CITY COUNCIL BRIEFS

Need for City Hall stressed at council

City will soon resume negotiations with the Federal Government in order to expedite the proposed sale of the Federal Building to the city for use as city hall.

City Council last night accepted a recommendation by the committee of the whole empowering Mayor Peter J. Lester and City Clerk-Comptroller R. W. Long to take up official negotiations.

The committee's recommendation was made with a special view towards obtaining a new lock-up.

"It is obvious that the present jail facilities are quite inadequate," the report stated.

The new proposed city hall would also accommodate RCMP headquarters if the project materializes.

Alderman R. G. Large reported for the finance committee land-sales totalling $595.

Fire Chief Earl W. Becker was granted permission to attend the Fire Chiefs' College to be held in Kelowna August 26 to August 29.

A temporary garage for the city ambulance will be built in front of the fire hall. Council, in making the decision, approved a recommendation by the utility committee.

Alderman Darrow Gomez reported for the licencing committee approval of following trade licences:

Joseph Centro, Inlander Hotel, as taxi operator; and Harry S. Ward, of Prince Rupert, for retail sales in rockgas and appliances.

Council acknowledged a report by the health committee that Mr. R. Rondelet has been appointed sanitary inspector and milk inspector in addition to R. G. Scott, senior inspector at Skeena Health Unit.

A safety island and centre divider will be erected on the corner of McBride Street and Third Avenue. Alderman A. Donald Ritchie, reporting for the street and traffic committee, said that work would start at the earliest opportunity.

City Clerk-Comptroller R. W. Long has been instructed by the traffic committee to ask the Department of Highways for installation of a stop sign on the south side of Eleventh Avenue at Conrad Street.

Council accepted a $16,518.60 bid by Canadian General Electric Company Limited for supplying a 4,600 foot submarine power cable to link Digby Island with the city. A second recommendation by a special purchasing committee that a $8,247.80 tender by Canada Wire and Cable Company for 4,600 feet of 100-pair telephone cable be accepted was acknowledged by council under condition that it be given further consideration.

Alderman A. Donald Ritchie told council he felt it would be more advisable to purchase two 50-pair cables.

Ald. Ritchie contended that two cables in different locations would exclude the possibility of a complete line disruption if a dragging anchor or other object broke one of the lines.

The NCO in charge of RCMP city detachment will be given full power to call on any assistance from city services whenever he feels the occasion warrants it. This power was given by council to RCMP last night upon recommendation by the committee of the whole.

Premier W. A. C. Bennett has sent the mayor a letter of thanks for "all the courtesies shown my colleagues and myself" during a recent cabinet visit to the city. The letter was read to council last night.

A request by Philpott, Evitt and Company Limited for use of the city's powder magazine was referred to the Superintendent of Works for report to council.

Alderman Norman Bellis was granted leave of absence retroactive from August 7 to August 14. Alderman Darrow Gomez was also granted leave of absence from August 18 to September 8.

The Cow Bay wharf owned by F. E. Hunt Limited was declared "unsafe" by council. The owner will be sent an ultimatum asking for satisfactory repairs within 30 days.

The annual convention of the Union of B.C. Municipalities, to be held September 24 to September 26 in Nanaimo, will be attended by Mayor Lester, Clerk-Comptroller Long, and Aldermen Large, Ritchie, Bellis and Kay Smith.

Alderman Bellis was nominated to attend the Provincial Civil Defence orientation course September 23 at Nanaimo.

Superintendent of Works Carl Gustafson told council that the Beach Place sewer project has been about 60 per cent completed, and that cost up to this point is in line with progress.

THE CORPORATION OF THE CITY OF PRINCE RUPERT VOTERS' LIST 1959

Resident-Electors, Tenant-Electors and Corporations

Under the provisions of the "Municipal Act" resident-electors and tenant-electors may be placed on the Voters' List, provided the necessary declaration is filed with the City Clerk.

A resident-elector is a person who is a British subject of the full age of 21 years and who is a resident and has resided continuously for not less than six months within the City of Prince Rupert immediately prior to the submission of the declaration provided for in Section 33 of the "Municipal Act" and whose name is not entered on the list as an owner-elector.

