Hungry bears moving

into populated areas

CAMPBELL RIVER (CP) — Provincial game biologist Don Robinson has issued a warning that hungry bears are moving into populated areas searching for food.

Village works foreman Henry Davis shot and killed a large black male bear only 100 yards from his home during the weekend. Mr. Robinson said bears do not normally attack anyone, but he cautioned persons not to approach them.

Canada is flourishing under free enterprise and so, naturally, is the life insurance business. In fact, Canadians prize the guaranteed security of Life Insurance so highly that, in relation to national income, they lead the world in ownership of this valuable property.

Competition in the life insurance business assures the utmost benefit to Canadians who buy this important product. They can choose, at will, from policies offered by over eighty companies in this country before signing on the dotted line.

To reach a wise decision they are able to draw on the experience and knowledge of exceptionally welltrained life insurance agents. These company representatives analyze family requirements and resources very carefully and offer practical plans to meet individual requirements.

Because of this good and useful service, Canadians are continuing to acquire more life insurance every
