PRICE FIVE CENTS

CANADA'S NEW AIRCRAFT CARRIER Bonaventure, shown here during sea trials has been commissioned at Belfast. The 19,000-ton, 700-foot-long carrier cost \$25,000,000 and is the biggest ship in the Canadian Navy. (CP from National Defence)

## APPEAL SCHEDULED

## Girls Offering To Marry Stowaway To Save Him From Being Deported

By JACK BEST

Canadian Press Staff Writer

VANCOUVER (CP) — Several girls have offered to marry a stateless and lonely stowaway if that will save him from being deported, his counsel said Sunday night.

John Taylor, one of two lawyers fighting a deportation order issued last Friday against Christian Hanna, 23, said the girls seem to be running a competition.

At least five have offered to become engaged to Hanna, he added, though they have never seen him except in newspaper pictures. One planned to make application today for his admittance as her fiance.

Hanna, who has no passport or citizenship papers, spent the weekend in custody in the immigration building, here awaiting hearing of his appeal by a three-man board today.

### FLOATING PRISON

He left the Norwegian freighter Gudveig at Port Alberni, B.C., Thursday after being aboard 15 months. At least six countries denied him permission to land after he stowed away at Beirut, Lebanon.

During the weekend Donald White, 26-year-old Vancouver lawyer retained senior counsel Taylor to assist in his fight to keep Hanna in Canada.

Mr. Taylor said Immigration Minister Pickersgill has been allowed chances of Canadian citizens to enter the country

"from almost everywhere in the world."

### TWO "FRIVOLOUS"

Of the five girls who have offered to sponsor Hanna, three were found upon investigation to be "frivolous," Mr. Taylor said. The other two, however, appeared to be motivated by worthy intentions.

Mr. Taylor said the rule in such cases is that the marriage take place within 30 days.

Hanna, alone in the immigration building, knows nothing of the marriage offers, he said. His two lawyers issued a statement saying the marriage "should be very carefully considered and that possibly Hanna should not gain entry into Canada by this method."

Mr. Taylor said "all kinds" of job offers for Hanna have been received, and that people in other parts of Canada have joined in a "petition by wire" to Mr. Pickersgill asking that the boy be allowed to remain.

Among offers of material help was one from a blind woman here, placing at his disposal an upstairs suite in her home.

CHRISTIAN GEORGE HANNA . . . object of marriage.

## Eisenhower Inauguration Followed by Mammoth Parade

WASHINGTON (CP) — President Eisenhower stood on the steps of the Capitol today and repeated, in public, the oath of office he took privately Sunday when he officially began his second term.

The ceremony began at noon.

The lawns and plaza in front of the speaker's stand provided seats and standing room for thousands who witnessed the ceremony.

Other thousands lined the route taken by the president, Vice-President Richard Nixon,

### N.W. Parker Service Held

Funeral service for Norman William Parker of 118 Eighth Avenue West, 20-year-old bridge-man killed in a collision of two freight trains at Esquimalt Wednesday, was held in Ferguson Funeral Home yesterday at 2 p.m.

Rev. J. A. Roskam officiated.

The remains will be forwarded on tonight's train to Watrous, Sask., for burial there.

Mr. Parker had lived in Prince Rupert for just over a year, coming here from Watrous.

Surviving are: his wife, Lois A., of Prince Rupert; stepson Ronald Douglas; one brother, Ronald in Lekokok; two sisters in Skukukukwan and one in Manitoba, and his parents, Mr. and Mrs. William Parker in Watrous.

His wife sang at the service with "Rock of Ages" and "Jesus Lover of My Soul."

their wives, and a group of dignitaries, as they travelled to and from the ceremonies. A mammoth parade followed them.

Temperatures rose and were expected to stay in the 40s. But a threat of rain hung over Washington.

Former president Herbert Hoover attended but former president Harry Truman, although invited, said he was unable to be present.

The ceremonies included the traditional 2½ hour parade. The line of march provided places for 40 governors, 33 floats, 65 bands, a dozen drums and bugle corps, an elephant, and a 108-foot float along the Pennsylvania Avenue route from the Capitol to the White House.

Tonight celebrants dolled up in diamonds and gables, white tie and tails, will gather in four huge ballrooms.

