This is how to recognize a forcing pass. Your side has been! bidding vigorously and it is clear! that you hold substantially more in high cards than the opposition. You and your partner know that you are headed for a good_sized profit.

As the auction progresses, an, opponent puts in a bid which] (can be, spotted as an attempted) sacrifice. What to do?

If you feel certain you have , the right answer, go ahead and! double or bid further in your) own agreed suit, as the makeup fof your hand warrants, (If you are in doubt, however, there is: no need to guess. Simply pass | and leave it up to your partner.

It would be absurd for him to pass in this situation. He knows his side has control of the hand. If he feets it would be dangerous to bid further he must double regardless of his holding in the opponents' bid

In today's hand Mr. Dale knew five spades could be defeated. But a double by him would have been something of a warning to this partner that he considered à esuccessful heart slam unlikely, He passed and Mr. Masters, 1 (holding a singleton spade, decid=) ed to go on to six hearts.