A tenant-elector is a person who is a British subject of the full age of 21 years and who is and has been continuously for not less than six months immediately prior to the submission of the declaration provided for in Section 33 of the "Municipal Act" a tenant in occupation of real property within the City of Prince Rupert and whose name is not entered on the list as an owner-elector or a resident-elector.

A corporation may qualify as a tenant-elector and file the necessary declaration. Corporations which are property owners in the City of Prince Rupert may be place on the voters' list provided they file a written authorization naming a person 21 years of age or over who is a British subject to be its agent to vote on behalf of the corporation; such authorization shall be filed with the Clerk not later than the 30th day of September in the year in which the list is certified and remains in force until revoked or replaced by the corporation.

Declaration forms are obtainable from the City Clerk's Office, City Hall, Prince Rupert, B.C.

All declarations must be delivered to the City Clerk before five (5) o'clock in the afternoon of the thirtieth (30) day of September, 1958.

City Hall,
Prince Rupert, B.C.
August 1st, 1958.

D. N. WILSON,
Acting City Clerk.

Francois Lake news

By AGNES H. NEAVE
Daily News Correspondent

The Partington family, Mrs. John Keefe and we Neaves went to the Anglican Church service and picnic on Sunday evening held at Mr. and Mrs. Ted Wright's summer home on Tchesinkut Lake. An unexpected visitor at the last minute made us a little late and the service had started before we arrived. It was held under the trees in a lovely little clearing overlooking the lake, with our minister Rev. John Frame officiating, and Mrs. Snowden played the little portable organ for the hymn singing. After the hot day the air was cooling [illegible] and it was very pleasant to relax and hear the familiar scripture reading in the open. As soon as the service was over the children ran down to the lakeshore and wharf, and were soon playing in the water and having a delightful time. Several of the older folk went for a swim and found the water warm enough to be pleasant.

When it began to get dusk a campfire was lighted. It had been prepared ready, with a ring of rocks round the outside edge to make it safe, and the sparks flew up and lost themselves in the green branches of the overhanding trees. A match was also put to the fire in the handsome rock barbecue and before long Ted Wright emerged from the cottage looking very businesslike wearing a white chef's hat and a large white apron over his suit, and oven gloves on his hands. He stood for a minute or so and pretended to play the bagpipes, using the gloves for the pipes, to the amusement of the children as well as the grown-ups. When we were coming home late I asked our seven year old grandson Richard what he enjoyed most of all. I quite expected him to say "lunch", but instead he said "I liked it when the funny man played a tune on his gloves!" The Burns Lake members of the congregation arranged for and provided the food for the party and it was delicious, starting off with hot dogs and friend onions (done to a turn on the barbecue) colddrinks, tea and coffe, delicious cakes and cookies, and to top off the meal a drum of ice cream was passed out in cones. I heard one "smallish" girl remark that she had eaten six hot dogs and would have liked more but her mother thought she'd had enough. As it had grown dark a lantern was hung on a tree and the fire replenished and led by the music of a mouth-organ we sang songs and rounds until after 11 o'clock and the children were getting drowsy. "For They Are Jolly Good Fellows" was sung for Mr. and Mrs. Ted Wright who were thanked for what they had done towards making the evening such a happy one, also the Burns Lake ladies for their part of the party. It took some time to untangle the cars from their parking spots amongst the trees, and get started off on the trail for home. More than 80 were there, and all left with most happy memories of a delightful affair.

Miniature train ride starts runs Thursday

A miniature train ride for children that has been set up in the rear portion of McClymont Park will begin operating at 2 p.m. Thursday, Morris Dean, president of the Road Eagles Club, reported today.

The train was at one time in operation behind the Civic Centre and has been in storage for six years.

Mr. Dean said the train will operate from 2 p.m. to 4 p.m. daily and is for children up to the age of 12 years old. He said in order to maintain the operation of the train a fee of five cents per ride will be charged. The ride will be two rounds of the track.

Thomas Dahl, mechanical engineer for the Department of Fisheries assisted the Road Eagles Club in putting the train back into operating condition.

