## fabulous Irishman

WHEN Robert Briscoe visited Massachusetts as Lord Mayor of Dublin—a position in which he has since been replaced after being the first Jew to hold that high office in Dublin's history—a breakfast was held in his honor at which a Father Manton offered the invocation. The text of this invocation has just appeared in The Station Book, and because of its humor and truth, we take the occasion to reprint it below:

"Almight God, Our Good and Gracious Father, we find ourselves a bit bewildered this morning. You know that the first President of the Irish Republic was a Protestant; the present Lord Mayor of Dublin ista Jew; the Lakes of Killarney belong to a Yank and the historians keep hissing in our ears that St. Patrick was a Frenchman.

"Help us this morning to hold high the brimming cup of hospitality to a good and great man and to greet him not as a stranger but as a treasured friend. And while he is over here, make him in the best sense of the word a fair-weather friend, with none of those "soft" days they sometimes have in Ineland, where, of course, it never really rains those are only silver harp strings coming downjust a few drops of holy water sprinkled on the windshield. Deign to give him serene and mellow weather so that he will go back as bright and fresh as the colors in the Book of Kells:

"And, dear God, stay the man up with monumental patience as he heroically endures a hundred toastmasters who will gaily imagine that the very fillings in their teeth are fragments of the Blarney Stone, as they ring all the obvious changes on a Jewish Mayor of Dublin. Help the poor man not to be 'hanquet weary' of all these glib attempts to paint a green beard on Moses, or by the end he will be seeing little Lepra Cohens.

"Deliver him, O Lord, this real Irishman who risked his life for the land he loved, from any professional Irishman with an angle. There are mercifully very few, but spare him from these, the sham shamrocks, the bogus bog-trotters, the synthetic Sinn Feiners and especially the psycho-Patricks who love too loudly through a grea base an Ireland that never was.

"Instead, let him meet our wonderful best, the many genuine practical people who appreciate that the purpose of this trip is not merely the wearin' of the green, but the sharin' of the green, by touring in Ireland and by trading with Ireland.

Fmally, dear God, bless this man, our friend, and this meal, our food, and today let this blessing come down even on the English muffins and the brange juice, so that having broken our fast at the top of the mornin' we may rise thanking You from the bottom of our hearts, Amen."

OVERPOWERED - Something has to give when a truck and a car collide, and in Troy, N.Y., this sedan came out second best, squashed under a heavy dump truck. The accident occurred when the car, unoccupied, rolled back down a driveway into the path of the truck, which rolled right over the smaller vehicle, coming to rest with its front wheel inside the car's trunk.
