 228 passengers were on board for the inaugural trip.

The railway carried a total of 41,771 loaded cars in 1956, the premier said in answer to another question. Of the total, he said, 25,226 were log and lumber loads and more than 2,900 were pine line loads.

He said passenger service was cancelled six days in 1956 because of rock-blasting in construction of the Howe Sound road and that the railway was not compensated for loss of service. The cost of removing rocks from the road bed and replacing rails is carried by the contractor, Mr. Bennett said.

He said the railway has paid a total of \$2,165 to municipalities in property taxes and only \$200 to school districts in school taxes.

The announcement was made in city council last night by Mayor George E. Hills, climaxing lengthy negotiations.

The pay boost, retroactive to January 1, is part of the 1957 wage agreement between the city and the Prince Rupert Firefighters Association Local 559.

Firemen's wages in the higher categories have now been upped four per cent and substantially more in the lower classifications.

Starting wage for a fireman is now \$205 per month, rising steadily until a fireman with 43 months' service can now earn \$305 per month.

Maintenance men will receive \$370.

Sick leave for permanent employees equivalent to one day for each month worked accumulative up to 24 shifts per year;

LEAVE OF ABSENCE

A \$2 remuneration for the one policy which the city will study for institution in 1958 on a 50-50 basis with all city employees;

A \$2 remuneration for the senior fireman in charge on calls where the fire chief or assistant fire chief are not in attendance.

REPLACEMENTS

will be made upon surrender of the goods when damaged or worn out. The goods are to remain property of the fire department in case of employment termination.

## More 'Quakes Experienced In Aleutians

ANCHORAGE, Alaska (CP)—Walter Freeman, an airways station agent on Unalaska, reported the outermost Aleutian island is under a siege of volcanic activity.

Mount Usvitof, a volcano dormant for 200 years, has been smoking since Saturday's big earthquake.

Freeman reported in a telephone message to Anchorage the natives of Unalaska are terrified

and the U.S. Navy and coast guard at Adak have been prepared for possible evacuation of the island.

In Weston, Mass., a strong earthquake, apparently in the Abutian Islands, was recorded at 1:30 a.m. EST today by the Boston College seismographic station.

Gov. Daniel Linnahan, seismologist, said the disturbance was

one of the strongest of about 50 recorded in the last few days.

He said the quake was continuing.

Cloudy today with intermittent rain. Cloudy with sunny periods. Windy. Little change in temperature. Winds southwesterly decreasing to light this evening. Low tonight and high Wednesday at Port Hardy.