### SWORN IN SUNDAY

Eisenhower's first term officially ended—and his new one began—at noon Sunday. Well before that hour, at 10:30 a.m., he was sworn in for the second term at a private ceremony in the White House. Nixon took his oath two minutes earlier. About 80 persons witnessed the private ceremony.

The rest of the provinces—British Columbia, Alberta, Saskatchewan, Manitoba, New Brunswick, Prince Edward Island and Newfoundland—reported no fatalities.

### ANNUAL MEETING

Annual meeting of the Prince Rupert, Pany baseball league will be held at the Elk's Home at 7:30 Wednesday night, a spokesman for the association said today. Meeting will see election of officers and plans made for the coming season.

### CHURCH SMALL FIRE

Prince Rupert attended a small oil blaze, caused by a flooded oil burner at the Regular Baptist Church, 1001 East Sixth Avenue, yesterday afternoon. No damage was reported.

## Here For Grain

The freighter, *Fridtjof Nansen*, of Norwegian registry, arrived at the Canadian Government Elevator at 11 a.m. today to take on about 6,500 tons of No. 1 feed barley destined for Europe.

The vessel which is at present being fitted arrived from the Orient and is expected to start loading Wednesday.

## Poles Back Policy Of Gomulka

### 60 Per Cent Vote Red Ticket

WARSAW (CP) — More than 60 per cent of Poland's 17,449,000 voters appear to have endorsed Wladyslaw Gomulka's Communist leadership in the first popular test of his "communism without tyranny" policy.

Official but reliable reports said more than 11,000,000 of those voting Sunday for a new 450-member parliament apparently cast the official ballot without change. Gomulka's régime had warned against exercising the modest right to cross names off the red-dominated single list of candidates.

About 16,000,000—nearly 90 per cent of those qualified—went to the polls. Both the Communist hierarchy and the Roman Catholic Church had called for a big turnout.

The Communist-controlled Budapest radio claimed that 80 per cent of the electorate voted the straight ticket.

Official results are expected Tuesday.

### NO COERCION

Voters who refused to go along with Gomulka struck off the names of candidates they did not like, uncovered by anonymous official measures. Their protest vote did not alter the fact that Gomulka's United Workers Communist party will have a substantial majority in the new Parliament.

### INDEPENDENT LINE

Gomulka, 51, has advocated a course of some independence from Moscow. He was pressed into power three months ago in an uprising that kicked outright Stalinists off the party's politburo. Last week he joined visiting Premier Chou Enlai of Communist China in attacking U.S. policy in the Middle East and endorsing the Soviet-installed regime of Premier Janos Kadar in Hungary.

Voting was quiet in Poznan, western industrial centre where the June bread-and-freedom riots contributed to ending Stalinist control of the national government.

### Weekend Toll Of 11 Deaths Much Lower

By the Canadian Press

Six persons died on Quebec highways during the weekend, to make that province's accidental death toll more than half of the at least 11 fatalities reported throughout the country.

