#### Medical research aims at a longer, happier life for you and your children

Thanks to untiring research, many dangerous diseases are under control today. A number of other "killers", however, are still unsolved problems.

In the over-all research effort being made to solve them, the medical schools of Canadian universities are playing an important part.

To help strengthen and develop their research programs, the Life Insurance Companies in Canada are providing research Fellowships to these universities, every year.

Fellowships are awarded to graduates who have been appointed to teaching or research staffs of Canadian medical schools. During the past nine years 107 Followships of this nature, amounting to half a million dollars, have been granted.

This is just one of the many ways in which the Life Insurance Companies in Canada are helping to further the progress of medical science in this country and to promote a happier, healthier life for overyone.

THE LIFE INSURANCE COMPANIES IN CANADA