Women of Moose News

Mrs. Frank Hanlon and Mrs. Alfred McIntosh were welcomed into the Defending circle of the Women of the Moose Wednesday night when the Chapter held its regular meeting in the Moose Temple.

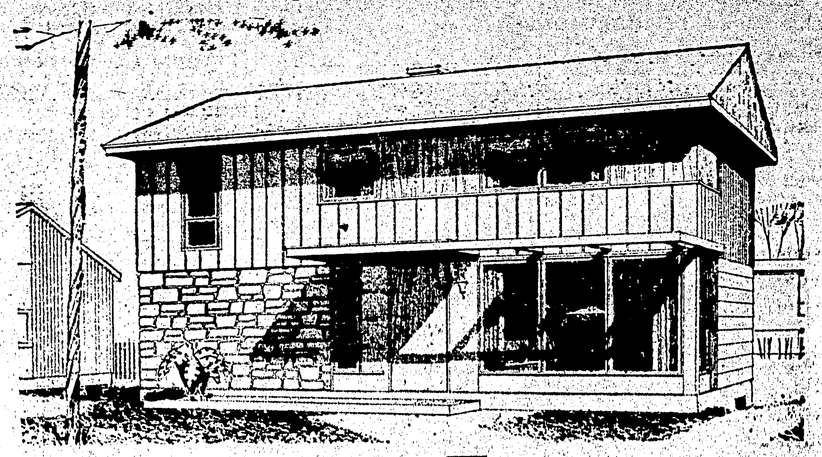
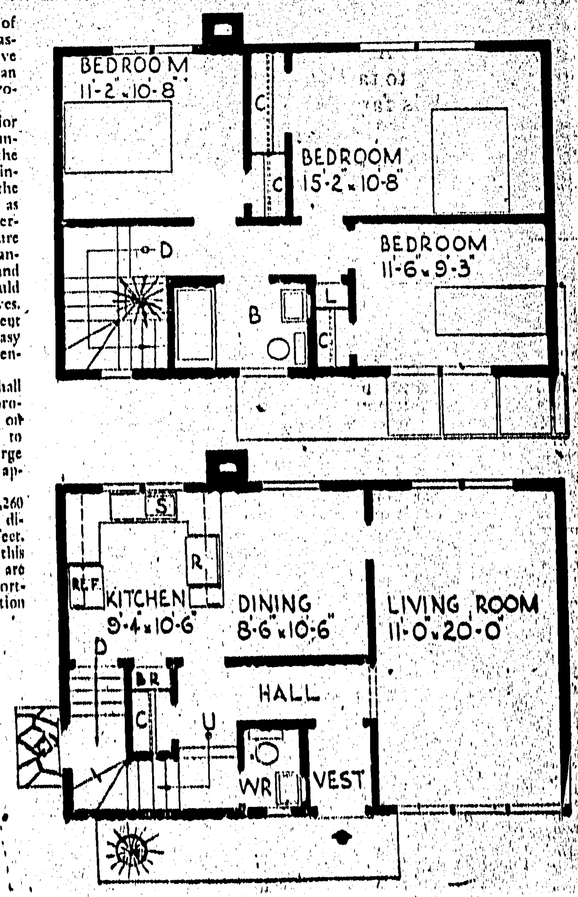
Well-Planned Two-Storey Features Large Living Room



Architect P. M. Beauvais, of Montreal, has combined a pleasing exterior with an attractive and well laid out interior plan in this three-bedroom, two-storey house.

A highlight of the interior plan is a large living room running the complete length of the house. The popular corner window arrangement enhances the exterior appearance as well as providing a well-lighted cheerful living room. Another feature of the house is the open planning between the kitchen and the dining room which should prove popular with housewives. In addition there is a convenient U-shaped working area and easy access to the side service entrance.

The architect has kept hall space to a minimum and provided for a handy washroom on the ground floor in addition to the upstairs bathroom. The large master bedroom is another appealing point.


The total floor area is 1,360 square feet and the exterior dimensions are 30 feet by 21 feet. Working drawings for this house, known as design 524, are available from Central Mortgage and Housing Corporation at minimum cost.