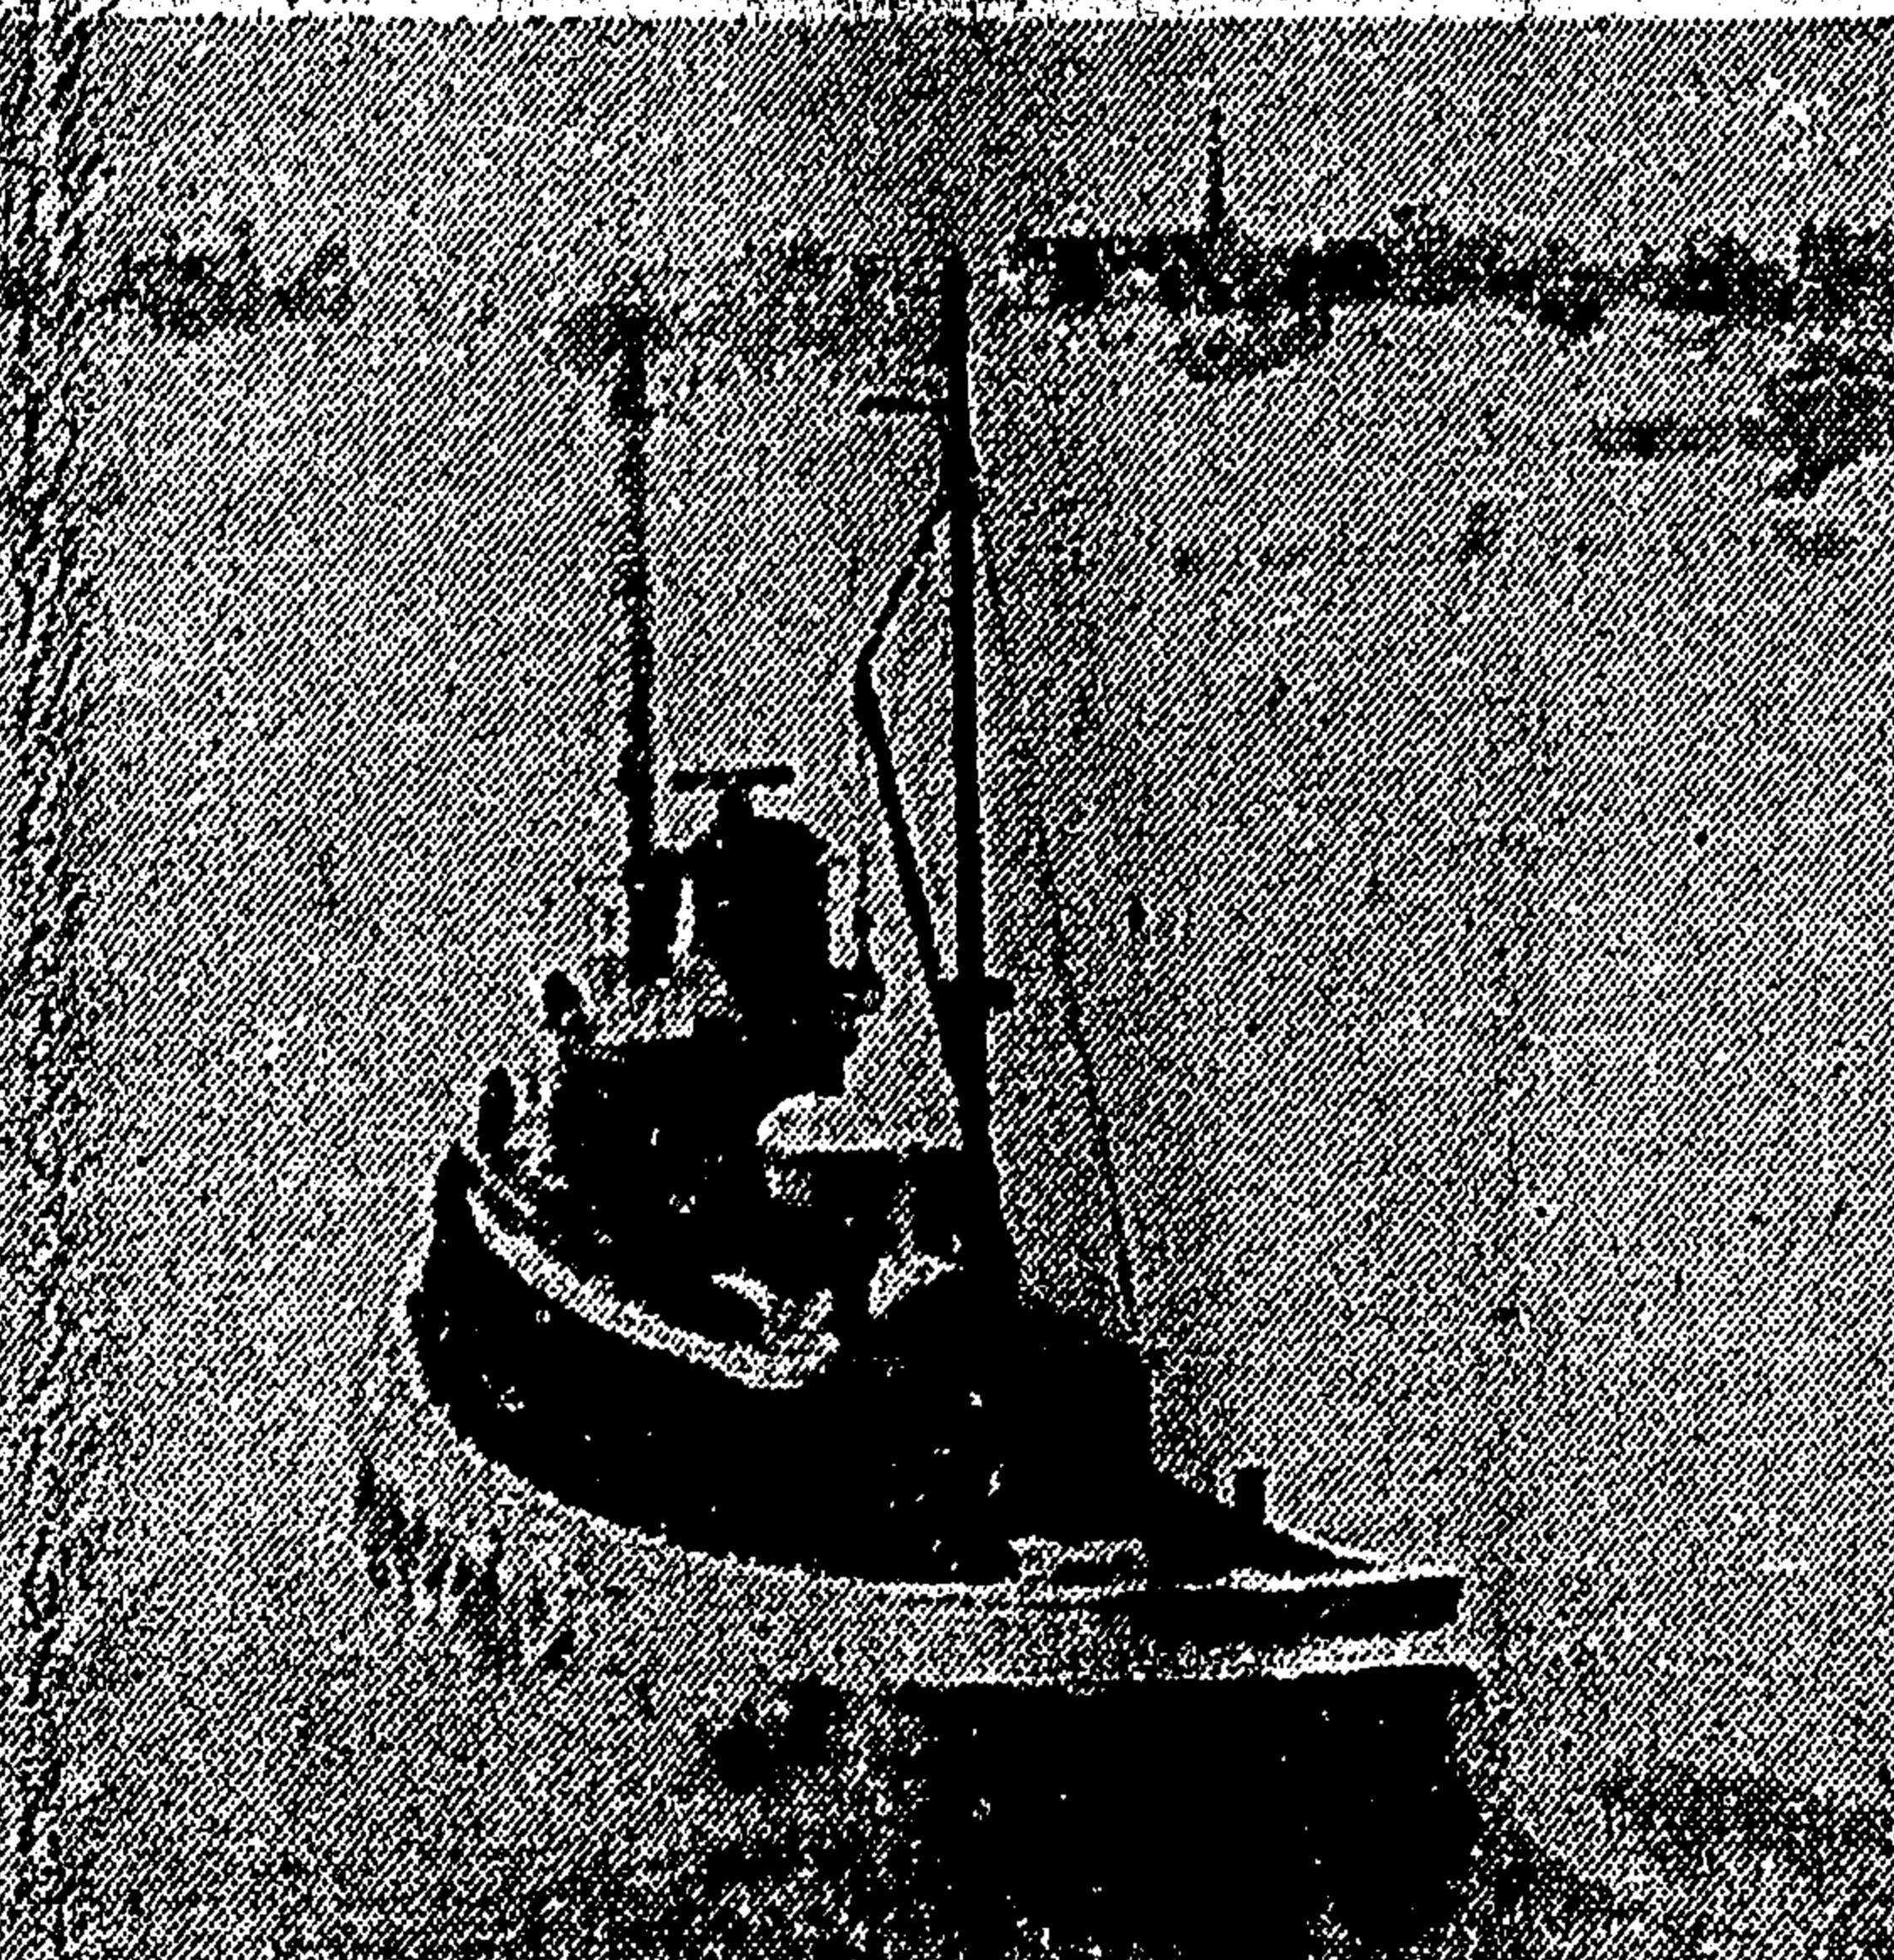

The toll was the lowest of the year and well below that of most weekends as only three provinces—Quebec, Ontario and Nova Scotia—reported fatalities in a Canadian Press survey from 6 p.m. local time Friday to mid-night Sunday.

It showed at least four persons died needlessly in Ontario, two in traffic and one another traffic fatality in Nova Scotia.

The rest of the provinces—British Columbia, Alberta, Saskatchewan, Manitoba, New Brunswick, Prince Edward Island and Newfoundland—reported no fatalities.

### The Weather

Mostly clear and continuing cold today and Tuesday. Light winds except locally northerly 20 down mainland inlets. Low tonight and high Thursday at Port Hardy and Sandspit 25 and 35. Prince Rupert 20 and 30.

THE TUG OCEAN HAWK steams through mist-filled Saint John, New Brunswick, harbor during search operations for a pilot boat missing with seven men aboard in the Bay of Fundy. The pilot boat, carrying three of the seaport's 11 qualified pilots, disappeared in the bay after a collision with a freighter. A preliminary inquiry into the collision was held at Saint John. The mist in this photo, caused by cold air meeting the comparatively warm water, hampered the search for the pilot boat. (CP Photo).

### PLACE SECOND

## City Cagers Capture Trophies at Turney

An exhausted Prince Rupert All-Star squad missed capturing the International basketball tournament title by three points Saturday night but managed to collect the lion's share of trophies at the three-day event in Ketchikan, Alaska.

The Prince Rupert aggregation lost 46-43 to a well-rested Sitka team in a thrills-packed fixture witnessed by more than 1,300 persons in the Ketchikan High school gym.

It was Rupert's third game of the day. Earlier they had defeated Ketchikan Rockets 50-41 and Metlakatla 43-32.

