ABOVE IS AN ARTISTS CONCEPTION of fantastic "Space" display at the 1958 Pacific National Exhibition, Vancouver, B.C., with the 108 foot three stage aluminum rocket towering above the "big top" of the Science Show and the "Honest John" *U.S. artillery missile which, itself, reaches up 46 feet from its launching platform. The balloon "Space Cadet", right, marks the main entrance to the display. Each of the three phases of the show, two of them free attractions, is a "first" for Canada and the Pacific Northwest. The PNE runs from August 18 through September 1.
