Teacup reading tops bazaar attractions

Women who "like" to take a peek into the future" will have an opportunity to do so, tomorrow afternoon when the Women's auxiliary to the United Fishermen and Allied Workers Union, features teacup reading at its annual fall bazaar and tea.

Christmas party on December | SERVED

Conveners for the bazaar, to arranged in an autumn theme, are Mrs. Nels Nelson and Mrs. Frederick Chaprun. A bride's doll with a 20-piece ensemble will be the main raffle attraction, while a large array of prizes will be displayed on all the booths.

Besides the tea room there will be a decorative table of pre-Christmas food itmes, such as Christmas cakes, shortbread and cranberry sauce.

The event will also feature a package counter and a white elephant stall.

whiskies, each

with its own dis-

KNOW! Time again for the weekly sermon on "Why you should buy Plymouths, Chryslers and Volkswagens" Don't enjoy this preaching all the time yet have that missionary zeal which

prompts the suggestion that

you take everything I have to say about automobiles seriously. If you ask Wilf Humpherville of 201 11th Avenue East how he likes his '59 Plymouth Fury you'll save me a lot of chatter. It's commonly known that the best salesman a firm can have is its customers so why don't you ask Wilf before you do anything about a new car this year.

And by the way if you are one of those that feels self conscious because you don't drive a Plymouth, don't let that stop you from dropping in to see Dick or myself some evening and we'll put your mind at ease and put you into a new car at the same time. We're

doing it every day. SCOOP—First sign of life in the now nearing Civic Election campaign will see Ex Mayor George Hills looking for an alderman's chair and Ex Alderman, Jim Prusky seeking another chance. Was thinking of taking a fling at it myself but both the above gentlemen drive Plymouths so how am I going

to campaign against them! And in my opinion Mr. Lee Briggs self promoted expert on everything in Provincial Affairs from Power Tariffs to Toilet Tissue is proving one thing quite conclusively-there must be a definite shortage of beds in our government rest

homes! On second thought why don't we invite Briggs up to speak to some of us—he's bound to have the answer to the Cannery

Attention Kinsmen! Suggestions herein of a week ago regarding Springhill have borne little fruit and see you are having a Giant Bingo to help the Kiddies. Why not help the kiddies of Springhill this time -they probably need help as

much as anyone about now. So this week we welcome back to live with us once more W. F. "Bill" Stone and family and John "Boomerang" Must of CBC. Prior to John's departare from our airwaves not too long ago he made oh so many speeches about how sad he was about leaving and now it looks

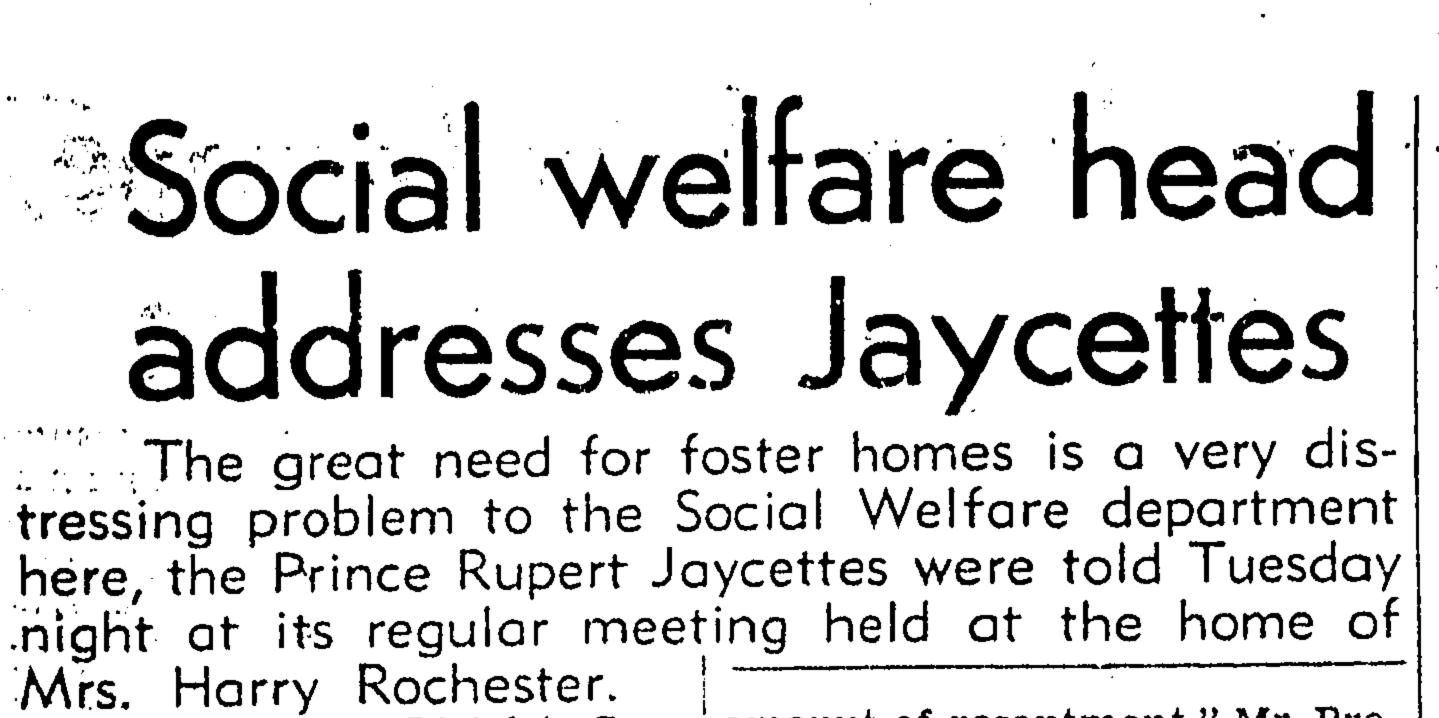

as though be meant it. 'As far as Bill is concerned, he never really left for good. Anyhody that leaves here to go to Kitimat is bound to come back! Nice to have you with us gentlemen.

If there is a Volkswagen in your horoscope you'll be well advised to check with us about deliveries for Nmas Tree time. We have had one shipment this week already and have one only left. We do however expect a few more units shortly so things are tooking up for us. See Dick Long or yours truly about more details and always remember, WE TAKE TRADES-fact is WE TAKE TRADES.

If Mrs. Agnes Pierce of 1941 Graham Avenue drops in to see either myself this coming week she can pick up two Spaghettl Dinners at the Home of Italian Poods, the In Gondola Cafe. No she doesn't have to eat both dinners herself-she can bring Dad along to bely.

And that's it for today, If vou have any troubles outside to the automobile field see your family doctor immediately. If its car trouble you're having eall Rupert Motors-T'm there most of the time.

Cash for old Gold. Bulgers Gerry James announces plans

Varsatile Winnipeg Blue Bomber Garry James has disclosed his plans for the winter season. 'No change,' said Gerry, 'I'm relying on "Prestono" Brand Anti-Freeze, just as I did last year. I know I can depend on "Prestone" Anti-Preeze to protect me from freezeups, rust, clogging and corresion in my car's cooling system."

You can depend on "Prestone" Brand Anti-Freeze, too. Its magnetic film coats overy rubber and metal part of your car's cooling system -- protects against the worst that winter can do! Insist on "Prestone" Brand Anti-Freezo and you'll get it. Look for the Green Tag on your radiator that assures you of complete winter protection-"'Prestone" Brand Anti-Franze protection, massis