In collecting three trophies of the eight awarded, Prince Rupert's All-Stars did better than any of the other five teams taking part in the tournament.

Terry Shenton and Ray Spring, top Prince Rupert point-getters, both received trophies for being the most valuable All-Star forwards.

Doug Sankey was presented with a cup for being the most sportsmanlike player in the tournament.

Assistant-coach John Dumas said today that "determination won for the Prince Rupert team."

The International tourney, sponsored by the Ketchikan Junior Chamber of Commerce, was such a success both financially and in support, that it has been decided to make it an annual event, Mr. Dumas said.

He said the Rupert squad had been treated royally in Ketchikan and given "a wonderful time."

Doug Sankey was presented with a cup for being the most sportsmanlike player in the tournament.

Assistant-coach John Dumas said today that "determination won for the Prince Rupert team."

The teachers pondered "Walkout As Means To Get Justice"

VANCOUVER (CP) — An official of the B.C. Teachers Federation said Saturday the province's 4,482 secondary and elementary teachers "are beginning to wonder if forceful action is the only way they're going to get justice."

C. D. Evans, association general secretary, said that "when teachers compare their wages to those paid skilled tradesmen in the employ of school boards, the boards say we have to pay the salaries to skilled tradesmen."

Mr. Evans was commenting on a charge by Vancouver school board chairman Rog Atherton that teachers are "using trade union tactics against us while claiming professional status."

Members of the Vancouver elementary teachers association earlier considered, but did not act on, a motion proposing a mass walkout to back pay demands.

"It's not just Vancouver," Mr. Evans commented. "All B.C. teachers are seething with discontent over the salary question. It's building up to a climax when you got a conservative group like Vancouver elementary teachers talking about mass resignation."

### Cabinet Cuts Jail Term Of Parents

VANCOUVER (CP) — Six-month sentence of a Port Edward couple for child neglect has been reduced by more than four months by the provincial court.

The couple, Mr. and Mrs. Gordon A. McKinley, who were sent to Oakalla Prison Farm, were sentenced November 27 in Prince Rupert by stipendiary magistrate H. T. Glancy. RCMP told the court at that time that the couple had gone into Prince Rupert leaving their six children unattended in Port Edward.

Glancy said the couple were "Rock of Ages" and "What a Friend We Have in Jesus."

Burial followed in Fairview Cemetery.

## Deal To Emerge From Coming Talks

By ADRIAN BALL

LONDON (Reuters)—A new arms partnership between Britain and the United States is forecast by British newspaper defence experts.

They predict the deal will emerge from talks beginning in Washington Jan. 28 between Defence Minister Duncan Sandy and members of the Eisenhower administration.

The Daily Herald's military correspondent comments: "A new deal in Anglo-American military co-operation is coming."

"Washington nervous about hard-up Britain slashing millions off defence is about to offer a new partnership of weapon exchange and development almost as close as we had in wartime."

The Labour Herald's writer says he understands Sandy "will be offered the latest United States guided missiles on a scale which could lead to the virtual suspension of the costly British guided weapon program."

"But not the research. The plan is for British guided missile experts to be integrated into American research just as British experts went to America during the war to work on the development of the Atomic bomb."

The Conservative Daily Mail's defence writer says Sandy is likely to be offered two American operational ground-to-air missiles. They are the Talus, a 1,500-mile-an-hour missile with a range of more than 100 miles and an altitude beyond that of conventional operational services in the Royal Air Force, and the Nike, of lesser performance.

U.S. defence chiefs, The Daily Mail writer adds, also are expected to raise with Sandy the question of basing a squadron of giant B-52 H-bombers in Britain."

The Liberal News Chronicle's defence correspondence reports a plan for atomic missiles to be shared by Britain and the U.S. will be suggested by Sandy.

"... Mr. Sandy will offer the benefit of our research in return for supplies of current United States missiles."

The school is closed, but Father Durand continued to hold regular church services.

Not only the Indian children were succumbing to the disease; two of the three white children there have been effected.

First case of the disease was discovered December 20.

"There was no way to know just how serious the outbreak was," said Miss Alken, 25, of Dublin, Ireland, who has been in Canada only two years. "When the first case was brought to our attention we began to check and found that 10 youngsters had the
