Playing Routine, Textbook Manner Unsuccessful Against Experienced Playerla

Playing against players who are better than you the Beverly Hills hotel, where and with her hair in curlers. he showered, shaved and dressleads and plays which are out of the ordinary and ed before dashing off to MGM. which are inclined to put your opponents on the spot from a printed report that his for a crucial decision early in the hand.

If you play in a completely | South dealer routine, texbook manner, your Neither side vulnerable more skillful and more experienced opponents will probably outplay you in the long run. But even the great Mr. Champion, for example, cannot see through the backs of the cards and, i. put to a tough guess early, is just as likely to guess wrong as anyone else.

Of course every hand will not) lend itself to this treatment and I am not recommending that you throw all caution to the winds and lead any card at random in the desperate hope that 'some-' thing will happen." You've still got to pick your spots.

In today's hand it was Mr. Dale's opening lead. Before telling you, his choice, look at Mr. tract? I think you will agree, "So far the domestic take has the answer is no. Mr. Champion been \$16,000,000. On this basis, knew it was possible but he dehas just one spade loser.

But Mr. Dale's opening was He went up with dummy's king ing in the foreign field. It has the ace of spades. He followed up with the deuce of spades and Mr. Champion had a hard the contract was down one. decision to make at trick two. Is it common to lead the ace from A Q 2 against a suit con-
